47	DIVISION OF INDUSTRIAL ACCIDENTS						
48							
49	Analysis						
50							
51	The Industrial Accident Commission when exercising judicial functions is responsible for the adjudication of cases arising under the						
52	Workmen's Compensation Law.						
53	This budget includes the district offices now in operation at San Diego and Sacramento. Two clerks are proposed, one for each office,						
54	however the entire district office operation will be reviewed before these positions are established.						
55	The only program change is the addition of a Compensation Insurance Representative and a clerk to determine the feasibility of using						
56	this class of position on the processing of compromises and releases and the possibility of reducing the number of formal hearings						
57	by screening the applications.						
58	The balance of the positions are proposed on a work load basis. This includes two referees, two hearing reporters, two stenographers,						
59	two clerks each for the compensation clerical units in Los Angeles and San Francisco, one rating specialist and one clerk						
60	for the Permanent Disability Rating Bureau, and \$10,224 for part time medical officers to provide the same level of medical service						
61	in the district offices as now given at the main offices.						
62	Funds for rent, additional equipment, and part, of the part time medical officer's time are provided in this budget for two additional						
63	district offices should they be established during the 1953-54 Fiscal Year.

50	DIVISION OF INDUSTRIAL SAFETY						
51	Analysis						
52	The Division of Industrial Safety is vested with supervisory and jurisdictional responsibilities necessary for the protection of employees						
53	from injuries connected with or arising out of their employment. The division administers laws pertaining to safety, issues safety						
54	orders, investigates and studies causes of industrial injuries, prepares and distributes information on prevention of accidents, and						
55	makes inspections of places of employment for compliance with minimum standards for safety.						
56	This budget proposes two additional industrial, two construction, and one electrical safety engineers, one industrial hygiene engineer,						
57	and three clerical positions for work incident to the additional engineers. These positions combine elements of both work load and						
58	program changes.						
59	The industrial hygiene engineer is of paramount importance to the occupational health program as it will supervise and direct the						
60	division's efforts in the Los Angeles area to the end that a geographically balanced program will be attained as well as a greater						
61	degree of coordination with the Bureau of Adult Health in the Department of Public Health.						
62	The industrial safety engineers are to be stationed at Chico and Willits to develop a continuing safety program in one of our most						
63	hazardous occupations, lumbering and logging.						
64	Two construction safety engineers are proposed to attempt to make one job inspection visit annually to each construction contractor.						
65	The electrical safety engineer is to be stationed at Fresno to achieve uniform enforcement of the Electrical Safety Orders in the San						
66	Joaquin Valley.

15	DIVISION OF LABOR LAW ENFORCEMENT						
16	Analysis						
17	Responsible for the administration and enforcement of labor laws not specifically under the jurisdiction of other state agencies. Among						
18	these are laws relating to payment of wages, child labor laws, laws regulating private employment agencies, laws relating to venti-						
19	lation and sanitary conditions of places of employment, weekly day of rest law, public works law, etc.						
20	This budget proposes both program and workload expansions. The program changes include a new office and an additional clerk at Eureka						
21	to provide better and more efficient service, an investigator at Fresno to intensify investigation of farm labor contractors in the San						
22	Joaquin Valley, and a limited term half-time deputy labor commissioner for the purpose of compiling an up to date administrative						
23	manual.						
24	The balance of the additions are attributable to workload changes. These include a clerk for employment agency controversies in Lo						
25	Angeles, one clerk for the San Francisco licensing office and one-half time clerk at the Fresno field office.						
26	SALARIES AND WAGES

11	<b>DIVISION OF HOUSING</b>						
12	<b>Analysis</b>						
13	The work of this division includes the administration and enforcement of laws relating to hotels, apartment houses, dwellings, auto courts, resorts, motels and labor and trailer camps. The division disseminates information regarding housing and construction to owners, architects, builders, and the general public and also investigates reports of substandard housing conditions throughout the State.						
14	This budget includes two inspectors for the inspection of housing facilities at labor camps, necessary to carry out the provisions of the Mexican Labor Agreement.

1	DIVISION OF LABOR STATISTICS AND RESEARCH						
2	Analysis						
3	This division collects and compiles facts and statistics relative to the condition of labor in the State; publishes monthly statistics of						
4	employment, and, in cooperation with the Department of Employment, prepares monthly estimates and forecasts on civilian em-						
5	ployment and unemployment within the State. It works in conjunction with other state agencies and the U. S. Bureau of Labor						
6	Statistics in the collection and presentation of this data. The division makes studies and investigations in the field of industrial						
7	relations. It compiles statistics of industrial accidents for use in accident prevention work; administrative statistics for the Indus-						
8	trial Accident Commission and performs similar services for other divisions of the department. All new factories are required by law						
9	to be registered with the division.						
10	An additional account clerk is proposed to be used in the compilation of administrative statistics. These statistics have undergone con-						
11	siderable refinement in recent years with no additions to the staff for that purpose.

## OFFICE OF FIRE MARSHAL

Enforces state fire prevention laws and regulations in the unincorporated areas of the State and assists the local authorities in the enforcement of state laws and regulations inside the corporate cities upon the request of the fire chief or the local government. Scope of work includes: general fire prevention, hospital inspections, flammable materials act enforcement, schools and night clubs, and inspections of state institutions.

Headquarters at Sacramento

14					<b>(9.9%)</b>
15					
16	<b>GENERAL ANALYSIS</b>				
17					
18	Number of positions	45	45.5	48.5	3
19					
20	Three additional Deputy State Fire Marshal positions are required because of the heavy increase in population in recent years which has resulted in an increase in work load, especially in the inspection and survey of schools, public assemblages, and welfare institutions.				
21					
22	SALARIES AND WAGES: The increase of \$16,719 is primarily due to the cost of the three proposed new deputy fire marshal positions.				
23					
24	OPERATING EXPENSES: The \$2,690 increase is principally due to expenses related to the three proposed new positions, such as traveling, automobile operation, and postage.				
25					
26	EQUIPMENT: The amount of \$10,936 requested is \$641 for files, a table, and miscellaneous small items under office additional; \$695 for 4 stenographer posture chairs, 2 typewriters and 3 films under office replacement; \$3,200 for 2 new automobiles; \$6,300 for replacement of 6 automobiles which will attain 100,000 miles during 1953-54; and \$100 for miscellaneous additional laboratory equipment.				
27					
28	The following is a functional analysis of the agency's expenditures for comparative years:				
29					
30					
31					
32	Public and private school inspections	\$61,834	\$66,986	\$73,619	\$6,633
33	Welfare institution inspections	33,375	36,156	39,736	3,580
34	Private mental hospital inspections	3,363	3,644	4,004	360
35	General and private hospital inspections	19,145	20,740	22,794	2,054
36	State institution fire protection and training	20,698	22,422	24,642	2,220

## Department of Investment

## DIVISION OF BANKING

Examines and supervises operating state banks and trust companies, grants or denies bank and branch applications and liquidates closed banks. Passes on legality of investments for savings banks and governs the deposit of securities with the State Treasurer by all trust departments and companies, both state and national, for the faithful performance of trust functions. Revenue is derived primarily from an assessment of banks not to exceed .01 percent of total resources less secured deposits and bills payable.

## GENERAL ANALYSIS

Number of positions..... 35.9 40.1 46 5.9

Provision is made for continuation of the previously authorized level of service with increases resulting from work load. The program involving examination of private trusts was not undertaken during the 1951-52 Fiscal Year due to difficulty in recruiting examiners and the urgent need for all available personnel on regular bank examinations. Two of the new positions are limited to June 30, 1954, pending determination of the actual work load in private trust examinations.

## WORK LOAD

	1948	1949	1950	1951	1952
June 30:					
Number of banks .....	115	117	107	116	121
Number of branches .....	185	194	198	213	221
Bank assets (thousands of dollars) .....	\$3,616,136	\$3,595,310	\$3,706,217	\$3,936,558	\$4,256,605
Bank loans (thousands of dollars) .....	\$1,063,509	\$1,140,930	\$1,258,307	\$1,576,000	\$1,647,540

**SALARIES AND WAGES:** The increase of \$29,647 is due primarily to the four additional examiner positions and two new clerical positions.

**OPERATING EXPENSES:** The increase of \$7,127 is due to provision for traveling expenses for the additional examiner positions and additional cost of printing and distributing the annual report which must include the listing of 10-year unclaimed bank deposits in the 1953-54 Fiscal Year.

**EQUIPMENT:** The amount of \$7,123 includes replacement of wornout office machines and furniture plus additional equipment for the new positions.

**REIMBURSEMENTS:** It is anticipated that the liquidation of banks now in process will be completed during the current year and therefore no reimbursements should be received in the 1953-54 Fiscal Year.

## GENERAL ANALYSIS

Number of positions..... 23.6 23.2 25 1.8

Provision is made for continuation of the existing level of service with the addition of one new examiner position based on increasing work load. Two limited term examiner positions are extended to permanent on the same basis.

	ACTUAL 1950	ACTUAL 1951	ACTUAL 1952	ESTIMATED 1953
WORK LOAD				
Number of building and loan associations, June 30 .....	113	114	118	122
Number of loans in force, December 31 .....	120,265	136,918	175,000 <sup>c</sup>	200,000

SALARIES AND WAGES: The increase is due to (1) the anticipation of the commissioner position being filled for the entire 1953-54 Fiscal Year, as compared to the vacancy in the past and current fiscal years, and (2) the proposed new examiner position.

OPERATING EXPENSES: The increase is due to additional costs related to the proposed new position and filling commissioner position.

EQUIPMENT: The amount of \$2,350 provides for replacement of one automobile, an additional duplicating machine, furniture for the proposed new position, and miscellaneous items.

## GENERAL ANALYSIS

Number of positions 185.7 190.7 202 11.3

Provision is made for continuation of the existing level of service. Increases result from additional work load caused by the continuing growth of the insurance business in California.

The principal increases are due to seven proposed new positions to handle increased work load in making financial examinations of insurers, two new positions to handle increased work load in the San Diego branch office, and one new clerical position to handle increases in connection with policy form analysis and processing of disputed policy claims.

WORK LOAD	ACTUAL 1950-51	ACTUAL 1951-52	ESTIMATED 1952-53	ESTIMATED 1953-54
Admitted insurers, December 31	686	692	700	705

## ADMINISTRATION DIVISION

## Analysis

This division handles the general administrative and staff functions of the department, including the direction of branch offices, actuarial work, and fiscal, personnel and office management services.

**SALARIES AND WAGES:** The increase is due primarily to the additional intermediate stenographer-clerk position proposed to handle increased stenographic work load in the San Diego office.

**OPERATING EXPENSES:** A decrease in total operating expenses results primarily from estimated completion of contractual attorney services in connection with litigation during the 1952-53 Fiscal Year.

**EQUIPMENT:** Major items are additional equipment for the new position, \$582; an addressing machine, \$1,731; and replacement of a worn-out postage meter mailing machine, \$1,074; dictating equipment, \$734; and a photo dryer, \$300.

SALARIES AND WAGES	SALARY RANGE		
Insurance Commissioner	1	1	1
Chief assistant insurance commissioner	0.4	1	1
Assistant insurance commissioner	1	1	1
Administrative service officer I	1	1	1
District representative	2	2	2
Chief actuary	1	1	1
Actuary	0.3	1	1
Supervising account clerk I	0.3	1	1
Bookkeeper II	0.7	-	-

<sup>a</sup> Composed of savings in salaries and wages, \$3,936; operating expenses, \$31,556; equipment, \$1,959; and excess reimbursements, \$1,677.

<sup>b</sup> Composed of savings in operating expenses, \$13,150; and equipment, \$153.

36	Totals, Rate Regulation Division				\$88,997	\$100,139	\$101,604
39	COMPLIANCE AND LEGAL DIVISION						
41	Analysis						
43	This division is responsible for the legal work of the department, including legal compliance of insurance companies, investigations, and disciplinary hearings. It grants authority to companies to do business in California; reviews and approves certain types of policy forms; makes investigations of licensees and license applicants to assure compliance with requirements; analyzes and adjusts disputed policy claims; makes legal preparations for hearings; acts for the department in hearings; renders legal advice to other divisions.						
49	SALARIES AND WAGES: The principal increase is caused by two additional positions needed to meet work load increases. One senior insurance investigator is requested to assist in performing the increased number of investigations necessary in the San Diego area. An additional intermediate typist-clerk is proposed to handle increased correspondence work load in the San Francisco office.						
53	EQUIPMENT: Major items include \$1,708 for furniture, dictating equipment and a typewriter for the new positions; \$2,449 for replacement of worn-out dictating and transcribing machines and other office equipment; \$1,405 for purchase of legal and other library reference books.

34	LICENSE DIVISION						
35	Analysis						
36							
37							
38	This division gives qualifying tests and issues licenses to insurance production agencies (life agents, insurance agents, brokers,						
39	solicitors, bail agents, bail permittees). It prepares training manuals, approves training courses, and compiles written tests for						
40	license applicants. License records are maintained and all changes in license status are processed in this division.						
41	The decrease is due to a nonrecurring expense in 1952-53 of purchasing initial supplies and employing temporary help for installa-						
42	tion of a revised system of filing license documents.

1	EXAMINATION AND FINANCIAL ANALYSIS DIVISION						
2	Analysis						
3							
4	This division examines the financial condition, policies, and procedures of insurers for the purpose of determining their solvency, financial status, and compliance with applicable laws. The Examination Bureau makes field examinations of insurers. The Financial Analysis Bureau audits financial statements, computes the gross premium tax and surplus line brokers' tax, prepares an annual statistical report, and answers inquiries regarding insurance companies.						
5	The increases result primarily from seven additional positions requested for increased work load.

GENERAL ANALYSIS

Number of positions ..... 100.5 110 118.5 8.5

Provision is made for continuation of the present level of service with additional deputy and clerical positions for increases in work load. One additional position of special representative is proposed to make studies of special problems pertaining to subdivisions, mutual water companies, sanitation, drainage and other related projects.

During the current year additional funds were provided for temporary help to assist in converting files to new type folders and to eliminate a backlog in filing license applications.

WORK LOAD	ACTUAL 1949-50	ACTUAL 1950-51	ACTUAL 1951-52	ESTIMATED 1952-53	ESTIMATED 1953-54
Number of licensees .....	90,455	94,429	98,361	103,200	108,400
License examination applicants .....	15,126	13,474	14,407	15,400	16,500
Subdivisions filed .....	1,878	1,680	1,750	2,000	2,000

SALARIES AND WAGES: The increase is due primarily to the proposed new positions.

OPERATING EXPENSES: The increase results from additional traveling, automobile operation and mileage expense directly related to the new positions; additional office space required for expansion; the cost of preparing an orientation film to be shown to license candidates; and provision for the cost of review of a new filing system which was installed under a contractual agreement executed during the 1951-52 Fiscal Year. A reduction results in filing system supplies due to completion of the major conversion during the current year and in repairs to Kardex files which is a nonrecurring item.

EQUIPMENT: The amount of \$11,098 provides for furniture and equipment for the proposed new positions, additional files for expansion of licenses and subdivision reports, film projection machines, legal books, a small contact printer, dictating equipment, and the replacement of two automobiles and worn out office furniture and machines.

13	Provision is made for continuation of the present level of service. The assistant executive secretary position, which was established January 1, 1952, to provide a training period in anticipation of the retirement of the executive secretary, is extended through the 1953-54 Fiscal Year on the basis of the present volume of work load. Provision is made for additional temporary clerical help to eliminate a backlog in the current year and continued at \$1,500 in the 1953-54 Fiscal Year.

## GENERAL ANALYSIS

61					
62	Number of positions-----	476.1	545.5	553.8	8.3
63					
64	The proposed program for the 1953-54 Fiscal Year is a continuation of the program authorized for the 1952-53 Fiscal Year. No new				
65	services are requested nor is there an expansion of current services				
66					
67	a Expenditures for this project are reflected in the budget for the Division of Civil Law effective in the 1953-54 Fiscal Year.				
68	b Expenditures for this project are reflected in the budget for the Division of Criminal Law and Enforcement effective in the 1952-53				
69	Fiscal Year.				
70	c Expenditures for the above project are reflected in the budget of the Division of State Lands and have been excluded from the totals				
71	of the budget of the Department of Justice. The amounts to be expended through the Department of Justice for legal services dur-				
72	ing the 1953-54 Fiscal Year has not been determined.

DIVISION OF CRIMINAL LAW AND ENFORCEMENT—Continued						
Bureau of Narcotic Enforcement						
Analysis						
This bureau enforces the provisions of the State Narcotic Act relative to use, sale, possession, or transportation of narcotics and harmful drugs.						
The only increase is to provide radio equipment for all automobiles engaged in field work. This amounts to an increase of \$2,750 in operating expenses and additional radio units costing \$10,200.

DEPARTMENT OF MENTAL HYGIENE—Continued

GENERAL ANALYSIS

The Department of Mental Hygiene's 1953-54 Fiscal Year budget for support operations provides a program for improved level of care in the mental hospitals and the mental defective homes, and includes the operation of a new institution at Porterville for mental defective patients, a maximum security institution at Atascadero, and the opening of receiving and treatment buildings at Napa and Stockton. Research projects included for continuation include the alcoholic (A. C. E.) project at Agnew State Hospital, and a sex crime research program at the Langley Porter Clinic. An expansion of the family care program is proposed for continuance and requires passage of a special bill to provide additional financing for this purpose in the 1952-53 Fiscal Year. Passage of a special bill is required to provide financing for the opening of the Porterville State Home for the reception of patients on May 1, 1953.

DEPARTMENTAL ADMINISTRATION, LANGLEY PORTER CLINIC, PSYCHIATRIC HOSPITAL CLINIC—LOS ANGELES, OUTPATIENT CLINICS

The analysis and expenditures for these agencies will be found under their respective budgets.

STATE HOSPITALS AND HOMES FOR MENTALLY DEFICIENT

In this group are the following:

- Seven state hospitals for the care of mental patients: Agnews, Camarillo, Mendocino, Napa, Norwalk, Patton, and Stockton.
- One new state hospital for the care of maximum security patients at Atascadero to be in operation April 1, 1954.
- Two institutions for the care of mentally defective patients: Pacific Colony, and Sonoma State Home.
- One new institution for the care of mentally defective patients at Porterville to be in operation May 1, 1953.
- Two hospitals for the care of both the mentally ill and mentally defective patients: DeWitt and Modesto.

These hospitals and homes provide hospitalization for the mentally ill, mentally defective, alcoholics, narcotic addicts, sexual psychopaths, and defective and psychopathic delinquents, with the emphasis being on treatment centers rather than merely custodial institutions.

POPULATION AND UNIT COSTS

	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
Average population -----	39,408	40,732	42,839	2,107
Average per capita costs -----	\$1,028	\$1,133	\$1,206	(5.2%) \$73 (6.4%)

In general, the total increase of \$5,531,389 (12 percent) over 1952-53 is the result of the following factors:

- (a) Population changes.
  - (b) Standards of allowance for proposed additional positions:
    - 1. Population and work load changes.
    - 2. Staff for the new facilities:
      - Atascadero State Hospital
      - Porterville State Home
      - Napa Receiving and Treatment Building
      - Stockton Receiving and Treatment Building
    - 3. Program changes for increased level of service, primarily in treatment through additional nursing, therapists, and culinary personnel.
    - 4. Extension of the alcoholic research team at Agnews for one year to complete the study.
  - (c) Price changes.
  - (d) Increased ration allowances for patients' food and therapy supplies.
  - (e) Need for replacement equipment and acquisition of additional equipment.
- The analysis and expenditures for Atascadero State Hospital and Porterville State Home will be found under their respective budgets. The following proposals are common to the institution budgets and are, therefore, discussed as groups rather than individually under each institution.

SALARIES AND WAGES: The increase of \$4,012,250 provides for the following 1,361 new positions at a cost of \$3,468,989.

Psychiatric Technician and Nursing Personnel

23 Senior psychiatric nurse -----	\$85,560
183 Psychiatric technician trainee -----	439,200
The senior psychiatric nurse and psychiatric technician personnel provide additional staff for the receiving and treatment buildings at Napa and Stockton.	
(a) Twelve senior psychiatric nurses and ninety-four psychiatric technician trainee positions are required in addition to the revised authorized staff of 156 to provide a total ward staffing of 262 for the Napa receiving and treatment building, the same number that is authorized for the comparable receiving and treatment building at Camarillo State Hospital. The Napa and Camarillo receiving and treatment buildings each have a capacity of 714 beds.	
(b) Eleven senior psychiatric nurses and eighty-nine psychiatric technician trainee positions are required in addition to the seventy-two existing authorized positions that will be reassigned to the Stockton receiving and treatment building as this unit replaces in part some of the old buildings such as the receiving, medical and surgical wards. The intensity of staffing of ward personnel is 2.7 in each of the receiving and treatment buildings located at Stockton, Napa, and Camarillo.	
Senior psychiatric nurse (replace 41 senior psychiatric technician II) -----	20,664
Psychiatric nurse (replace 124 graduate nurse) -----	20,832
Psychiatric nurse (replace 56 psychiatric technician) -----	50,400
The senior psychiatric nurse positions are to replace 41 senior psychiatric technician positions to provide one head nurse in charge of each acute ward in all hospitals.	
The 124 psychiatric nurse positions are to replace graduate nurses and the 56 psychiatric nurses are to replace psychiatric technicians and will augment the present psychiatric nurse staff and provide one psychiatric nurse in charge during the afternoon and night shifts in wards in the acute areas, which include receiving wards, hospital wards, wards for crippled and infirm, tubercular ward, and nursery wards. The full requirement to furnish the wards in the acute area is 636 psychiatric nurse positions. The number indicated by reclassification is the estimated number that can be recruited during the 1953-54 Fiscal Year.	

## DEPARTMENT OF MENTAL HYGIENE—Continued

## STATE HOSPITALS AND HOMES FOR MENTALLY DEFICIENT—Continued

## Psychiatric Technician and Nursing Personnel—Continued

2	Surgical nurse	\$7,080
3	These positions are necessary as a part of the establishment and operation of the new Stockton receiving and treatment building with its central supply, major and minor surgical facilities. The present two nurses are engaged full time in the major surgery. One additional surgical nurse is required in the "central supply" to aid in the preparation of instruments, making sterile packs, keeping up sterile supplies for the surgery and other areas in the institution, and supervising the general cleaning of surgical equipment. The other surgical nurse will be established in the minor surgery and clinic assisting physicians in pre- and post-operative clinic; in the eye, ear, nose, and throat clinic; also in minor surgery, G. U. and gynecology clinic.	
14	Surgical nurse II (reclassification of four surgical nurses)	1,440
15	The reclassification of one surgical nurse is provided for at those institutions (Agnews, Camarillo, Napa, Patton) with a staff of four surgical nurses to establish the responsibility of head surgical nurse within the unit.	

## Medical

15	Physician and surgeon II	113,568
22	Fifteen new positions will provide assistance for the additional work load resulting from increased numbers of admissions and resident population.	
6	Psychiatric resident	21,240
25	A psychiatric residency program is necessary to qualify hospitals for training purposes. These positions make it possible for doctors to qualify for the American Board of Neurology and Psychiatry. The institutions receive the benefit of the medical services while the doctors are qualifying and also provide additional highly qualified physicians for the service of the State. Three positions are assigned to Norwalk, one to Patton, and two to Pacific Colony.	
12	Junior clinical psychologist	44,640
31	Twelve new positions will provide assistance for the additional work load resulting from increased numbers of admissions and resident population. The increased work load requires one at Agnews, four at Camarillo, one at Modesto, three at Napa, one at Patton, and two at Stockton.	

## Other Professional and Special Groups

15	Recreation therapist	55,800
7	Occupation therapist I	24,780
39	The additional positions provide the necessary leadership and technical ability to instruct and supervise ward personnel in activity techniques as part of the rehabilitation program to affect an accelerated rate of leave of absences. Rehabilitation therapists translate and carry out prescriptions of doctors in therapeutic activities. This provision will provide some improvement in service in this staff which has been held at a relatively low level as compared with other areas of the departmental program.	
1	Supervising psychiatric social worker	4,980
16	Junior psychiatric social worker	59,520
46	It is the responsibility of these positions to obtain information for medical use from relatives, help patients solve family problems, work closely with the doctor, and to survey the institutional population looking for possible placement material. These positions are required for work load increases attributable to the increase annual admissions and resident population growth.	
1	Senior clinical laboratory technician	3,540
2	Clinical laboratory technician	6,744
1	X-ray technician	3,216
53	One senior clinical laboratory technician is required for the Sonoma 184-bed tubercular hospital. Special laboratory examinations are required for this class of patient in addition to routine laboratory services, such as blood count, urinalysis, blood chemistries, precise work such as gastric analyses, tuberculosis cultures, and examination of sputum and body fluids.	
57	One clinical laboratory technician position is required for the tubercular unit at Napa, and one for the increased load at the Camarillo receiving and treatment building.	
59	One additional X-ray technician is required to perform this work at Agnews State Hospital.	
2	Food administrator I	8,184
61	A food administrator I position is provided for Agnews and Napa to care for the corrective diet work and provide relief and assistance to the food administrator II who has over-all responsibility for the daily food program. The department has been staffed with a food administrator II position at each of the institutions and an additional food administrator I at five of the institutions where there are unit hospitals or a considerable number of special diets in the institution as a whole. Agnews has many physically ill patients requiring special diets. At Napa the new receiving and treatment building will be functioning and a food administrator I will be required to care for all corrective diets in this active treatment center.	
11	Dining room supervisor	26,532
69	Provision of a general dining room supervisor (as distinct from supervisors assigned to a particular dining room) under the Food Administrator at each institution will facilitate making the best distribution of food and use of personnel and equipment. In the larger institutions, and particularly in those with a number of dining rooms, an additional type of supervision is needed. This would be supplied by a trained general dining room supervisor, service of food, who would supervise the entire service of food, directing and instructing the employed personnel and the large number of patients. Experienced dining room supervisors would be responsible for the immediate service of food in the particular dining rooms and the duties to be performed would include the responsibility for inspection and maintenance of sanitary conditions in the food department.	

## DEPARTMENT OF MENTAL HYGIENE—Continued

## STATE HOSPITALS AND HOMES FOR MENTALLY DEFICIENT—Continued

## Other Professional and Special Groups—Continued

32	Supervising cook I		\$113,280
	A supervising cook should be provided on each shift at each kitchen to give adequate supervision to the balance of the culinary staff. The supervising cooks do actual cooking and have the additional responsibility of organizing and directing the other cooks in the preparation and distribution of food and integrating the cooks in overlapping shifts. In addition, the supervising cook would direct the work of the kitchen helpers and patients assigned to the cooking areas. At present no responsible person is provided to act as a lead individual throughout the day. The possibilities of providing better meals and assuring standard quality production rest in the capabilities and capacities of the food administrators and supervising cooks.		
29	Cook—large quantity		93,264
17	Assistant cook, effective October, 1953		33,660
	The food department requires sufficient staffing for at least 12 to 14 hours daily in order to maintain good food standards and efficient kitchen operations. The mental institutions were found to be understaffed in the areas of the food department as revealed by survey. The number of personnel required to adequately staff a food department depend upon equipment, size and layout of the physical plant, and the number and type of patients and employees to be fed. This allowance provides the major part of the deficiency and is the number that can reasonably be expected to be recruited during the 1953-54 Fiscal Year.		
12	Baker, effective October, 1953		28,944
	To implement the baking staffs for daily operations as part of the general food preparation program.		
3	Kitchen helper		7,200
	The additional positions are required for Camarillo's new kitchen No. 3, which is to be placed in operation in the 1953-54 Fiscal Year.		
4	Housekeeper		10,560
1	Janitor		2,640
	Two housekeeper positions will be required to maintain the corridors, professional offices, clinic areas, lobbies and stairways of the large Napa receiving and treatment building. In addition, the areas to be cleaned in the administration section of the T units will be added to the load of the housekeepers. Two housekeeper positions and one janitor position are required to care for the cleaning of Stockton's new facilities including the auditorium, administration building, and receiving and treatment buildings. Janitorial services will be necessary in this large unit for the corridors, lobbies, and many treatment and office rooms, as well as the offices in the new administration building.		
1	Laundryman		2,772
4	Laundress		10,560
2	Laundry helper		4,800
7			\$18,132
	Laundry survey reports made during 1950-51 established personnel requirements at all institutions for existing weekly loads. The loads and personnel requirements for Camarillo, Norwalk and Pacific Colony were 110,800 pounds requiring 20 employees, 60,300 pounds requiring 10 employees and 110,000 pounds requiring 15 employees respectively. Departmental estimated loads for 1953-54 for the above hospitals are 166,400 pounds, 73,202 pounds and 110,000 pounds respectively. Since personnel requirements depend on the number and quality of patient help the decline from 160 to 150 at Camarillo and from 50 to 20 at Pacific Colony affect personnel needs. Application of the formula indicating poundage per employee for various laundry operations to departmental estimated load requires 26 employees at Camarillo instead of the present 23 and 13 instead of 10 at Norwalk. The 1953-54 budgetary proposal is for three positions at Camarillo and two at Norwalk. A reduction of patient help on the presses at Pacific Colony from 20 to 5 is the justification for five employees instead of the three authorized.		
Alcoholic Research Project—Agnews			
1	Physician and surgeon II		\$8,520
1	Junior clinical psychologist		3,900
1	Psychiatric nurse		3,720
1	Senior psychiatric social worker		4,740
2	Intermediate stenographer-clerk		5,544
			\$26,424
	Operating expense (drugs and supplies)		5,500
	Additional equipment for clerks		710
			\$32,634
	Total		
	The 1952 session of the Legislature appropriated funds for the establishment of the Research in Alcoholism Project at Agnews State Hospital consisting of four positions. This is a program for the treatment of alcoholism which has been advanced in the past years in the use of new drugs such as ACE and ACTH and, also cortisone, to evaluate the effectiveness of the substances. Results of this type of treatment will be compared with the treatment programs that use conditioned reflex, antabuse, and other programs. This project will require additional time in order to determine the effectiveness of the use of the above-mentioned drugs. The additional positions requested consists of two intermediate stenographer-clerks, which are required to supply clerical assistance to the professional team engaged in the research project.		

## DEPARTMENT OF MENTAL HYGIENE—Continued

## STATE HOSPITALS AND HOMES FOR MENTALLY DEFICIENT—Continued

## Clerical Personnel

6	Senior account clerk-----	\$19,296
9	Intermediate typist-clerk-----	23,760
Additional staff is needed at the institutions to file claims for the collection of funds from insurance, pensions, and other sources which result in payments to the patients. Funds collected are placed in the patients' personal accounts and are used to purchase items which in some cases would otherwise be direct charges against the General Fund. The personal account of the patient in some cases provides financial security for the period of rehabilitation immediately after release which in many instances turns a temporary release into a permanent one. The Department of Mental Hygiene as guardian of veterans, whose estates consisted of money received in the form of compensation or pension paid as a result of a claim having been filed on his behalf, disbursed \$118,130 for the veterans care and treatment for the 1951-52 Fiscal Year.		
7	Intermediate file clerk-----	18,480
Seven additional positions are required (one each at Agnews, Napa, Norwalk, Patton, and Stockton, and two at Camarillo) to smooth filing operations in the patients clinical records units, eliminate reliance upon patients, and release time for direct stenographic work.		
23	Intermediate typist-clerk-----	63,756
These positions are required for work-load increases in the doctors clerical pool which provides clerical help on a one for three ratio basis to professional staff members including psychiatrists, physicians, psychologists, nursing instructors, social workers, and chaplains.		
1	Intermediate typist-clerk-----	2,640
This position is needed to provide typing services for the teaching principal and various teachers in the Sonoma State Home School Department. This position will allow the teaching principal to devote her specialized efforts to teaching and supervision rather than clerical work.		
1	Intermediate typist-clerk-----	2,640
The additional position is required for the patient movement records at Camarillo due to the opening of the new units and the resultant growth in admissions and other patient movements.		

## Other Personnel

384	New positions established at Atascadero-----	\$505,166
505.7	New positions established at Porterville-----	1,449,235
Explanatory statements covering these positions will be found preceding the institution's budget.		
16.3	Miscellaneous new positions-----	51,992
The miscellaneous positions are individually explained after each hospital's analysis.		

## Salary Savings

The increased expenditures for salaries and wages is due in part to decreased salary savings amounting to \$64,341, and an increase in cost of authorized positions amounting to \$960,061.

OPERATING EXPENSES: An increase of \$1,681,825 is explained within the analysis of each hospital. Explanation of the changes common to all hospitals follows:

<b>Food Ration Increase</b> -----	\$947,938
A proposed ration change was previously submitted for consideration in the 1951-52 Budget to improve the ration as applied to the 39,621 patient population at July, 1950, prices. This was subsequently disapproved by the Legislature pending completion of a state-wide survey. The results of this survey as finally reviewed indicates, that from medical, psychiatric and psychological standpoints, on considering the feeding of patients in mental hospitals, factors beyond simple nutrition are desirable. From the psychiatric and psychological standpoint, importance is attached to such factors as food acceptability, environment, and personnel.	
Food wastage fundamentally is due to a failure of food acceptance and results from disregard of factors important to food acceptance.	
The increase in the food ration as proposed herein will cost approximately \$947,938 in terms of estimated population for the 1953-54 Fiscal Year at July, 1952, prices.	
<b>Rehabilitation Therapy Supply Allowance</b> -----	40,717
The department has established a very active rehabilitation therapy program in the institutions and with such an increase it is necessary for the therapists to have a minimum amount of operating expense funds for both group activity as well as ward activity. Previous allowances have averaged approximately \$2.85 per mental hospital patient annually. The 1953-54 Budget provision averages \$3.80 per patient for recreational, occupational, and music supplies, library books, etc., at an increased cost of \$40,717.	
The operation of two new institutions at Porterville and Atascadero increased operating expenses for feeding, medical and other materials, services and supplies approximately \$480,384 in 1953-54 over 1952-53 excluding the factors of increased cost due to an enriched food ration and an augmented allowance for rehabilitation therapy supplies.	

EQUIPMENT: Equipment items totaling \$1,145,977 are explained within the analysis of each hospital and represent replacement equipment of \$635,376 or 4.8 percent of investment, and additional equipment of \$510,601, a total decrease of \$99,997 below 1952-53. The additional equipment requests in the several institutions include additional office equipment for new positions; additional feeding equipment for greater population and to improve conditions where there is insufficient equipment to meet existing needs; additional medical equipment to improve the level of medical care and treatment of patients and to make possible better application of modern techniques and treatment methods; additional maintenance equipment to provide improved and more maintenance work in many buildings and facilities, and certain farming equipment necessary in the operation of the institutional farms.

REIMBURSEMENTS: A total of \$1,072,227 is estimated for 1953-54, an increase of \$62,689 over 1952-53. The increase is attributable to services to employees primarily for meal sales and rental of quarters.

## DEPARTMENT OF MENTAL HYGIENE—Continued

Under the administration function, the department carries on the activities of general direction of the hospitals, homes, clinics, special programs, fiscal accounting and budget control, collection activities, deportations and transfers, guardianships, statistics, personnel services, food administration, nursing service, maintenance service, community services, and private institution inspections.

b Composed of savings in salaries and wages, \$16,855.

c Early passage of a special bill in the amount of \$62,580 will be required to continue the family care program at its anticipated level during the 1952-53 Fiscal Year.

## DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53		
1	GENERAL ANALYSIS—Continued						
2	Programs to be further developed in the 1953-54 Fiscal Year include an expansion of the community services program and the family						
3	care program. Other special programs budgeted for continuance include a research project into sex crimes conducted in conjunction						
4	with the University of California at the Langley Porter Clinic, and a contract with the Department of Public Health for sanitation						
5	services.						
6	Under the extramural care function, the field supervision of patients on leave of absence, industrial leave, and family care cases are						
7	carried on. This program is being adjusted for work load factors due to the increased number of leave cases.						
8							
9							
10							
11	SUPPORT EXPENDITURES		NO. OF POSITIONS		ACTUAL	ESTIMATED	PROPOSED
12	DETAIL		51-52	52-53	1951-52	1952-53	1953-54
13			(Filled)	(Auth.)			
14				53-54			
15				(Auth.)			
16	ADMINISTRATION						
17	Analysis						
18							
19	SALARIES AND WAGES: The increase of \$267,138 is primarily due to the 46 new positions which cost \$165,360. Increased cost of						
20	authorized positions and decreased estimated salary savings accounts for the balance of the increase.						
21	Community Services:						
22							
23	1 Senior psychiatric social worker \$4,512						
24	This position is required to establish an information center for the mentally retarded at San Diego similar						
25	to the two already established in Los Angeles and San Francisco. The San Diego area has an unusually						
26	large waiting list for admission to Pacific Colony.						
27	1 Intermediate stenographer-clerk 2,772						
28	This stenographer is required to provide clerical services, on the authorized ratio, for the information center						
29	social workers. This position will be assigned to the San Diego office and the Los Angeles and San Fran-						
30	cisco positions will continue to draw clerical assistance from the regional office clerical staffs.						
31	1 Chief, mental health education 7,008						
32	This position is required to head up an educational service staff. Duties of this position will include super-						
33	vision of the production of educational media and its distribution within and outside the department, re-						
34	sponsibility for numerous information requests, and acting as the department's expert in writing for public						
35	consumption.						
36	1 Senior stenographer-clerk 3,216						
37	This clerical position is required to provide clerical services for the new chief, mental health education.						
38	Accounting:						
39	1 Accounting technician II 3,216						
40	1 Intermediate account clerk 2,640						
41	The accounting technician II position is required to assist with the departmental budgeting and expendi-						
42	tures accounts and subsidiary accounting records.						
43	The intermediate account clerk position is required to assist with the processing of claims and the work load						
44	of the payroll revolving fund and uncleared cash records in the accounting section.						
45	Personnel:						
46	1 Intermediate typist-clerk 2,640						
47	This position is required to process the increased personnel transaction documents due to the new institu-						
48	tions at Porterville and Atascadero.						
49	1 Intermediate stenographer-clerk 2,772						
50	This position is to make available additional stenographic and clerical time to the personnel officer who is						
51	responsible for all major departmental conferences as part of his general responsibility for departmental						
52	training activities. Extensive clerical time is worked in making the arrangements, corresponding with						
53	speakers and participants, preparing agendas, taking, transcribing, and editing conference notes, and fol-						
54	lowing up conference items. Additional time is spent in connection with the meetings and reports of the de-						
55	partment's standing and special committees. Time is to be made available in the operation of the program of						
56	personnel administration to maintain records on position vacancies, job applications, and referrals, and						
57	status of eligible list.						
58	Statistics:						
59	1 Medical records coordinator 4,092						
60	This position will supervise the reports unit with the Statistical Research Bureau including the processing						
61	of institutions' population reports and establish and maintain a centralized reporting system for medical						
62	statistics within the department (including mortality and autopsy rates, causes of death, selected physical						
63	disorders, etc.); collaborate with the State Department of Public Health in research projects involving						
64	the collection of morbidity and mortality statistics; furnish assistance to medical record librarians in the						
65	standardization of report forms and reporting procedures and furnish consultative advice to the depart-						
66	ment's committees on administration with regard to medical records; prepare and maintain a detailed						
67	manual of reporting procedures for the guidance of record room personnel in extramural operations and						
68	in reporting to Sacramento, and perform other duties.						
69	1 Intermediate typist-clerk 2,640						
70	This clerical position is required for the increased load in the statistical section resulting from the opening						
71	of two new institutions at Atascadero and Porterville.						
72	Temporary help 2,520						
73	Temporary clerical help is required to permit the statistical unit to provide information relating to the						
74	Bureau of Patent Accounts case reviews. This entails checking current reports from the institutions as						
75	well as processed IBM-card files. For the remainder of the cases, the statistical unit will be asked to						
76	furnish a complete record of all temporary separations under each case number. This does not include						
77	information currently being provided in the form of weekly IBM listings of admissions on flexoline strips						
78	for the bureau's convenience in maintaining its own roster of patients on record and the increased daily						
79	telephone requests.						
80	Private Institution Inspection:						
81	1 Intermediate stenographer-clerk 2,772						
82	This position is required for the increased clerical work load in the private institution inspection office						
83	resulting from the continued increase in the licensing of new institutions. During 1951-52 there were						
84	approximately 800 inspections and investigations made in the field.

7	Patients' Accounts:						
8	3 Agent I						\$11,364
9	1 Senior stenographer-clerk						3,216
10	5 Intermediate typist-clerk, range B						13,860
11	1 Intermediate office appliance operator						2,640
12	One agent I position and an intermediate typist-clerk is required for the increased load in the legal section for the review and processing of legal documents served on the bureau. Temporary assignment of personnel to this section has permitted rate increases leading to additional revenue for the General Fund.						
13	Two agent I positions and an intermediate typist-clerk position are required for increased volume of case load work in the analysis section resulting from the increased number of patient admissions. In addition to the increased load from admissions the case load will be further augmented by a planned annual review of 15,000 patient cases who have been resident in the hospital for a year or more for which the existing charge is less than the maximum rate.						
14	One intermediate typist-clerk position is required for the Los Angeles Regional Office to assist one other clerk transcribe dictation of five area agents and act as cashier, accounting for and issuing receipts for a substantial number of payments, make daily bank deposits, compile and balance the daily cash report and the general work of the office.						
15	One senior stenographer-clerk position is required to supervise the stenographic pool operation. The supervisor of the accounts receivable and services section by reason of the heavy demands placed on her by the accounting and filing activities, cannot give to the stenographic pool the supervision and management it requires.						
16	Two intermediate typist-clerk positions are required for the additional load increases of the three sections utilizing the pool. One of the six authorized positions formerly approved for the pool has been reassigned to handle the combined duties of receptionist, telephone operator, and window cashier in the Sacramento office. This person is also charged with the responsibility for preparing the daily bank deposit.						
17	1 Intermediate office appliance operator has been established on a temporary basis to perform the mail function for the Bureau of Patients Accounts. This temporary establishment became imperative because of a separation of the bureau from the central office. It is now apparent that this position will be required permanently.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
		51-52 (Filled)	52-53 (Auth.)	53-54 (Auth.)			
1	EXTRAMURAL CARE—Continued						
2	Analysis—Continued						
3							
4							
5	SALARIES AND WAGES: The increase of \$155,715 is accounted for by 25 new positions to the extent of \$93,480. The balance of the						
6	increase is accounted for by increased cost of authorized positions and decreased estimates of salary savings.						
7	2 Supervising psychiatric social workers are provided to continue supervision of case workers at the ratio of one to six.						
8	15 Senior and junior psychiatric social workers are provided of whom 10 are required for case load increase and five to						
9	permit reduction of the field workers active case load from 83 to 79.1 to improve the level of service.						
10	8 Intermediate stenographer-clerks to provide clerical service for the expanded staff at the current ratio of one to two-and-one-						
11	half social workers.						
12							
13	OPERATING EXPENSES: The increase of \$41,500 is primarily due to estimated increases in travel expenses and rent for the 1953-						
14	Fiscal Year.						
15

TRANSPORTATION OF PATIENTS AND OTHER  
PERSONS COMMITTED TO STATE INSTITUTIONS

## Analysis

This appropriation covers transportation costs, sheriffs' fees, and traveling expenses incidental to delivery of patients from counties to the institutions. The decrease in estimated reimbursements for the 1952-53 Fiscal Year relates to a lag in billing during the period of reorganization of the collection activity to a centralized basis.

## OPERATING EXPENSES

Transportation, traveling expenses and sheriffs' fees	\$141,974	\$147,562	\$159,589
Charges to relatives and other legally responsible persons	—38,852	—29,512	—38,391
TOTAL EXPENDITURES	\$103,122	\$118,050	\$121,288

OUT-OF-STATE DEPORTATIONS AND  
INSTITUTION TRANSFERS

## Analysis

This provides for deportation of approximately 375 patients to their own state of legal residence and to transfer approximately 2,000 patients between mental institutions. The significant increase for the 1953-54 Fiscal Year is due primarily to transfers of patients to the new institutions at Porterville and Atascadero.

## OPERATING EXPENSES

Traveling	\$78,900	\$83,325	\$113,625
-----------	----------	----------	-----------

## FAMILY CARE

## Analysis

The family care leave program of the Department of Mental Hygiene has increased rapidly during the first part of 1952-53 and is currently at a level considerably in excess of previous estimates. Based on the current situation, revised estimates indicate that there will be an average of 544 patients per month on family care leave during the 1952-53 Fiscal Year. Early passage of a special bill in the amount of \$62,580 will be required to carry on this program at the revised level for the current year. The 1953-54 estimates reflect a continuation of the present trend to a level of 627 average family care leave cases per month.

## OPERATING EXPENSES

Allowance for subsistence and care of patients paroled to family home care	\$253,932	\$411,060	\$493,400
--	-----------	-----------	-----------

51					
52	Number of positions	75	80.6	83.8	3.2
53					
54	As administrator of National Mental Health Act funds for California, the Department of Mental Hygiene is responsible for the allocation of such funds to other state and local agencies and seeing that required standards of service are met and maintained.				
55	The following schedule indicates the number of hours by clinic spent by the professional staff on direct treatment services to patients and preventive services to communities during the 1951-52 Fiscal Year. Of the direct professional time allocated, 83 percent was directed toward treatment services to patients and 17 percent toward preventive services to communities.

a Federal funds, neither receipts nor expenditures are included in the budget totals.

b Composed of savings in salaries and wages, \$44,905; operating expenses, \$4,287; equipment, \$825; and a reimbursement shortage of —\$2,958.

c Composed of savings in salaries and wages, \$7,160; and operating expenses, \$148.

\* Estimated on basis of statistics for eight months.

In conjunction with the rendering of these services, the Berkeley Clinic conducts an extensive training program for social workers, psychologists and psychiatrists. As indicated in the preceding schedule, the Berkeley Clinic cost per service hour of \$6.67 is significantly below the average for all clinics.

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	<b>GENERAL ANALYSIS—Continued</b>				
2					
3					
4	SALARIES AND WAGES: The increase of \$31,058 is due in part to increased cost of authorized positions and a reduction in estimated				
5	salary savings to an approximate 7 percent vacancy level.				
6					
7	OPERATING EXPENSES: A decrease of \$2,485 is caused primarily by a decrease in estimated contracts with state and local agencies				
8	for mental health clinics and training, resulting from a decrease in estimated National Mental Health Act grants for California for				
9	the 1953-54 Fiscal Year.				
10					
11	EQUIPMENT: An amount of \$6,122 is provided for 1953-54 and includes the following significant items: four 16 mm. sound movie pro-				
12	jectors, and additional books for each of the clinics.

Outpatient department	193,790	221,315	231,481	10,166
Average Cost Per Patient:				
Inpatient (daily)	\$19.67	\$21.64	\$22.62	\$0.98 (4.5%)
Outpatient (per interview)	9.10	9.84	10.29	.45 (4.6%)

Analysis

Total expenditures for support in 1953-54 amount to \$933,390, an increase of \$40,991 or 4.6 percent over 1952-53. The average population remains unchanged in the 1953-54 Fiscal Year.

**SALARIES AND WAGES:** The increase of \$26,800 is accounted for as follows: Two new positions and one reclassification at a cost of \$5,873.

- 1 Intermediate stenographer-clerk is required to perform clerical duties in the library in order that the present librarian can devote her time to more productive work such as assisting in research projects, acting as a reference worker and checking current literature.
- 1 Kitchen helper is required to provide the necessary food preparation staff plus relief for vacation, sick leave and holidays.
- 1 Supervisor of rehabilitation therapies—replacing one occupational therapist II is required to provide a position comparable to that allowed the mental hospitals to organize and direct a rehabilitation therapy program.

The increased cost of authorized positions and salary savings accounts for the balance of increase in salaries in 1953-54.

**OPERATING EXPENSES:** The level of estimated expenditures is primarily the same for the 1952-53 and 1953-54 Fiscal Years.

**EQUIPMENT:** The amount of \$33,496 provides \$20,987 for replacement and \$12,509 for additional equipment. The replacement equipment amounts to 9.6 percent of the equipment investment on June 30, 1952. A mobile X-ray unit, \$3,543, and an automatic brain electronic triggering apparatus, \$800, are significant items of additional equipment.

**REIMBURSEMENTS:** A total of \$10,260 is estimated for both the 1952-53 and 1953-54 Fiscal Years and is primarily from meal sales to employees.

<sup>a</sup> Composed of savings in salaries and wages, \$66,973; operating expenses, \$5,524; equipment, \$1,411; and excess reimbursements, \$710.

<sup>b</sup> Composed of savings in salaries and wages, \$4,355.

<sup>c</sup> Represents average count Monday through Friday and excludes week-end visits. Practically all active treatment therapy is given during these five days. The feeding allotment is based upon the seven-day average for approximately 10 percent less inpatients than shown above.

<sup>d</sup> Represents the total number of interviews by the professional staff. A total of 17,228 hours was applied by the staff during 1951-52, of which 16,586 hours was spent on treatment services to patients and an estimated 642 hours on preventive services to communities.

<sup>e</sup> Costs have been allocated between inpatient and outpatient departments on the basis of estimated time distribution of all employees and a proportioned allocation of other expenses.

## GENERAL ANALYSIS

The Psychiatric Hospital Clinic, Los Angeles, is to operate in conjunction with the University of California at Los Angeles, similar to the method of operating the Langley Porter Clinic in conjunction with the University of California on the campus of the Medical School in San Francisco.

The University of California at Los Angeles Medical School is now in operation and the professor of psychiatry at the school will also be the superintendent of the Psychiatric Hospital Clinic. There is budgeted for the 1953-54 Fiscal Year the three-fourths time salary for this medical superintendent of the Psychiatric Hospital Clinic and a senior stenographer-clerk to render clerical assistance, in order that the superintendent might consult with architects for the department regarding the plans for construction of the Psychiatric Hospital Clinic which is to be built as a portion of the Medical School of the University of California at Los Angeles. Office and traveling expense necessary for the proper functioning of these two positions is budgeted for the 1953-54 Fiscal Year in the amount of \$950. Equipment for these two positions will be provided by the University of California at Los Angeles.

25	<b>GENERAL ANALYSIS</b>				
26	Number of positions	937.4	949	978.2	29.2
27	<b>POPULATION AND UNIT COSTS</b>				
28	Average population	4,260	4,419	4,292	-127
29	Per capita cost	\$1,005	\$1,093	\$1,159	\$66
30					(6%)
31	<b>Analysis</b>				
32	Total expenditures for support in 1953-54 amount to \$4,974,063, an increase of \$142,729 or 3 percent over 1952-53. The average population for 1953-54 is 2.9 percent less than 1952-53.				
33	<b>SALARIES AND WAGES</b> : The increase of \$92,979 is accounted for as follows: Thirty-four new positions at a cost of \$128,808. Complement positions affecting all hospitals are explained under "STATE HOSPITALS AND HOMES FOR MENTALLY DEFICIENT" following the departmental summary. In addition, a miscellaneous position consisting of a telephone operator is needed to properly man a two position switchboard, ten trunk lines, and the local calls. The increased cost of authorized positions and salary savings accounts for the balance of change in salaries in 1953-54.				
34	<b>OPERATING EXPENSES</b> : The increase of \$54,654 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$91,175, and a net ration increase after local production of \$83,449. The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$4,078. Other factors of change are primarily due to population and price.				
35	<b>EQUIPMENT</b> : The amount of \$145,603 provides \$74,156 for replacement and \$71,447 for additional equipment. The replacement equipment amounts to 4.4 percent of the equipment investment on June 30, 1952. The following are significant additional items: office equipment for new positions, \$3,530; food mixer, \$1,680; dental office equipment, \$4,965; electroencephalograph channel, \$722; explosion-proof operating room light and a suction unit for surgery, \$728; pianos, \$1,635; television, \$2,500; "yard lift" truck, \$4,560; tractor with disc harrow and power unit control, \$7,060; cutter-dicer for fruit and vegetable canning, \$1,900.				
36	<b>REIMBURSEMENTS</b> : A total of \$88,022 is estimated for both 1952-53 and 1953-54 fiscal years and is primarily from meal sales and rentals to employees.

Department of Mental Hygiene

ATASCADERO STATE HOSPITAL

A hospital for mental patients requiring maximum security facilities, located near Atascadero, San Luis Obispo County.

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1

11	GENERAL ANALYSIS				
12					
13	Number of positions -----	-	-	287.9	287.9
14	Population and Unit Costs:				
15	Average population -----	-	-	75	75
16	Per capita cost -----	-	-	\$6,759	\$6,759

The budget for Atascadero State Hospital is based on 500 patients being transferred into the hospital during the period April 1 to June 30, 1954, plus 585 patients transferred on July 1, 1954, for which personnel must be provided in advance. Of the first group, it is planned to transfer 300 patients from the security ward at Mendocino State Hospital and 200 sex psychopaths from Norwalk State Hospital. The second group to be received on July 1, 1954, will include 100 additional patients from Mendocino and 200 sex psychopaths from Norwalk, as well as those patients throughout the various hospitals who require maximum security because of the type of commitment or because of the dangerous mental condition of the patient.

It will be noted that in the staffing of this institution, a number of the positions are requested for establishment of January 1, as well as on March 1, 1954, due to the fact that the various departments of the hospital must be equipped and functioning when patients are received. Also, psychiatric technician trainees and other personnel need in-service training prior to the arrival of the patients and for this reason staffing is provided a month or more in advance of the actual receipt of the patients.

Data respecting some of the functions and areas of operation of the hospital and its staffing are as follows:

**ADMINISTRATION:** The general administrative office, accounting, storekeeping, and telephone staffs must be provided on the basis of certain functions for each employee. The complement of employees is based on the approved standards for administration and clerical employees established for other hospitals.

Key administrative positions are provided similar to other hospitals which, of course, will not be increased in number as the patient population increases.

**SUPPORT AND SUBSISTENCE:** The staff of culinary personnel is based in a patient population of 500 in accordance with a post assignment schedule.

The laundry operation is staffed for minimum post coverage and the planned use of patient helpers in lieu of employee laundry helpers.

**CARE AND WELFARE:** The professional employees under the function of medical care are staffed on a basis similar to that of other hospitals, including doctors, psychologists, dentists, pathologists, laboratory technicians, pharmacists, X-ray technicians, and physical therapists. Also, a staff of rehabilitation therapists and a social worker position is provided for the initial group of patients.

**NURSING SERVICE:** The patients' areas of this hospital are divided into 17 wards; four wards will be staffed as an acute treatment area, six wards as a psychotic unit, five wards as a psychopathic unit, and two as an open dormitory. The basic staffing consisting of 186 positions follows:

50	1. Atascadero ward staffing for 500 patients to be received April 1, 1954.				
51		Patient		Ward coverage data	
52		Capacity	Post	Relief	Total
53	Type

65	Type				
66	Psychotic -----	299	28	17	45
67	Psychopathic -----	242	20	12	32
68	Total -----	541	48	29	77
69					
70	GRAND TOTAL -----	1,084	116	70	186

A superintendent of nursing service is responsible for the administration of the nursing staff with an assistant superintendent of nursing service on duty on each of three shifts plus relief for daily coverage.

The supervisory nursing staff includes a psychiatric nursing instructor and a supervising psychiatric nurse for education purposes plus five supervising psychiatric nurses to permit assignment of one on each shift daily with relief in the acute area. Five supervising psychiatric technicians provide comparable coverage in the general treatment areas of one on each shift daily with relief.

One psychiatric nurse is provided for the clinic and two surgical nurses for surgery and central supply.

One clothing room clerk is provided to control the receipt, issuance, inspection, and condemnation of all clothing.

Four hospital aides are for the purpose of delivery of mail, laundry, food, clothing, and central supply items to the various wards.

## ATASCADERO STATE HOSPITAL—Continued

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	<b>GENERAL ANALYSIS—Continued</b>				
2					
3					
4	<b>MAINTENANCE OF PLANT:</b> A standard staff of maintenance craftsmen is required for this institution. The boiler plant is operated 24				
5	hours daily which requires five stationary firemen and an engineer. Many modern mechanical features are included in this institution,				
6	such as extensive refrigeration and electrical facilities. The latter include a listening system connected with all areas and rooms in the				
7	hospital, and a control room whereby a person can hear the activities in any portion of the hospital. A crew of craftsmen will be needed				
8	to keep the plant in proper operating condition. Five equipment operators for this hospital will be required for the hauling of general				
9	supplies, garbage and trash, tractor operations to care for discing of grounds and provision of fire breaks, for driving maintenance				
10	trucks, and one for relief.				
11					
12	<b>SECURITY FORCE:</b> A security force consisting of 40 positions is provided due to the type of patients in this hospital. The staff includes				
13	one correctional lieutenant to be responsible for the security force and five correctional sergeants to place one in charge of each shift				
14	daily with relief. Thirty-four correctional officers are included to provide 22 on the following posts plus 12 for relief:				
15					
16	Front sally port, one each shift.....	3		Laundry (five-day operation, one shift).....	1
17	Rear sally port, two men on one and one-half shift.....	3		Outside patrol, one each shift.....	3
18	Control and listening, one each shift.....	3		Relief.....	12
19	Dining rooms for one shift.....	4			
20	Visiting room, screening room, and inside patrol of buildings.....	5		Total.....	34

21	TOTAL EXPENDITURES -----	\$5,275,552	\$6,299,440	\$7,007,607	\$708,167
22					(11.2%)
23					
24	GENERAL ANALYSIS				
25					
26	Number of positions -----	1,158.4	1,345.4	1,465.5	120.1
27	POPULATION AND UNIT COSTS				
28	Average population -----	5,564	6,456	6,783	327
29	Per capita cost -----	\$945	\$973	\$1,033	\$60
30					(6.2%)
31	Total expenditures for support in 1953-54 amount to \$7,007,607, an increase of \$728,188 or 11.6 percent over 1952-53. The average popu-				
32	lation for 1953-54 is 4.8 percent greater than the estimate for 1952-53.				
33	SALARIES AND WAGES: The increase of \$502,072 is accounted for as follows: Forty-six new positions at a cost of \$158,840. Comple-				
34	ment positions affecting all hospitals are explained under "STATE HOSPITALS AND HOMES FOR MENTALLY DEFICI-				
35	ENT" following the departmental summary. The 3.3 miscellaneous positions are individually explained below.				
36	1 Shoemaker is required for the additional volume of repair work occasioned by the increased population at this hos-				
37	pital				
38	0.3 Motion picture operator time increase is required to provide a weekly show for all patients allowed to attend movies				
39	and provide time for the service and maintenance of the equipment				
40	1 Painter position is required to provide better maintenance of the 5,500,000 square feet of interior surfaces subject				
41	to painting.				
42	1 Institution fireman is required because of the size of the institution to assist the institution fire marshal to properly				
43	service and test all firefighting equipment and provide adequate coverage when the fire marshal is off duty.				
44	The balance of the increase in salary expenditures in 1953-54 is due to the increased cost of authorized positions and an estimated reduc-				
45	tion in salary savings as a result of the completion of new temporary housing facilities for employees accompanied by intensive				
46	recruitment efforts.				
47	OPERATING EXPENSES: The increase of \$263,196 is accounted for as follows: The enriched food ration for the estimated popu-				
48	lation in 1953-54 accounts for a gross ration increase of \$156,342 (a net ration increase after local production of \$141,134). The				
49	augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$6,443.				
50	The light, heat, and power requirements for the new kitchen No. 3 accounts for an increase of \$13,687.				
51	Dairy feed supplies for an increased herd in 1953-54 accounts for \$15,694.				
52	Other factors of change, primarily due to population and price, account for the balance.				
53	EQUIPMENT: The amount of \$89,490 provides \$50,767 for replacement and \$38,723 for additional equipment. The replacement equip-				
54	ment amounts to 2.7 percent of equipment investment on June 30, 1952. The following are significant additional items of equipment:				
55	office equipment for new positions, \$3,741; toasters, \$1,133; deep fat fryers, \$1,432; bookcases and chairs, \$3,461; fire hose, \$3,092;				
56	pickup truck, \$1,350; hydraulic end gate, \$1,030; and feeder pigs, \$6,000.				
57	REIMBURSEMENTS: A total of \$170,680 is estimated for 1953-54, an increase of \$8,448 over 1952-53, and is attributable to rental				
58	of living quarters to employees.				
59	a Composed of savings in salaries and wages, \$741,089; operating expenses, \$7,198; equipment, \$26,236; and excess reimbursements, \$9,713.				
60	b Composed of savings in salaries and wages, \$31,130; and operating expenses, \$68,537.

## GENERAL ANALYSIS

Number of positions..... 688.3 673.1 692.4 19.3

## POPULATION AND UNIT COSTS

Average population..... 2,989 3,082 3,138 56  
Per capita cost..... \$1,027 \$1,108 \$1,160 \$52  
(4.7%)

Total expenditures for support in 1953-54 amount to \$3,638,974, an increase of \$223,536 or 6.5 percent over 1952-53. The average population for 1953-54 is 1.8 percent greater than the estimate for 1952-53.

**SALARIES AND WAGES:** The increase of \$102,542 is accounted for as follows: 12 new positions at a cost of \$52,776. Completion positions affecting all hospitals are explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary. The balance of the increase in salaries and wages is due to the increased cost of authorized positions and a decrease in salary savings as a result of improved recruiting.

**OPERATING EXPENSES:** The increase of \$112,251 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$76,216 (a net ration increase after local production of \$76,041). The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 amounts to \$2,981. The increase in water and sewage is due to an allowance of \$4,400 for chemicals for the prevention and correction of corrosion to hot water tanks. Other factors of change, primarily due to population and price, account for the balance.

**EQUIPMENT:** The amount of \$76,883 provides \$43,694 for replacement and \$33,189 for additional equipment. The replacement equipment amounts to 4.9 percent of equipment investment on June 30, 1952. The following are significant additional items of equipment: office equipment for new positions, \$1,343; additional chairs, \$7,300; pianos, \$1,200; and bus, \$12,500.

**REIMBURSEMENTS:** A total of \$85,964 is estimated for both the 1952-53 and the 1953-54 Fiscal Years and is attributable to meal sales and rental of living quarters to employees.

## GENERAL ANALYSIS

21	Number of positions-----	552.5	547.4	603.7	56.3
22	<b>POPULATION AND UNIT COSTS</b>				
23	Average population-----	2,693	2,668	2,671	3
24	Per capita cost-----	\$929	\$1,044	\$1,132	\$88
25					(8.4%)

Total expenditures for support in 1953-54 amount to \$3,024,595, an increase of \$239,365 or 8.6 percent over 1952-53. The average population for 1953-54 is estimated at approximately the same level as for 1952-53.

**SALARIES AND WAGES:** The increase of \$201,055 is accounted for as follows: Thirteen new positions at a cost of \$43,368. Complement positions affecting all hospitals are explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary. A miscellaneous position consisting of an auto mechanic is required in addition to the one authorized mechanic to properly repair and service the 42 pieces of mechanical equipment. The automotive shop also carries on the function of dispatcher of automotive equipment. The increased cost of authorized positions and decreased salary savings anticipated as a result of the completion of new temporary housing facilities for employees, accompanied by intensive recruitment efforts, accounts for the balance of the increase.

**OPERATING EXPENSES:** The increase of \$45,885 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$61,148, and a net ration increase of \$40,128 after local production consumed. The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$2,538. Other factors of change are primarily due to population and price.

**EQUIPMENT:** The amount of \$73,901 provides \$46,706 for replacement and \$27,195 for additional equipment. The replacement equipment amounts to 5 percent of the equipment investment on June 30, 1952. The following are significant additional items: office equipment for new positions, \$1,487; feeding equipment, \$6,575; diathermy and spectrophotometer, \$1,235; radio-phonograph equipment, \$1,000; piano, \$600; milking machine, \$2,700.

**REIMBURSEMENTS:** A total of \$87,570 is estimated for the 1953-54 Fiscal Year and it consists of services to employees and sale of surplus products.

Department of Mental Hygiene

MODESTO STATE HOSPITAL

A hospital for mentally ill and mentally defective patients, located near Modesto, Stanislaus County.

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	SUMMARY AND				
2	RECONCILIATION WITH APPROPRIATIONS				
3	General Fund				
4	SUPPORT				
5	Budget Act appropriation-----	\$3,095,671	\$3,528,091	\$4,038,138	\$510,047
6	Allocations from Salary Increase Fund-----	224,346	191,464	-	-191,464
7	Allocations from Emergency Fund-----	-	45,888	-	-45,888
8	Allocations from Price Increase Fund-----	86,526	-	-	-
9	Transfer from Napa State Hospital Budget Act appropriation-----	-	78,256	-	-78,256
10	Total Available-----	\$3,406,543	\$3,843,699	\$4,038,138	\$194,439
11	Unexpended balance, estimated savings-----	-84,599 a	-	-	-
12	TOTAL EXPENDITURES FOR SUPPORT-----	\$3,321,944	\$3,843,699	\$4,038,138	\$194,439 (5.1%)

13	GENERAL ANALYSIS				
14	Number of positions-----	761.3	778.7	797.9	19.2
15	POPULATION AND UNIT COSTS				
16	Average population-----	2,953	3,174	3,280	106
17	Per capita cost-----	\$1,125	\$1,211	\$1,231	\$20 (1.7%)
18	Total expenditures for support in 1953-54 amount to \$4,038,138, an increase of \$194,439 or 5.1 percent over 1952-53. The average popu-				
19	lation for 1953-54 is 3.3 percent greater than 1952-53.				

SALARIES AND WAGES: The increase of \$111,532 is accounted for as follows: Fourteen new positions at a cost of \$57,912. Completion positions affecting all hospitals are explained under "STATE HOSPITAL AND HOMES FOR MENTALLY DEFICIENT" following the departmental summary. In addition a miscellaneous position consisting of an assistant seamstress is required for the sewing and mending of patient clothing and bedding to lengthen the life of the items and maintain the stock. The balance of increase in salary expenditures is due to the increased cost of authorized positions partially offset by increased salary savings.

OPERATING EXPENSES: The increase of \$106,781 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$85,537 and a net ration increase after local production of \$85,403. The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 amounts to \$3,116. Other factors of change are primarily due to population and price.

EQUIPMENT: The amount of \$96,876 provides \$45,007 for replacement and \$51,869 for additional equipment. The replacement equipment amounts to 5.8 percent of the equipment investment on June 30, 1952. The following are significant additional items: office equipment for new positions, \$1,909; cake batch mixer, \$4,178; two food conveyors, \$1,493; hydraulic dough trough, \$1,536; chairs, \$7,600; mattress tape edge machine, \$1,161; instrument sterilizers, \$1,020; Fordson tractor, \$1,531.

REIMBURSEMENTS: A total of \$80,098 is estimated for the 1953-54 Fiscal Year and is attributable to meal sales and rental of living quarters to employees.

15					
16	<b>TOTAL EXPENDITURES FOR SUPPORT</b>	<b>\$4,172,920</b>	<b>\$4,630,906</b>	<b>\$5,574,444</b>	<b>\$943,538</b>
17					<b>(20.4%)</b>
18					
19	<b>GENERAL ANALYSIS</b>				
20					
21	<i>Number of positions</i>	882.5	949.7	1,158.7	209
22					
23	<b>POPULATION AND UNIT COSTS</b>				
24	Average population	4,470	4,566	5,001	435
25	Per capita cost	\$934	\$1,014	\$1,115	\$101
26					(10%)
27					
28	Total expenditures for support in 1953-54 amount to \$5,574,444, an increase of \$943,538 or 20.4 percent over 1952-53. The increase				
29	in average population in 1953-54 is 9.5 percent over 1952-53.				
30					
31	<b>SALARIES AND WAGES:</b> The increase of \$724,079 is accounted for as follows: 139 new positions at a cost of \$391,956 are				
32	explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary. The balance of the				
33	increase in salary expenditures in 1953-54 is due to the increased cost of authorized positions and decreased salary savings which				
34	results primarily from the delayed opening date of the new receiving and treatment facility (originally planned earlier in the				
35	1952-53 Fiscal Year).				
36					
37	<b>OPERATING EXPENSES:</b> The increase of \$236,767 is accounted for as follows: the enriched food ration for the estimated popu-				
38	lation in 1953-54 accounts for a gross ration increase of \$113,339 (a net ration increase after local production of \$100,373). The				
39	augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$4,751. The light,				
40	heat, and power requirements for the new receiving and treatment building amount to \$23,700. Other factors of change, primarily				
41	due to population and price, account for the balance.				
42					
43	<b>EQUIPMENT:</b> The amount of \$81,939 provides \$43,640 for replacement and \$38,299 for additional equipment. The replacement				
44	equipment amounts to 3.4 percent of equipment investment on June 30, 1952. The following are significant additional items of				
45	equipment: office equipment for new positions, \$4,585; dictating equipment, \$1,056; feeding equipment, \$3,934; medical equip-				
46	ment, \$3,089; chapel equipment, \$2,738; music equipment, \$1,167; power equipment for maintenance of grounds, \$926.				
47					
48	<b>REIMBURSEMENTS:</b> A total of \$99,497 is estimated for 1953-54, a decrease of \$450 from 1952-53. The reimbursements consist				
49	primarily of meal sales and rental of living quarters to employees, and sale of surplus products.

Department of Mental Hygiene

NORWALK STATE HOSPITAL

A hospital for mental patients, located at Norwalk, Los Angeles County.

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	SUMMARY AND				
2	RECONCILIATION WITH APPROPRIATIONS				
3	General Fund				
4	SUPPORT				
5	Budget Act appropriation	\$2,521,405	\$2,836,401	\$3,247,293	\$410,892
6	Allocations from Salary Increase Fund	202,585	152,818	-	-152,818
7	Allocations from Emergency Fund	27,303	28,494	-	-28,494
8	Allocations from Price Increase Fund	156,003	-	-	-
9	Total Available	\$2,907,296	\$3,017,713	\$3,247,293	\$229,580
10	Unexpended balance, estimated savings	-120,340 a	-20,152 b	-	20,152
11	TOTAL EXPENDITURES FOR SUPPORT	\$2,786,956	\$2,997,561	\$3,247,293	\$249,732 (8.3%)

12	GENERAL ANALYSIS				
13	Number of positions	630.1	603.6	646.7	43.1
14	POPULATION AND UNIT COSTS				
15	Average population	2,456	2,214	2,109	-105
16	Per capita cost	\$1,135	\$1,354	\$1,540	\$186 (13.7%)
17	Total expenditures for support in 1953-54 amount to \$3,247,293, an increase of \$249,732 or 8.3 percent over 1952-53. The average population for 1953-54 is 4.7 percent less than 1952-53.				

SALARIES AND WAGES: The increase of \$223,823 is accounted for as follows: Twenty-one new positions at a cost of \$89,292. Complement positions affecting all hospitals are explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary and the two miscellaneous positions are explained below.

One new seamstress position is required in addition to the authorized tailor, seamstress, and assistant seamstress to care for all the patients' clothing and the mending of linens. Space is available at the laundry for the function of mending the volume of clothing, bedding, linen and other articles prior to distribution to the wards to lengthen the life of the items.

A steam fitter position is required for this institution to provide proper maintenance for the long network of steam and return lines, traps, drainers, drains, and pressure regulators, all of which require continuous inspection, repair, or replacement. The institution has 1,000 boiler horsepower which provides steam for 33 wards for heat, dishwashing, and hot water generation plus a separate steam plant at the dairy, Ward 20, and the slaughterhouse. The balance of increase in salary expenditures in 1953-54 is due to the increased cost of authorized positions and decreased salary savings.

OPERATING EXPENSES: The increase of \$5,902 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$37,658 (a net ration increase of \$29,187 after local production). The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$2,003. Other factors of change are due primarily to the estimated reduction in patient population and price changes.

EQUIPMENT: The amount of \$148,624 provides \$86,114 for replacement; \$62,510 for additional equipment. The replacement equipment amounts to 8.7 percent of equipment investment on June 30, 1952. The following are significant additional items of equipment: office equipment for new positions, \$3,319; dictating equipment, \$4,928; filing equipment, \$2,500; power lift for warehouse, \$3,250; medical equipment, \$9,074; chapel equipment, \$2,200; pianos, \$1,200; television sets, \$1,600; fire hose, \$1,320; homogenizer, \$3,000.

REIMBURSEMENTS: A total of \$77,936 is estimated for 1952-53 and 1953-54 and consists of services to employees and sale of surplus products.

## GENERAL ANALYSIS

Number of positions 930.5 952.5 987.5 35

## POPULATION AND UNIT COSTS

Average population 4,295 4,230 4,118 -112  
 Per capita cost \$989 \$1,103 \$1,180 \$77  
 (7%)

Total expenditures for support in 1953-54 amount to \$4,860,813, an increase of \$193,108, or 4.1 percent over 1952-53. The average population for 1953-54 is 2.7 percent less than 1952-53.

**SALARIES AND WAGES:** The increase of \$193,974 is accounted for as follows: Twenty-two new positions at a cost of \$85,770. Complementary positions affecting all hospitals are explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary. In addition, a miscellaneous position consisting of a refrigeration engineman is required to operate and maintain the variety and volume of refrigeration units including compressors for the 13 walk-in boxes, ice making equipment, compressors at the dairy, refrigerated water coolers and household boxes, and air conditioning equipment for the new auditorium. The increased cost of authorized positions and salary savings account for the balance of increase in salary and wages.

**OPERATING EXPENSES:** The increase of \$29,295 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$54,170 (a net ration increase of \$26,107). The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$3,912. An expansion in poultry operation is included at a cost of \$6,000 in order to locally produce a greater amount of the institution's egg requirements. The other factors of change are primarily due to population and price adjustments.

**EQUIPMENT:** The amount of \$104,133 provides \$59,287 for replacement and \$44,846 for additional equipment. The replacement equipment amounts to 4.1 percent of equipment investment on June 30, 1952. The following are significant additional items of equipment: office equipment for new positions, \$2,686; feeding equipment, \$10,900; ward and cottage furniture, \$5,000; sterilizers, \$1,500; television sets, \$1,500; pianos, \$1,200; drill press, \$1,400; truck mounted manure spreader, \$1,335.

**REIMBURSEMENTS:** A total of \$68,362 is estimated for 1952-53 and 1953-54. The reimbursements consist primarily of meal sales and rental of living quarters to employees and sale of surplus products.

## GENERAL ANALYSIS

Number of positions 1,062.5 1,035.5 1,151.4 115.9

## POPULATION AND UNIT COSTS

Average population 4,535 4,575 4,917 342  
Per capita cost \$1,014 \$1,112 \$1,143 831  
(2.8%)

Total expenditures for support in 1953-54 amount to \$5,619,207, an increase of \$530,662 or 10.4 percent over 1952-53. The average population for 1953-54 is 7.5 percent greater than 1952-53.

**SALARIES AND WAGES:** The increase of \$322,055 is attributable to the 140 new positions. Complement positions affecting all hospitals are explained under "State Hospital and Homes for Mentally Deficient" following the departmental summary, and the five miscellaneous positions are individually explained below.

Two additional telephone operators are required to cover the increasing traffic with two operators on duty during the day shift and one operator on duty during each of the other two shifts.

Two stationary engineers are required one of which is for the general maintenance work of the institution and one to service and maintain the 300 tons of refrigeration in the new receiving and treatment building. One electrician is necessary for the increasing load added by the new buildings which is more than the two authorized positions can handle.

**OPERATING EXPENSES:** The increase of \$204,648 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$103,499 (a net ration increase of \$76,402). The augmented allowance for rehabilitation therapy supplies for the estimated population in 1953-54 amounts to \$4,672. The light, heat, and power cost increase of \$19,081 is due primarily to the new buildings to be in operation. The food processing cost increase of \$15,000 is to provide for the canning of apricots and peaches in 1953-54. Other items of change are due primarily to population and price factors.

**EQUIPMENT:** The amount of \$143,069 provides \$83,900 for replacement and \$59,169 for additional equipment. The replacement equipment amounts to 5.7 percent of equipment investment on June 30, 1952. The following are significant additional items of equipment: office equipment for new positions, \$2,964; dictating equipment, \$2,100; sack piler, \$1,000; feeding equipment, \$14,529; utensil sterilizers for tubercular cottages, \$2,060; autoclave, \$2,050; television sets, \$2,500; pianos, \$1,200; pickup truck, \$1,350.

**REIMBURSEMENTS:** A total of \$109,866 is estimated for both 1952-53 and 1953-54 Fiscal Years and is attributable to meal sales and rentals to employees, and sale of surplus products.

## GENERAL ANALYSIS

Number of positions----- 596.2 569.1 592.3 23.2

## POPULATION AND UNIT COSTS

Average population----- 2,015 2,000 2,000 -  
Per capita cost----- \$1,196 \$1,360 \$1,450 \$90  
(6.6%)

Total expenditures for support in 1953-54 amount to \$2,899,944, an increase of \$179,060, or 6.6 percent over 1952-53. The average population remains unchanged in the 1953-54 Fiscal Year.

**SALARIES AND WAGES:** The increase of \$117,436 is accounted for as follows: Fifteen new positions at a cost of \$53,472. Complement positions affecting all hospitals are explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary. A miscellaneous position consisting of a seamstress is required for the sewing room to accomplish the mending of patients' clothing and linens. The balance of increase in salary expenditures is attributable to the increased cost of the authorized positions partially offset by increased salary savings.

**OPERATING EXPENSES:** The increase of \$53,991 is due primarily to the following: The enriched food ration for the 1953-54 population accounts for a gross ration increase of \$44,531, a net ration increase of \$43,822 after local production. The increased allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$1,458.

**EQUIPMENT:** The amount of \$87,259 provides \$47,509 for replacement, and \$39,750 for additional equipment. The replacement equipment amounts to 6.1 percent of the equipment investment on June 30, 1952. The following are significant additional items: office equipment for new positions, \$1,554; dictating and transcribing equipment, \$1,400; filing equipment, \$1,500; feeding equipment, \$5,874; medical equipment, \$4,344; equipment for religious services, \$1,200; power lawn mower, \$850; pickup truck, \$1,350; dump truck, \$2,625.

**REIMBURSEMENTS:** A total of \$60,538 is estimated for 1953-54, which is primarily for services to employees. No significant change is estimated from 1952-53.

## GENERAL ANALYSIS

Number of positions----- 313.1 414.8 101.7

## POPULATION AND UNIT COSTS

Average population----- 148 1,255 1,107  
Per capita cost----- \$3,668 \$1,354 —\$2,314

The budget for the Porterville State Home is based upon the buildings that will be ready for occupancy during the 1953-54 Fiscal Year. It is planned to accept 890 patients in this institution on May 1, 1953, and increase such number to 1,010 on July 1, 1953. On January 1, 1954, when seven additional ward buildings are completed, the capacity will be 1,500 patients. The budget is therefore based on a population of 1,010 for the first six months and 1,500 for the last six months of the 1953-54 Fiscal Year.

The staffing of this institution is based largely upon a post assignment program and as the number of patients in the hospital increase, a proportionate increase in employees will not be required.

Provision has been made for the establishment of certain groups of positions prior to the actual opening date of the hospital. This provides the hospital's departments the time to be organized, equipped, and completely functioning when the first patients are received. Accordingly, psychiatric technician trainees and other employees must be recruited and trained in the duties of the position to which they are assigned. Passage of a special bill is required to provide the necessary financing for support operations during the 1952-53 Fiscal Year.

The general administrative office, accounting, storekeeping, and telephone staffs provided are based on the standard for administrative and clerical employees established for existing institutions. Key administrative positions must be provided similar to those in other hospitals which will not increase in number as the size of the institution increases.

The staffing standards for feeding personnel follow the patterns budgeted in the other institutions. The complement of laundry personnel provided takes into account some utilization of patient help.

The complement of ward employees is based on 13 wards being occupied May 1, 1953, the hospital building being occupied by July 1, 1953, and seven additional wards occupied on January 1, 1954. The ward coverage provided is as follows:

Classification	Ward Data		Patient Capacity	Ward Coverage Budgeted			
	Type	Number		Base	Relief	Total	Ratio
7	Hospital	2	100	24	14	38	2.6
1	Nursery	2	140	24	14	38	3.7
4	Infirmery	2	140	22	13	35	4.0
5	Nonacute	16	1,120	105	64	169	6.6
		22	1,500	175	105	280	5.4

The professional and technician personnel are patterned after the staffing in the other hospitals.

The buildings at this institution are equipped with radiant heat and other modern mechanical and refrigeration facilities. Heating is provided 24 hours daily and requires a complete staffing of boiler plant employees. When the buildings are occupied, many mechanical facilities must be adjusted and placed in operating condition, along with other installation and repair work which requires an engineering staff that will not have to be significantly changed as the population increases. Equipment operators are provided for the various hauling and delivery assignments.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54

## GENERAL ANALYSIS

Number of positions ----- 821.2 923.6 967 43.4

## POPULATION AND UNIT COSTS

Average population ----- 3,180 3,200 3,200 -  
Per capita cost ----- \$1,219 \$1,357 \$1,431 \$74  
(5.5%)

Total expenditures for support in 1953-54 amount to \$4,578,537, an increase of \$244,236 or 5.6 percent over 1952-53. The average population is estimated at 3,200 for both the 1952-53 and 1953-54 Fiscal Years.

**SALARIES AND WAGES:** The increase of \$214,311 is accounted for as follows: Fifteen new positions at a cost of \$54,186. Complement positions affecting all hospitals are explained under "State Hospitals and Homes for Mentally Deficient" following the departmental summary. A miscellaneous position consisting of a refrigeration engineer is required for the refrigeration units in this hospital and the ice-making machinery plus the new kitchen and commissary unit which will have over 300 tons of refrigeration when it is placed in operation January 1, 1954. The increased cost of authorized positions and decreased salary savings account for the balance of the increase.

**OPERATING EXPENSES:** The increase of \$54,526 is accounted for as follows: The enriched food ration for the estimated population in 1953-54 accounts for a gross ration increase of \$73,394 and a net ration increase after local production consumed of \$49,010. The increased allowance for rehabilitation therapy supplies for the estimated population in 1953-54 accounts for \$3,520. Other factors of change are primarily due to price adjustments.

**EQUIPMENT:** The amount of \$91,000 provides \$54,596 for replacement and \$36,404 for additional equipment. The replacement equipment amounts to 4.6 percent of the equipment investment on June 30, 1952. The following are significant additional items: office equipment for new positions, \$1,698; sewing machine, \$1,339; medical equipment, \$9,227; bench lathe, \$1,545; tractor and attachments, \$1,880.

**REIMBURSEMENTS:** A total of \$56,969 is estimated for the 1953-54 Fiscal Year, and it consists primarily of services to employees and sale of surplus products.

## OFFICE OF THE ADJUTANT GENERAL

The Office of the Adjutant General includes: the California National Guard to help guarantee internal security of the State and provide an organization prepared in an emergency to become a part of the national military forces; the California National Guard Reserve for defense and security of California while the California National Guard is in federal service; and the California Cadet Corps for military training of high school, junior college, or college students.

## GENERAL ANALYSIS

53	Number of Positions:				
54	Adjutant General, National Guard, and Reserve -----	339.4	342.8	321.9	—20.9
55	California Cadet Corps -----	11.9	12.8	12.6	—0.2

56 The 1953-54 program provides for operation of the Office of the Adjutant General with all California National Guard organizations re-

57 turned to state service. The last unit will be released from federal service January 1, 1953.

58 With the return of National Guard organizations to state service the California National Guard Reserve will be discontinued as an

59 active state military force. It is proposed to continue this organization in an inactive state militia status. Maintenance of a state

60 reserve force is considered necessary because of the unsettled international situation.

61 The California Cadet Corps is continued on the basis of training approximately 6,800 cadets in 119 schools throughout the State.

62

63 <sup>a</sup> Composed of savings in salaries and wages, \$611,974; operating expenses, \$643,981; equipment, \$153; and loss in reimbursements,

64 \$4,179.

65 <sup>b</sup> Composed of savings in salaries and wages, \$357,452; operating expenses, \$165,164; equipment, \$1,790; and excess reimbursements,

66 \$2,070.

67 <sup>c</sup> Composed of savings in salaries and wages, \$2,562; operating expenses, \$19,195; and equipment, \$795.

68 <sup>d</sup> Composed of savings in salaries and wages, \$3,097; and operating expenses, \$1,205.

61	MAINTENANCE AND OPERATION OF INSTALLATIONS						
64	Analysis						
65	This function provides for the maintenance and operation of state-owned and leased armories, air and ground installations licens						
66	from the Federal Government, and the State's interest in Camp San Luis Obispo.						
68	Fourteen additional custodial positions are proposed for the operation of eight armories, a rifle range, and new air facilities to						
69	completed during 1953-54.						
70	Operating expenses reflect increases for armory rentals, utilities, and operation and maintenance expenses for units returned fro						
71	federal service.

23	FIELD ORGANIZATION—NATIONAL GUARD							
24								
25	Analysis							
26								
27								
28	This function is concerned with the expenses related to the field units of the California National Guard which are not paid for by the							
29	Federal Government. It includes administrative help for headquarters units, expenses for recruiting, medical examinations, offi-							
30	cers' uniforms, officer candidate schools, rifle and pistol matches, and week-end field exercises.							
31	Active duty positions for staffing an additional officer candidate school for personnel of the 40th Division and other returned units in							
32	the southern part of the State are proposed, as the need for filling officer vacancies continues.							
33	Operating expenses are generally budgeted at the expenditure level prevailing prior to the induction of units into federal service. Recruit-							
34	ing is increased to provide for publication of a monthly "California Guardsman" magazine. The increase for medical examinations is							
35	based on an estimated 4,435 new enlistments and re-enlistments in 1953-54 resulting from the intensified recruiting program. The							
36	item of uniform allowance is increased to provide for a larger number of officers due to the return of units from federal service.							
37

2	<b>CALIFORNIA NATIONAL GUARD RESERVE</b>						
3							
4	<b>Analysis</b>						
5							
6	Organization of the California National Guard Reserve is authorized by Section 550 of the Military and Veterans Code, which provides						
7	as follows: "Whenever any part of the National Guard of the State is in active federal service, or when Congress so consents thereto,						
8	the Governor is authorized to organize and maintain within this State during such period, under such regulations as the Secretary						
9	of Defense of the United States may prescribe for discipline in training, such forces as the Governor may deem necessary to defend						
10	and for the security of this State."						
11	With the return of the 40th Division in September, 1952, and with the last major unit in federal service to be returned January 1, 1953,						
12	the California National Guard Reserve is to be discontinued as an active state reserve force. In view of the unsettled international						
13	situation, however, it is proposed to continue the California National Guard Reserve in an inactive state militia status with the						
14	organizations and units retained as an expansible cadre. For direction and administration of the organization's affairs it is proposed						
15	to retain a full-time officer position at state headquarters and a full-time officer position and clerk at each of the two division						
16	headquarters.

42	CALIFORNIA CADET CORPS							
43								
44	Analysis							
45								
46	The California Cadet Corps provides a military training program for schools of high school and junior college level in this State.							
47	The corps provides a program for those schools, not in the R.O.T.C. program, which believes military training as a school							
48	function is essential to male students in preparation for the responsibilities of citizenship. Periodical inspections of each school							
49	are made by supervisors from the Adjutant General's Office. Equipment, including uniforms and rifles, for maintaining the corps							
50	is furnished by the State. Leadership schools, rifle matches, and a field training encampment are provided each year.							
51	The current level of service is continued for 1953-54 to provide for an estimated 119 schools and 6,800 cadets participating in the							
52	program.							
53

## DEPARTMENT OF MOTOR VEHICLES

Registers motor vehicles and maintains registration records, licenses operators of motor vehicles, enforces the provisions of the financial responsibility law relating to vehicle accidents and collects the "in lieu" tax on motor vehicles.  
 Motor Vehicle Fund finances the major portion of the activities of the department.  
 Motor Vehicle License Fee Fund finances in part those activities connected with the collection of the "in lieu" tax.

## GENERAL ANALYSIS

38	Number of positions -----	2,515.2	2,587.8	2,773.8	186
39	The proposed budget of the department provides for no basic program change. Additional positions are recommended in the line divisions to meet anticipated increased work load. Other increases are one additional position in the Division of Registration, and five additional field supervisors in the Division of Field Office Operations to strengthen the administration of these two divisions; a 25 percent increase in the Driver Improvement program; costs of operating the new building in Sacramento; and the establishment of additional branch offices.				

<sup>a</sup> Composed of savings in salaries and wages, \$130,494; operating expenses, \$22,102; equipment, \$13,042; and loss in reimbursements, \$5,730.

<sup>b</sup> Composed of savings in operating expenses, \$112,646; and excess reimbursements, \$360.

1							
2	<b>DIVISION OF ADMINISTRATION</b>						
3							
4	Analysis						
5							
6	This function includes the office of the director, general administration, fiscal and personnel sections, and procedures and analyses.						
7	An increase in temporary help is proposed to provide for increased work load.						
8	Increases in operating expenses are based on work load, the necessity of printing Motor Vehicle Codes and Summaries, and provision for						
9	the payment of teletype service furnished by the Department of Justice.						
10							
11	<b>SALARIES AND WAGES</b>

44	DIVISION OF REGISTRATION							
45	Analysis							
46	This function provides for the registration of all motor vehicles and for the processing of all transactions related to such registration.							
47	Increases are due to provision for an increased work load brought about by estimated additional automobile registrations and related transactions.							
48	One additional position is included in the general administration function to handle administrative details.							
49	Additional temporary help is proposed to provide for work load increases in general operations.							
50	Fifteen additional positions in the mechanical processing section are required to handle work load increases.							
51	Amounts budgeted for operating expenses are based upon the estimated volume of registrations and assumed price levels.							
52	Comparative Work Load

1	DIVISION OF FIELD OFFICE OPERATIONS						
2							
3							
4	Analysis						
5							
6	Includes the operation of branch offices and performs the following services: Registers motor vehicles, issues drivers' licenses, and fur-						
7	nishes information regarding the financial responsibility law.						
8	Increases in this function are due primarily to the following:						
9	1. Provision for an additional six positions for general administration, five of which are to strengthen field supervision, and one to						
10	relieve the division chief of administrative work load.						
11	2. Provision for an additional 74 positions for existing branch offices to meet anticipated increased work load in 28 locations as fo-						
12	lows: Alameda, Bakersfield, Berkeley, Compton, Culver City, Glendale, Hayward, Hollywood, Long Beach, Los Angeles, Madera,						
13	Pasadena, Porterville, Redwood City, Richmond, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, Santa						
14	Ana, Santa Barbara, Santa Maria, Stockton, Vallejo, Watsonville, Weaverville, and Whittier.						
15	3. Provision for an additional 32 positions to staff new branch offices.						
16	4. Operating expenses and equipment related to the above additional positions.						
17

19							
20	FINANCIAL RESPONSIBILITY						
21							
22	This function contains provision for administration of the Financial Responsibility Law regarding motor vehicle accidents. The work						
23	load, based on reports handled, shows an increase of 9.6 percent over 1952-53. Because of an increased efficiency derived from						
24	the installation of new filing equipment in 1952-53, no additional positions are required to handle this increased work load. The						
25	major increase in operating expense is caused by printing pamphlets explaining the Financial Responsibility Law.						
26

## DEPARTMENT OF FISH AND GAME

The Department of Fish and Game, administered by the director under general policies established by the Fish and Game Commission and the statutes is responsible for the enforcement of state fish and game laws, including regulation of commercial fishing; the establishment and maintenance of fish hatcheries; importation, propagation, and distribution of wild life; the control of predators; research; and the collection of statistics covering all phases of fish and game.

## GENERAL ANALYSIS

Number of positions 704.9 779.7 796.5 16.8

The 1953-54 Fiscal Year budget as proposed provides for continuation of existing programs and level of service. The budget is presented on the basis of the new organization structure and insofar as possible, 1951-52 and 1952-53 Fiscal Year expenditures are reported as though the new organization had been in effect during the whole of such periods. The staffing pattern of the agency reflects continuation of the reorganization program approved for the 1952-53 Fiscal Year. Ten additional positions in Field Services-Fisheries Management are provided to staff new hatcheries at Darrah Springs and Moccasin Creek. The reorganization is the source of a part of the increase in operating expenses such as travel, subsistence, and automobile operation. Also, new facilities will be brought into operation during the budget year. In addition a substantial increase in fish food expense is provided as the program to release more catchable size trout makes it necessary to hold fish in the hatcheries for longer periods.

1	REGIONAL HEADQUARTERS						
2	Analysis						
3							
4							
5	This function provides for the decentralized management of the Department of Fish and Game program in each of five regions of the State. The regional managers and staff act as coordinators to unify policy in separately operated fish and game programs, wildlife protection, and conservation education in each of the regions.						
6

a Chapter 1177, Statutes of 1951, requires annual reimbursement to counties equal to the county taxes levied on game management areas at the time of acquisition by the State. At the time of preparation of the 1953-54 Governor's Budget tax bills had been received from only one county.

## Department of Fish and Game

## MARINE RESEARCH COMMITTEE

Research in the development of commercial fisheries of the Pacific Ocean and of marine products susceptible to being made available to the people of California, as authorized by Chapter 1276, Statutes of 1947. (Payable from privilege tax on sardines, pacific and jack mackerel, and anchovies to be levied until December 31, 1955, as authorized by Chapter 1108, Statutes of 1951.)

## GENERAL ANALYSIS

The Marine Research Committee is composed of nine members of which at least five are members experienced in and actively engaged in the canning or reduction of California sardines.

The proposed budget for the 1953-54 Fiscal Year represents a reduction as compared to the current and prior fiscal years thereby reflecting an expenditure program related to estimated revenues. The revenue based upon a tonnage tax on sardines is reduced due to a reduction in the estimated sardine catch.

## Department of Fish and Game

## WILDLIFE CONSERVATION BOARD

The Wildlife Conservation Board created by Chapter 1325, Statutes of 1947, is charged with administration of the Wildlife Restoration Fund in accordance with the Wildlife Conservation Act for the betterment of wild life and recreation in the State. The board is composed of the Director of Finance, the President of the Fish and Game Commission, and the Director of the Department of Fish and Game. In addition to the board, the act created a Joint Interim Investigating Advisory Committee composed of three Members of the Senate, appointed by the Committee on Rules, and three Members of the Assembly appointed by the Speaker.

## GENERAL ANALYSIS

Number of positions----- 4.5 5 5 -

The board is responsible for the allocation of funds for acquisition of land and construction of facilities suitable for conservation, propagation, and utilization of the fish and game resources of the State.

Under the provisions of Chapter 1401, Statutes of 1951, an additional \$1,000,000 will be available for the above purposes during the 1953-54 Fiscal Year.

No substantive change in the program is proposed, however, funds are recommended for engineering consultants to undertake some of the studies heretofore referred by the board to the Department of Public Works.

## Department of Natural Resources

## DEPARTMENTAL ADMINISTRATION

The Department of Natural Resources administers the conservation laws of the State and those relating to the development of its natural resources. Departmental administration provides for the office of the director, the accounting section, the property section, and the personnel section which serve all divisions of the department and coordinates the conservation education program.

Office at Sacramento

57	<b>GENERAL ANALYSIS</b>				
58					
59	<b>Support</b>				
60	Number of positions	92	95.1	78.8	—16.3
61					
62	Provision is made for continuing current departmental administration services during the 1953-54 Fiscal Year, except for the Depart-				
63	ment of Fish and Game, plus \$600 for preparing small portable conservation exhibits for display at conservation conferences and				
64	other meetings. An amount of \$7,800 is also proposed to reimburse the Department of Fish and Game for the pro rata share of				
65	departmental administration equipment which cannot be transferred to the new department.				
66	The 1952-53 Fiscal Year Budget was prepared on the basis that the Department of Fish and Game would perform its own account-				
67	ing and personnel services effective July 1, 1952. Due to space limitations the change over did not occur, however, and the 1952-53				
68	departmental administration budget reflects the provision of these services to the Department of Fish and Game until April 1, 1953.				
69	As of that date a reduction of 14.9 positions with total annual salaries of \$41,016 and a reduction in operating expenses aggregating				
70	\$3,038 annually are reflected for positions to be transferred. Reductions equal to pro rata administrative charges to the Department				
71	of Fish and Game cannot be made because of the inseparable services performed by departmental administrative and supervisory				
72	positions and other department-wide services. Therefore, the 1953-54 Fiscal Year administrative charges reflect a redistribution be-				
73	tween Special and General Fund divisions in proportion to services provided to each division.				
74					
75					
76	<sup>a</sup> Composed of savings in salaries and wages, \$28,563; operating expenses, \$5,309; equipment, \$2; and loss in reimbursements, \$4,497.				
77	<sup>b</sup> Composed of savings in salaries and wages, \$47,749; operating expenses, \$7,083; equipment, \$568; and loss in reimbursements, \$30,798.				
78	<sup>c</sup> Appropriation not scheduled as to category.

6	To provide an exhibit at the State Fair illustrating the activities of the several divisions of the Department of Natural Resources relating to the development, utilization, and conservation of the State's natural resources.						
7							
8	Analysis						
9							
10							
11	The Department of Natural Resources 1952 State Fair exhibit included the Department of Fish and Game exhibit. 1953-54 reflects the proposed expenditures for the Department of Natural Resources exhibit only. However, it is planned to again coordinate the exhibits of the two departments at the 1953 State Fair.

49							
50							
51	Analysis						
52							
53							
54	Effective April 1, 1953, the Department of Fish and Game will perform its own accounting and personnel services; \$7,800 is proposed to reimburse the department for the pro rata share of Departmental Administration equipment which cannot be transferred. The total share of the Department of Fish and Game has been determined to be \$17,184. Of this total amount, equipment items valued at \$9,425 will be transferred.

## GENERAL ANALYSIS

Number of positions 367.3 373.4 393.2 19.8

The 1953-54 Fiscal Year program provides for increased maintenance expenses for opening newly developed parks and for increased attendance at existing areas. Additional administrative assistance and positions for planning and development activities for existing areas and newly acquired areas are also provided.

## ADMINISTRATION

## Analysis

Provision is made for expenses of the State Park Commission and administrative offices for business management and conservation education. An additional position of administrative trainee is proposed to assist the administrative service officer with administrative, fiscal and general office duties. Twelve months temporary help is proposed for the conservation education section, for the 1953-54 Fiscal Year to overcome the backlog in preparation of park folders, photographic materials preparation, and preparation of a training manual for the park naturalist program.

46							
47	Analysis						
48							
49	Provision is made in this function for maintenance and operation of beaches, parks, historical monuments, and riding and hiking trails in the State Park System.						
50	Additional positions with related operating expenses and equipment are proposed for newly acquired and developed areas and for existing areas where increased attendance and public demand has made it necessary to increase staffing as follows:						
51	State park ranger III, Turlock Lake						
52	State park ranger II, one each, Natural Bridges, Anza Desert, Salton Sea, Tomales Bay, Ide Adobe, and Marin						
53	County riding and hiking trails						
54	State park ranger I, one each, Natural Bridges, Salton Sea, and Morro Bay						
55	Janitor, Monterey Monuments						
56	Park attendant, Anza Desert (8 months), Salton Sea (16 months), Tomales Bay (3 months), Humboldt Red-						
57	woods (6 months), Jedediah Smith (4 months), Donner Memorial (3 months), D. L. Bliss (3 months), Silver						
58	Strand (4 months), riding and hiking trails District VI (16 months), Palomar Mountain (4 months), and						
59	San Buenaventura Beach (6 months)						
60	State park ranger I, Van Dame Beach (3 months).						
61	Three additional curators I are proposed to allow seven-day operation of historical monuments.						
62	A highway equipment operator-laborer is proposed to operate and maintain the heavy equipment in District V.						
63	Beach cleaning equipment is proposed for San Buenaventura Beach to handle the removal of kelp and driftwood.						
64

## Department of Natural Resources

## DIVISION OF FORESTRY

The Division of Forestry is responsible for the prevention and suppression of forest fires occurring on all state and private lands having state-wide interest values; for furnishing fire protection on a reimbursable basis to counties on request for local rural areas; for administration and enforcement of forest practice rules; for forestry advisory services; for range improvement programs; for production of nursery stock for public plantings, windbreak, soil erosion control, and reforestation purposes; for management of state forests; for control of white pine blister rust and forest insect infestations in cooperation with federal and private agencies; and for cooperation with the Federal Government on forest surveys.

## GENERAL ANALYSIS

## Number of Positions:

Regular -----	466.4	479.9	491.1	11.2
Seasonal—equivalent man-years -----	1,352.1	1,407	1,450.9	43.9
Totals -----	1,818.5	1,886.9	1,942	55.1

The Division of Forestry program proposed for the 1953-54 Fiscal Year continues currently budgeted services with increases in various functions as follows:

Fire Prevention Education: One additional deputy state forester position to have staff responsibility for the state-wide fire prevention education and law enforcement activities of the division.

District Headquarters: Three additional automobile mechanics for district automotive repair shops and two part-time clerical positions for increased county cooperative fire suppression agreement work load.

Field Services: Additional fire fighting personnel to adequately staff fire suppression camps for seven days per week operation during the fire season and to provide a year-around nucleus of trained foremen to train and supervise seasonal employees hired each year.

Forestry Work Camps: Four additional forestry work project foremen positions for staffing the Whitmore Forestry Work Camp for reactivation July 1, 1953.

Forest Management: Two additional forest technician and one assistant forest technician positions for farm forestry services and operation of state forests.

State Nursery: One part-time laborer position for increased production and maintenance activities.

## ADMINISTRATION

## Analysis

The function of administration includes the Office of the State Forester, business management, fire control, engineering section, and the operation of the Davis warehouse and equipment repair shop.

Divisional administration services reflect operating expense increases for reprinting four forestry handbooks and the installation and maintenance of 175 additional radio units throughout the division.

Major equipment items provide for the replacement of three automobiles, 1,000 blankets at the Davis laundry, and an amount of \$12,500 for purchase on a trial basis of newly developed specialized fire fighting equipment for field testing. In addition funds requested for the purchase of miscellaneous equipment items for all functions in the division have been consolidated under administration for better budgetary control and utilization of these funds.

43	FIRE PREVENTION EDUCATION						
44							
45	Analysis						
46							
47	Fire Prevention Education activities provide a fire prevention program through printed literature, posters, correspondence, public						
48	appearances, and the medium of motion pictures.						
49	One new deputy state forester is proposed to head up and coordinate the division's state-wide fire prevention education and law enforce-						
50	ment activities and to assist the State Forester with plans, programs, and meetings of the State Board of Forestry.						
51	Operating expense increases provide for additional printed educational material, scientific investigations for hazard reduction and fire						
52	prevention, and for county fair exhibits.						
53	Major equipment items include an additional talking "Smokey Bear," moving picture film, movie and television trailers, and the replace-						
54	ment of two projectors.

14	<b>FOREST PROTECTION</b>						
15							
16	<b>FIELD OPERATIONS—DISTRICT HEADQUARTERS</b>						
17							
18	<b>Analysis</b>						
19							
20	The Division of Forestry is divided into six administrative districts with activities in each district coordinated through district head-						
21	quarters. Personnel assigned full time to maintenance of Division of Forestry installations, also, operate on a district-wide basis						
22	from these headquarters.						
23	Three additional automobile mechanics are proposed for district headquarters repair shops. Automobile operation costs reflect pro-						
24	portionate reductions for repairs and maintenance performed at Division of Forestry shops. Two part time clerical positions are						
25	recommended for increased work load of county cooperative fire protection agreements reimbursed through administrative charges						
26	to counties.						
27	Major equipment items include replacement of automobiles and complements of tools for the new mechanics.						
28

44	FIELD OPERATIONS—FIELD SERVICES						
45							
46	Analysis						
47							
48	This function provides for the operation of fire suppression camps, forest fire lookout stations, and county headquarters offices.						
49	Proposed increases in this function are as follows:						
50	One forest fire dispatcher for Humboldt County to free an assistant ranger for field work due to increased logging						
51	operations and other ranger work load increases in this area.						
52	Three part-time intermediate typist-clerks for increased clerical work load at county ranger headquarters. Clerical posi-						
53	tions are not now provided for these counties.						
54	Three forest fire fighter foreman as patrolmen for areas where increased public use and lumbering activities have						
55	brought about increased fire hazards.						
56	355 man months forest fire fighter foremen replacing 355 man months of forest fire fighters to provide adequate super-						
57	vision for fire suppression crews on a seven days per week basis during the fire season.						
58	245 man months forestry equipment operator to provide seven days per week manning of all bulldozers and transport						
59	trucks for the average months of operation during the fire season.						
60	127 man months forest fire lookout for seven days per week staffing of all lookout towers for the average months of						
61	operation during the fire season.						
62	161 man months forest fire fighter foreman for the winter period to provide a year-around foreman position for each of						
63	the 222 fire suppression stations and 17 patrolmen. Year-long employment is considered necessary in order to have a						
64	nucleus of trained foremen to receive, train, and supervise the seasonal fire suppression employees hired each year.						
65	Equipment items consist principally of replacement sedans, crew trucks, fire trucks, fire suppression, and field items; additional auto-						
66	motive equipment for new positions; additional radio equipment to complete the divisions radio plan for providing the necessary com-						
67	plement for each district; and six additional transport trucks to provide a transport for each bulldozer.

37	<b>FIELD OPERATIONS—FORESTRY WORK CAMPS</b>						
38	<b>Analysis</b>						
39	Forestry work camps for forest protection and fire suppression work are provided for 285 inmates of the Youth Authority and 540 inmates from the Department of Corrections. Three permanent camps and six "spike" or temporary camps are provided for Youth Authority inmates; and nine permanent camps are provided for Department of Corrections inmates. In addition, the Whitmore Forestry Work Camp is to be reactivated July 1, 1953, for an additional 60 inmates from the Department of Corrections.						
40	Four additional forestry work project foremen are proposed for staffing the Whitmore Forestry Work Camp.						
41	Four foreman positions provided for an estimated three months operation of the new Pasqual Forestry Work Camp to be constructed in 1952-53 are extended for the 1953-54 Fiscal Year also.						
42	Major equipment items include the replacement of automobiles, fire suppression equipment, additional radios, and shop tools for in-camp work projects.

61	<b>FOREST MANAGEMENT</b>						
62							
63	<b>Analysis</b>						
64							
65	Forest management includes administration of the Forest Practices Act to promote sustained productivity of forest lands, consultation						
66	service on farm forestry, and management of state forests.						
67	Two additional forest technicians, one each for Mendocino and Butte counties, are proposed to provide technical forestry services to						
68	small private timber ownerships. The need to provide these services to obtain compliance with Forest Practices Act regulations and						
69	to maintain forest productivity plus the increased demand for these services since the withdrawal from this field by the federal						
70	government has increased the work load beyond the capacity of the present staff.						
71	One additional assistant forest technician is proposed for the Jackson State Forest for increased work load of timber sales, experimental						
72	projects, custodial duties, and forestry work camp project direction. Timber sales from state forests are estimated to increase						
73	from \$30,000 in 1951-52 to \$200,000 in 1952-53.						
74	Operating expenses reflect increases for reprinting "Forest Practice Rules" for the four districts and anticipated tax increases on						
75	state forests.						
76							
77	<b>SALARIES AND WAGES</b>

67	<b>STATE NURSERY</b>						
68							
69	<b>Analysis</b>						
70							
71	This function provides for operation of a nursery located near Davis, producing nursery stock for public plantings, windbreak, soil con-						
72	trol, and reforestation purposes. Branch nurseries are also maintained on a limited scale at Forestry Camps.						
73	A part-time position of laborer is proposed at the Davis Nursery for increased production and maintenance of buildings, grounds, and						
74	facilities.						
75	Operating expenses include increases for rent, utilities, automobile operation, and agricultural activities for the branch nursery at the						
76	Magalia Forestry Honor Camp.						
77

19							
20							
21	<b>ALLOTMENTS TO UNITED STATES FOREST SERVICE</b>						
22	<b>FOR PROTECTION OF PRIVATE LANDS WITHIN AND</b>						
23	<b>ADJACENT TO NATIONAL FORESTS</b>						
24							
25	This item provides for payments to the United States Forest Service based upon acreages of private lands (State's responsibility) in-						
26	side and outside the boundaries of national forests, less national forest lands protected by the Division of Forestry. The increased						
27	allotment provided for 1952-53 in recognition of a more equitable formula of protection costs is proposed for the 1953-54 Fiscal Year.						
28

## Department of Natural Resources

## DIVISION OF MINES

The Division of Mines encourages and makes special studies of the mineral industry and mineral resources of the State; publishes results of these studies for sale to the general public and distribution to the libraries; collects and displays typical geological and mineralogical specimens; maintains a library; and serves as a bureau of information to the mineral industries of the State.

Headquarters Office in San Francisco

18	<b>GENERAL ANALYSIS</b>				
19	<b>Support</b>				
20	Number of positions	49.3	53.3	53.2	-0.1
21	In addition to continuing the regular work program a one-half time position of intermediate typist-clerk is requested for cataloging and				
22	distribution of an increased number of geologic maps and to assist with the compilation of a new "State Geologic Map." Six-month				
23	temporary help has, also, been added to relieve the backlog in receiving, storing, and distribution of publications.				
24	The \$4,350 increase in equipment expenditures is principally for additional technical laboratory equipment and the replacement of office				
25	and automotive equipment.				
26	<b>Other Current Expenses</b>				
27	Geological exploration in cooperation with the United States Geological Survey is continued at the current level.

## Department of Natural Resources

## DIVISION OF OIL AND GAS

The Division of Oil and Gas supervises the method of drilling and maintenance of oil wells to prevent waste and damage to the oil and gas deposits and to protect the surface and subsurface fresh water resources from contamination. The division is charged with enforcement of the law to prevent unreasonable waste of natural gas. The division is supported by an annual assessment against oil and gas producers. This assessment is made at a uniform rate for each barrel of oil produced and for each 10,000 cubic feet of gas produced and sold.

## GENERAL ANALYSIS

Number of positions ..... 61.2 61.7 66.2 4.5

Currently budgeted activities are continued augmented by five proposed new positions as follows: two associate oil and gas engineers for reducing an existing backlog of engineering and geological studies of existing and newly developed oil and gas fields required for preparation of technical reports; one senior drafting aid for map, cross section, electric log strip, and other drafting needs to relieve oil and gas engineers for additional field work resulting from increased drilling activity; and two intermediate clerks for increased work load of monthly oil and gas production and other statistical reports.

## Department of Natural Resources

## SOIL CONSERVATION COMMISSION

Assists in the formation, organization, and operation of soil conservation districts under Chapter 1646, Statutes of 1951; and authorizes purchases from the Soil Conservation Equipment Revolving Fund of equipment and machinery suitable for work relating to soil conservation for rental or sale to soil conservation districts.

## Department of Professional and Vocational Standards

## DEPARTMENTAL ADMINISTRATION

Performs all accounting, personnel, and fiscal work for the 29 boards and commissions under the Department of Professional and Vocational Standards. Acts as a liaison with all other governmental agencies, prepares the budgets and exercises budgetary control over all units within the department, and manages the Business and Professions Building and Annex.

## DIVISION OF ADMINISTRATIVE PROCEDURE

The major functions of this division are: To undertake a continuing study of administrative law and procedure and submit any suggestions for improvements to the Governor, the Legislature, and the various state agencies; to furnish trained hearing officers, when requested by any state agency conducting quasi-judicial disciplinary proceedings; to compile and publish rules and regulations for the various state agencies which are published as the California Administrative Code.

SUMMARY AND  
RECONCILIATION WITH APPROPRIATIONS

## General Fund

## SUPPORT

Budget Act appropriation	\$76,011	\$60,637	\$75,553	
Allocations from Salary Increase Fund	3,619	1,643	-	
Deficiency appropriations	-	12,585	-	
Allocations from Emergency Fund	7,500	-	-	
Totals Available	\$87,130	\$74,865	\$75,553	
Unexpended balance, estimated savings	-1,287 <sup>a</sup>	<sup>b</sup>	-	
TOTAL EXPENDITURES FOR SUPPORT	\$85,843	\$74,865	\$75,553	\$688 (1%)

## GENERAL ANALYSIS

Number of positions	17.9	19.3	18.8	-0.5
---------------------	------	------	------	------

## CASE LOAD

Cases heard	ACTUAL 1950-51 865	ACTUAL 1951-52 862	ESTIMATED 1952-53 865	ESTIMATED 1953-54 865
-------------	--------------------------	--------------------------	-----------------------------	-----------------------------

Because the estimated increase in the number of cases heard did not materialize thus far in 1952-53, two of the three new positions authorized in the 1952-53 budget have been eliminated.

The 1952-53 budget, as approved, estimated that reimbursement would recover 75 percent of the combined costs of the administration and hearing functions. It is now estimated that 62 percent of these costs will be reimbursed and a bill will be introduced at the 1953 Session of the Legislature to appropriate the additional funds required, estimated to be \$12,585.

As submitted the budget for 1953-54 proposes a 62 percent recovery as compared to actual reimbursements of 53.6 percent in 1951-52. The over-all budget represents an increase of \$688 broken down as follows:

SALARIES AND WAGES: A decrease of \$296.

OPERATING EXPENSES: An increase of \$2,037. Items showing significant increases are traveling, \$300, due to out of state; pro rata departmental administration, \$1,167, and codification printing, \$500.

EQUIPMENT: The total requested of \$1,414 is made up as follows: \$218 for files for expansion purposes, \$760 is requested for the purchase of additional volumes for the law library and the replacement of obsolete issue, \$97 for replacement of typewriter in poor condition and \$100 for miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 9.8 10.4 11 0.6

The budget request of this agency for the 1953-54 Fiscal Year reflects a continuation of the same practice as currently authorized. Only minor increases are requested for the budget year which occur in the categories of expenditures as follows:

**SALARIES AND WAGES:** The increase of \$2,741 is composed of less estimated salary savings because of fuller employment.

**OPERATING EXPENSES:** Of the \$1,026 increase significant changes are \$711 for pro rata departmental administration charges, \$300 for traveling expenses due to an additional position authorized for the current fiscal year, and \$145 for pro rata general administrative charges. A decrease of \$150 in automobile operation somewhat offsets these increases.

**EQUIPMENT:** The sum of \$200 requested comprises miscellaneous items only.

## GENERAL ANALYSIS

Number of positions 4 4 4 -

The budget request of this agency for the 1952-53 Fiscal Year reflects a continuation of the same practice as currently authorized only. Minor increases are requested for the budget year which occur in the categories of expenditures as follows:

**SALARIES AND WAGES:** The increase of \$584 is due primarily to an increase in allotment for commissioners on examination, due to an increase in rates.

**OPERATING EXPENSES:** Of the \$1,386 increase significant items are printing, \$950, for printing biennial directory; postage, \$289, for mailing directory; and pro rata departmental administration charges, \$301; and other small adjustments. The increase has been offset by a \$200 reduction in automobile operation.

**EQUIPMENT:** The \$100 requested is for miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 11.5 11.5 11.5 -

The work load of the State Athletic Commission is governed almost entirely by the number of boxing and wrestling shows held during the year. There were 1,876 shows in 1950-51, 1,843 during 1951-52, and it is estimated there will be approximately 1,850 during the current and budget fiscal years. Estimated expenditures for 1953-54 shows a decrease of \$1,990 over 1952-53 made up as follows:

**SALARIES AND WAGES:** The decrease of \$1,891 is due to a reduction in amount of Intermittent Athletic Inspector positions.

**OPERATING EXPENSES:** The increase of \$79 is due to minor price adjustments.

**EQUIPMENT:** The total of \$200 requested consists of miscellaneous items.

## GENERAL ANALYSIS

Number of positions ----- 14.9 15.1 15.5 .4

The budget reflects estimated increased work load in examinations over the number held during 1951-52. This reflects itself in increased costs for examination expense and board member travel. While revenues have been increasing the accumulated surplus has been decreasing because expenditures have exceeded revenues for the past several years. Fees now charged do not produce sufficient revenue to meet the ever rising cost of operation. Legislation will be introduced at this session to increase fees and balance the budget. Accumulated surplus as of June 30, 1952, was \$45,251 which is expected to decrease to \$20,768 as of June 30, 1954. The surplus should not be permitted to go below this amount. The over-all increase over estimated 1952-53 expenditures amounts to \$3,316 made up as follows:

**SALARIES AND WAGES:** The increase of \$1,264 consists of estimated fuller employment.

**OPERATING EXPENSES:** Of the \$2,092 increase significant changes are postage, increase \$500 due to increased rates, mailings of amended laws, rules and regulations; travel \$800 primarily due to request for out of state travel as National Convention is held in Oregon this year; automobile operation increase \$300 due to anticipated major repairs; pro rata departmental administration charges increase \$367; pro rata general administrative charges \$115; and examination expense \$100.

**EQUIPMENT:** The \$100 requested represents miscellaneous items.

GENERAL ANALYSIS

Number of positions 2 2 2 -

The Cemetery Board created by the 1949 Legislature has now reached what may be termed normal operations. Changes in the law since its original enactment have stabilized conditions by reducing turnovers of sales personnel and brokers. The budget for 1953-54 may be considered normal for the agency. Revenues continue to exceed expenditures and surplus is slowly increasing. The over-all increase over estimated 1952-53 expenditures amounts to \$568 consisting of minor adjustments.

## GENERAL ANALYSIS

Number of positions..... 4.3 4.3 4.3 -

The projected work load of this agency shows little change over the current fiscal year. The increase in the number of licentiates may be considered normal. The total increase in expenditures over estimated 1952-53 is \$334 made up as follows:

OPERATING EXPENSES: The increase of \$745 is attributable to printing, \$200 due to the additional number of copies and size of the directory to be published, automobile operation increase \$100 due to projected repairs, pro rata departmental administration \$372, and minor adjustments.

EQUIPMENT: The request of \$250 provides for \$120 for textbooks for use in examinations and \$100 for miscellaneous items.

## BOARD OF REGISTRATION FOR CIVIL AND PROFESSIONAL ENGINEERS

Examines, licenses, and regulates civil engineers, land surveyors, structural engineers, chemical engineers, electrical engineers, mechanical engineers, and petroleum engineers. It is estimated that approximately 31,762 registrations will be in effect during 1953-54, about 1,875 more than in 1951-52.

## GENERAL ANALYSIS

Number of positions 21.3 20.5 20.5 -

The work load for this agency shows an estimated 21% increase in the anticipated number of applications over the 4,640 estimated to be received during the current fiscal year. This compares with 3,399 applications received during the fiscal year ended June 30, 1952. The over-all budget for the 1953-54 Fiscal Year shows an increase of \$3,541 over estimated 1952-53 expenditures broken down as follows:

**SALARIES AND WAGES:** The increase of \$2,612 is due to an increase for examination commissioners of \$1,460; expert examiners, \$570; and temporary help, \$560—all due to increased work load and an increase in rates paid examination personnel.

**OPERATING EXPENSES:** An increase of \$1,788 consists of office expense, \$300; pro rata departmental administration, \$1,180; and examination expense, \$500. Increases are due to increased work load. These increases are offset by a \$232 reduction in automobile operation and to minor price adjustments.

**EQUIPMENT:** The \$300 requested in this category is for the purchase of technical books, miscellaneous items, and for replacement of one automobile.

## GENERAL ANALYSIS

Number of positions----- 80.6 80.8 84.3 3.5

Provision is made to continue the same program as authorized in the current year. Examination work load dropped very slightly but indications are that it will increase during the current and budget years. Complaints involving licensees increased 21.5% over the number filed during 1950-51. The number of cases pending increased 71% while there was a 13% increase in the number of cases closed. No drop in work load is anticipated. Investigations involving nonlicensed persons increased 11% during 1951-52, and investigations of disputed applications increased 63.5% over the 1950-51 Fiscal Year. These trends are expected to continue. These conditions have resulted in a backlog which the present force is unable to reduce. Revenues for both the current and budget fiscal years are estimated to be 2.7% less than expenditures. However, as of June 30, 1952, the accumulated surplus is \$760,323 which is expected to decrease to \$735,993 by June 30, 1954. In view of this large surplus, it was not felt desirable to increase the present \$7 annual renewal fee. The budget for 1953-54 shows an increase of \$25,583 over estimated expenditures for the current fiscal year. An analysis of this increase is as follows:

**SALARIES AND WAGES:** Increase \$25,142 of which \$9,024 is for two proposed new positions of supervising investigator and \$13,492 due to a reduction in vacancies.

**OPERATING EXPENSES:** The increase of \$7,614 is composed of the following significant increases in the administration function office expense \$200 due to work load increases; pro rata departmental administration \$3,248; pro rata general administrative charges \$561; and the remainder due to minor adjustments. Items showing significant increases in the inspection function are travel \$1,500 to provide additional travel expense for the two new positions and the filling of current vacancies in field personnel; automobile mileage \$4,650 due to the additional new positions and the conversion of mileage of operators heretofore driving State cars. This increase is offset by a \$2,745 reduction in automobile operation. The only other item showing significant increase is examination expense \$300 due to an increase in examination work load and higher rent charges now being charged for examination quarters.

**EQUIPMENT:** The \$1,678 requested is made up as follows: Administration, \$940 for additional filing space for filing new applications, and \$200 for miscellaneous items. Under the inspection function, \$254 for replacement of two typewriters, over 16 years old, \$84 to replace three borrowed stenographer chairs, and \$200 for miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 19.9 22.8 22.8 -

The work load of this agency shows a slight decrease in the estimated number of persons to be examined, while the total number of effective licenses is expected to increase slightly. In general the budget is a continuation of the current program. Revenues continue to exceed expenditures and a balanced budget is presented. The over-all increase over estimated 1952-53 expenditures amount to \$857 broken down as follows:

**SALARIES AND WAGES:** The decrease of \$406 is due primarily to a decrease in estimated board member per diems as reflected by a decrease in examination work load.

**OPERATING EXPENSES:** The increase of \$1,519 is composed of increases in travel expense \$100, pro rata departmental administration \$559, pro rata general administrative charges \$170, and examination expenses \$730 due to an increase in charges made by the schools for examination purposes.

**EQUIPMENT:** The \$100 is requested for miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 5.2 5.2 5.2 -

This budget request shows an increase of \$3,916 over the amount estimated for 1952-53 primarily due to increases because the biennial directory issued by the board will be published during the 1953-54 Fiscal Year. Revenues continue to exceed expenditures and the accumulated surplus is slowly increasing. It is estimated the accumulated surplus will amount to \$93,614 by June 30, 1954. The detailed analysis of increases is as follows:

**SALARIES AND WAGES:** The increase of \$729 provides for a \$500 increase for operatives due to an anticipated increase in field activity and a \$229 increase in temporary help necessary for compilation of the biennial directory.

**OPERATING EXPENSES:** An increase of \$4,332 is attributable to printing, \$3,450; postage, \$718; for printing and mailing the biennial directory; pro rata departmental administration increase, \$378; and pro rata general administrative charges, \$54. These are offset by a \$278 decrease in automobile operation expense and other minor adjustments.

**EQUIPMENT:** The \$100 provides for miscellaneous items.

## BOARD OF DRY CLEANERS

This agency established rules and regulations for the conduct of the dry cleaning industry, examines applicants for licenses and registration certificates, licenses and inspects dry cleaning and dyeing plants and establishes minimum price schedules. It is estimated there will be 21,450 licenses in effect during 1953-54 as against 20,657 actually in effect as of June 30, 1952.

## GENERAL ANALYSIS

Number of positions----- 19.5 19.7 21.7 2

The work load of the board relating to licensees, change of status, and general inspections has increased since the creation of the board in 1945. Examinations have fluctuated from year to year. However, the present trend seems to indicate a downward movement in the number of persons applying for examination. The constitutionality of minimum price provisions of the law will be heard by the California Supreme Court. Pending such determination and based upon a decision from the District Court of Appeals adversely affecting these provisions, the board has suspended all minimum price activities for the current fiscal year and has made no budgetary provision for their enforcement during the 1953-54 Fiscal Year. Revenue loss due to business changeovers not discovered until license renewal time is due to an insufficient number of routine inspections. Field supervision is limited because the present supervising inspector is only able to devote a small part of his time to the counties north of Los Angeles. To increase the number of routine inspections and reduce revenue loss, an additional supervising inspector and one additional inspector is proposed. The budget shows an increase of \$9,166 over current fiscal year expenditures as follows:

SALARIES AND WAGES: The increase of \$7,892 is primarily for the two proposed new positions.

OPERATING EXPENSES: An increase of \$1,535 consists of increases for printing, \$575, primarily due to the need for additional books of laws, rules, and regulations; automobile mileage, \$2,340, to provide mileage for the two proposed new positions; and minor adjustments.

EQUIPMENT: The \$150 requested is for miscellaneous items.

12	GENERAL ANALYSIS						
13	Number of positions -----	3.6	3.6	3.6	-		
14	This budget represents a continuation of the present program with minor increases in work load. Expenditures exceed revenues and the amount of accumulated surplus shows an estimated decrease of \$11,884 between June 30, 1952, and June 30, 1954. However, maximum fees are not being charged and increases can be made by board action during any year. The over-all increase over estimated 1952-53 expenditures amounts to \$1,848 made up as follows:						
15	SALARIES AND WAGES: An increase of \$532 is due primarily to increase in board member per diems of \$180 caused by a full complement on the board and an increase of \$40 for temporary help.						
16	OPERATING EXPENSES: The increase of \$1,424 results from \$1,143 due to allowances for printing a biennial directory, pro rata departmental administration increase of \$138 and minor adjustments for price increases.						
17	EQUIPMENT: The \$100 requested represents an allowance for the purchase of miscellaneous items.

## GENERAL ANALYSIS

Number of positions..... 31.4 33.4 34.9 1.5

The budget provides for a continuation of the existing program. Little change is forecast over estimated work load for the current fiscal year. Expenditures are beginning to exceed revenues and an estimated decrease in surplus of \$81,915 is expected to take place between June 30, 1952 and June 30, 1954. However, the bureau presently has a surplus in excess of \$478,000 and is not charging the maximum fees allowable by law. The budget for 1953-54 shows an increase of \$8,210 made up as follows:

**SALARIES AND WAGES:** The increase of \$6,268 is primarily for a new position of furniture and bedding inspector. During 1951-52, 17,398 general inspections were made of the 13,040 establishments which accounted for all the licenses in effect as of June 30, 1952. This represented only 1.33 inspections per establishment per year. The new position is requested to raise the average which is felt should not be less than three inspections per year.

**OPERATING EXPENSES:** The increase of \$1,942 consists of the following significant increases, \$565; for printing the biennial bulletin of the bureau, \$390; for mailing bulletins and price increase, traveling, \$300; and automobile mileage, \$336, to provide for related expenses of the proposed new position; pro rata departmental administration, \$869; and pro rata general administrative charges, \$212; together with minor increases for price adjustments. These have been offset by a \$750 reduction in automobile operating expenses.

**EQUIPMENT:** The \$400 requested is to provide miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 15.3 16.5 16.5 -

The work load continues to increase in proportion to the expanding population of the State. Expenditures exceed revenues because of a drop off of the number of reciprocities issued. This trend commenced in 1950-51 and is expected to continue during 1952-53 and 1953-54. Estimated surplus of \$430,719 as of June 30, 1954, precludes the necessity for an increase in fees for the present. The budget for 1953-54 shows an increase of \$342 made up as follows:

SALARIES AND WAGES: An increase of \$495 due to an increase in temporary help because of increased work load.

OPERATING EXPENSES: The increase of \$1,424 consists of traveling, \$640 due to vacancies which have been filled; pro rata departmental administration, \$548; pro rata administrative charges, \$171; the remainder is due to adjustments for price and work load increases.

EQUIPMENT: The \$813 requested is composed of an allowance for a Kardex cabinet, \$286; a five drawer file, \$109, both for expansion caused by increased work load; \$318 for the replacement of two typewriters, and the sum of \$100 for miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 15.8 16 17 1

The budget proposes the addition of one special investigator. The board presently has only one such authorized position. The situation in regards to investigations has become critical. The board has had to drop the investigation of complaints because the backlog was so great the statutes of limitations had run against them. This position is needed to alleviate the backlog of complaints. Expenditures will exceed revenues by approximately \$17,000 in the budget year. An increase in fees will be needed eventually. At present the cost of examinations per nurse exceeds the \$5 examination fee charged by approximately \$1.50. However, as of June 30, 1954, it is estimated there will still be a surplus in excess of \$341,000 which will serve to carry the board under present inadequate fees for several years. The budget for 1953-54 represents an increase of \$7,932 over estimated expenditures for 1952-53. This increase is made up as follows:

**SALARIES AND WAGES:** The increase of \$6,185 is primarily for the proposed new position of special investigator.

**OPERATING EXPENSES:** An increase of \$2,343 is composed of the following significant increases: freight, cartage, and express, \$175 due to the biennial shipping of examination materials; traveling, \$540; and automobile mileage, \$150 for the proposed special investigator; examination expense, \$1,195 due to anticipated increase in the number of persons to take the examination during 1953-54. The balance consists of miscellaneous adjustments.

**EQUIPMENT:** The \$331 requested is composed of \$150 for miscellaneous items; \$129 for a desk and \$52 for a chair for the proposed new position of special investigator.

14	Number of positions .....	3	3	3	-
15	The budget represents a continuation of the current program. Estimated expenditures for 1953-54 show a decrease of \$606 for the current fiscal year. The decrease is primarily due to a reduction in expenditures for equipment which are offset by a \$38 increase in salaries and wages and a \$396 increase in operating expenses. Details of these increases are as follows:

## GENERAL ANALYSIS

Number of positions----- 20.6 20 20 -

The budget provides for a continuation of the same program currently in effect. Expenditures for the current and budget fiscal years are expected to exceed revenues slightly. However, the board is not now charging the maximum fee allowable by law for pharmacists' renewals. The situation presents no immediate problems as it is anticipated the surplus as of June 30, 1954 will be \$148,382. The over-all increase over the current fiscal year amounts to \$1,001 broken down as follows:

**SALARIES AND WAGES:** The increase of \$1,737 is due entirely to small adjustments.

**OPERATING EXPENSES:** The increase of \$426 is composed of pro rata departmental administration \$1,400, insurance premiums \$50, and pro rata administrative charges \$174. These items have been offset by decreases of \$900 in automobile operation and \$298 in rent.

**EQUIPMENT:** The \$1,250 requested consists of \$1,050 for the replacement of an automobile which will have over 120,000 miles prior to June 30, 1954, and \$200 for miscellaneous items.

## GENERAL ANALYSIS

Number of positions----- 0.6 1.4 1.4 —

The act creating this board became effective on September 22, 1951, and the board began to operate in February of 1952. The board has not as yet been in operation for a full year and it is still too early to project operating requirements. Estimated revenues show a good margin over estimated expenditures and it is estimated the board will have a surplus of \$22,673 as of June 30, 1954. Total estimated expenditures for 1953-54 show a decrease of \$308 over estimated expenditures for the current year. The decrease is based on current experience.

## GENERAL ANALYSIS

Number of positions 3.9 4 4 -

The operations of this agency are constant in nature. An examination of the work load statistics indicates a gradual growth in the total number of licensees consistent with the growing population of the State. A balanced budget is presented with accumulated surplus increasing from \$27,709 as of July 1, 1952, to \$38,998 as of June 30, 1954. Over-all expenditures for 1953-54 show a decrease of \$507 over those estimated for the current fiscal year.

15	Number of positions	1.2	1.2	1.2	-
16	The budget continues the same program. Revenues continue to exceed expenditures by a small margin and accumulated surplus is increasing. The over-all increase of the current year is \$1,113, made up as follows:				
17	SALARIES AND WAGES: The increase of \$44 is due to an increase for temporary help, offset by a decrease in board member per diems.				
18	OPERATING EXPENSES: The increase of \$19 is due to minor price adjustments.				
19	EQUIPMENT: The \$1,100 requested comprises \$1,050 for the replacement of a vehicle which will have an excess of 117,000 miles prior to June 30, 1954, and \$50 for miscellaneous items.

## GENERAL ANALYSIS

Number of positions 0.4 3 3 —

The Act (Chapter 1689, Statutes 1951), creating this board became effective September 22, 1951, but the board did not begin functioning until March of 1952. The expenditures for the 1951-52 Fiscal Year represents only a three months' operation, and there is insufficient experience to determine the full operating requirements of this agency. At present, apparently not more than 2,000 persons will be licensed by June 30, 1953, and this budget is predicated on approximately 2,000 more persons becoming licensed by June 30, 1954. Under these circumstances the board will not be self-supporting under the present fee structure. The estimated accumulated surplus is as follows: June 30, 1952, deficit \$1,028; June 30, 1953, deficit \$15,630; and June 30, 1954, deficit \$13,205. Expenditures have been pared to the minimum and it appears that legislative action is necessary to enable the board to become self-supporting. As registration is permissive and not mandatory under the Act, it is not possible to foretell with any degree of accuracy the number who will apply for licensure. Loans amounting to \$28,500 have been made from the General Fund to operate the agency pending the receipt of sufficient revenue. The budget proposed for the 1953-54 Fiscal Year totals \$27,575 which represents a decrease of \$2,091 over the estimated requirements for 1952-53. Analysis of the decrease is as follows:

**SALARIES AND WAGES:** Increase \$398 principally due to normal increases offset in part by a decrease in board member per diems and temporary help.

**OPERATING EXPENSES:** Decrease \$1,845. Items showing the largest decreases are pro rata departmental administration, \$961; office, \$150; printing, \$150; postage, \$400; legal advertising, hearings and evidence, \$250; and hearing services—Division of Administrative Procedure, \$200. These decreases have been offset by a \$300 increase in automobile mileage to allow the executive secretary to visit schools for the purposes of accreditation.

**EQUIPMENT:** \$100 for small miscellaneous items.

## HORSE RACING BOARD

The board licenses, regulates, and supervises all horse racing meetings where there is pari-mutuel betting. The board also licenses trainers, jockeys, track officials and other persons employed by the racing associations. The main office of the board is in Los Angeles with branch offices at San Francisco and at each of the tracks.

10	<b>GENERAL ANALYSIS</b>				
11	Number of positions	15.7	17.8	20.8	3
12	The budget is based on a total of 476 days of racing of which 346 are to be at major tracks, 100 days at fair tracks, and 30 days for combination meetings.				
13	The increase of \$26,708 consists principally of the following:				
14	<b>SALARIES AND WAGES:</b> Increase of \$14,220 for three race track investigators to provide adequate staffing for normal investigative coverage and to provide needed emphasis on investigative activity regarding the problem of fraudulent claims for reimbursement of pari-mutuel tickets.				
15	<b>OPERATING EXPENSES:</b> The increase of \$13,152 consists of \$10,724 increase in traveling items due to requirements of the new positions and the increase in number of racing days from 418 in 1952-53 to 476 in 1953-54. A new item of \$450 is added for legal hearings and evidence in order to pay traveling expenses of witnesses appearing before the board.				
16	<b>EQUIPMENT:</b> The amount of \$889 includes \$505 for replacement of a typewriter and adding machine; \$200 for photographic equipment; and \$184 for miscellaneous items.

## DEPARTMENT OF PUBLIC HEALTH

The Department of Public Health is responsible for a broad preventive medical and dental health program, for the provision of sanitary environment, and for the registration of vital statistics. Service is primarily through the local health departments which are assisted through consultations and subventions, although in a number of cases licensure, inspection, or other direct service is provided.

14					—
15	GENERAL ANALYSIS				
16	Number of positions	863.8	807.8	818.8	11
17	Positions Transferred to Local Assistance Budget:				
18	Occupational therapist	14.8	—	—	—
19	Physical therapist	43.6	—	—	—
20	Occupational therapist I	8.6	—	—	—
21	Physical therapist I	1.6	—	—	—
22	Comparable Totals	795.2	807.8	818.8	11
23	This budget proposes three program and three work load changes. The program changes are the addition of one position to audit hospital records, three positions for the increased emphasis on diarrheal disease work in local areas, and \$20,000 to provide funds to contract with two universities for field consultation work in the program areas of prematurity and infant mortality. The work load changes are the addition of one position for increased work in the laboratory and three positions to handle the increasing number of industrial hygiene requests from the Division of Industrial Safety. Three clerical positions formerly budgeted in temporary help have been made permanent for the purpose of processing an increasing number of vital records. Further explanation of these changes is shown in the budget for the organization units.				
24	Federal Grants for the Following Programs are Included in the Support Budget:				
25	Current morbidity project	\$86,719	\$60,565	\$60,565	
26	General health service	609,939	559,407	559,407	
27	Cancer control	184,962	167,875	167,875	
28	Heart disease control	70,207	59,750	59,750	
29	Venereal disease control	52,200	46,386	46,386	
30	Venereal disease—rapid treatment	10,850	10,850	10,850	
31	Maternal and child health services	157,439	155,382	155,382	
32	Special training project	34,000	35,000	35,000	
33	Crippled children services	262,898	290,298	290,298	
34	Pathogenesis of Q Fever	12,901	25,661	25,661	
35	Biological warfare defense	1,256	—	—	
36	Totals, Support	\$1,483,371	\$1,411,174	\$1,411,174	
37	Additional federal grants for tuberculosis control, general health services, venereal disease control and maternal and child health services are subvended to cities and counties and are shown under Local Assistance, Aid to Local Health Departments, federal grants for hospital construction are subvended to cities, counties, districts and nonprofit hospital associations and are shown under Local Assistance, Aid to Local Agencies for Hospital Construction.				
38	Federal funds received as a reimbursement of expenditures made rather than an advance grant are included in the support budget as follows:				
39	Army influenza project contract	\$26,294	\$29,720	\$29,720	
40	Army airborne Q Fever project contract	24,583	47,410	47,410	
41	Department of Mental Hygiene contract	30,483	34,285	34,907	

<sup>c</sup> Grants from the Federal Government and the expenditures therefrom are not included in the over-all budget totals.

18	<b>BUREAU OF BUSINESS MANAGEMENT</b>						
19	<b>Analysis</b>						
20	The Bureau of Business Management is the centralized service bureau for the entire department. The functions of this bureau include						
21	general housekeeping service, stockroom, mail and messenger service, operation of the telephone switchboard, accounting, budget						
22	preparation and control, personnel recruitment and record keeping, purchasing and maintenance of a car pool. An accountant-auditor						
23	is proposed for the purpose of auditing hospital cost records of those hospitals participating in the physically handicapped children's						
24	program, on a two-year trial basis. Operating expenses for all organizational units have been calculated on the basis of an increase in						
25	personnel and economic assumptions. This includes the travel item both in and out of State.

<b>BUREAU OF CRIPPLED CHILDREN SERVICES</b>						
<b>Analysis</b>						
The function of this bureau is the administration of a program for the care of handicapped children. The program includes the administration of a general crippled children program as well as cerebral palsy and hearing programs, and the rheumatic fever program added by the Legislature in 1949. These programs are accomplished by:						
A. Maintenance of a state file of all children reported with handicapping conditions.						
B. Establishment of standards for care and consultation in the maintenance of such standards.						
C. Provision of funds for expert diagnostic services and care.						
D. Planning for necessary treatment and consultation in the provision of treatment services.						
E. Maintenance of statistical records of children receiving services.						
An organizational change was approved in 1950-51 wherein nonmedical administrative officers will administer the crippled childrens program at the district level. This plan is in partial operation now. No further work load or major program changes are provided for in this budget.

49	<b>BUREAU OF ACUTE COMMUNICABLE DISEASES</b>						
50							
51	<b>Analysis</b>						
52							
53	This bureau provides clinical and administrative consultation to local health departments on problems pertaining to communicable dis-						
54	eases. Certain morbidity statistics with regard to communicable diseases are maintained to provide the basis for cooperation with						
55	local health departments in controlling these diseases. Three positions are proposed for work load and program increases. The program						
56	increase is an expansion and intensification of the bureau's activities in the field of diarrheal and enteric diseases.						
57

31							
32	<b>Analysis</b>						
33							
34							
35	This bureau is financed wholly from federal funds granted the department for use in connection with heart, cancer, and diabetes pro-						
36	grams. Consultation is provided to local health agencies, hospitals, and private physicians with regard to the best methods of						
37	diagnosis and treatment of chronic diseases. The cancer control program is supplemented by a tumor registry program wherein						
38	the major hospitals of the State, under contract, maintain registries of tumors, the types of treatment and the results of those						
39	treatments. Surveys for the diagnosis of these three diseases are promoted by subventions with federal funds, as well as by advisory						
40	and educational activities.						
41	No program or work load changes are reflected in this budget.

## DEPARTMENT OF PUBLIC HEALTH—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
		51-52 (Filled)	52-53 (Auth.)	53-54 (Auth.)			
1	<b>BUREAU OF ADULT HEALTH</b>						
2	<b>Analysis</b>						
3							
4	This bureau administers the departmental program in industrial hygiene. The program is carried on by direct services to industry which						
5	includes making studies in occupational health hazards and aiding in the development of industrial hygiene nursing programs; assist-						
6	ing in the development of local health department industrial hygiene programs; and consultation and educational services to pro-						
7	fessional, business, and other groups. It is proposed that three positions be added for work load increases. This is for the purpose of						
8	augmenting the staff now assigned to the Division of Industrial Safety's work and does not contemplate an increase in other						
9	activities as a result of this addition. This budget plans for a marked reduction in the amount of staff time to be allocated to indi-						
10	vidual plant studies.						
11							
12

65	<b>BUREAU OF PUBLIC HEALTH NURSING</b>						
66	<b>Analysis</b>						
67							
68	This bureau assists the various bureaus and services in the department in carrying out the nursing aspects of the various programs						
69	and serves to coordinate nursing activities within the department. Consultation services are provided to local agencies on the ad-						
70	ministration of nursing service, including program planning, coordination of activities, personnel policies, evaluation of nursing						
71	services, techniques, and procedures. A recruitment, selection and training program is carried out to assist the local agencies in fill-						
72	ing their needs for nurses in public health and in industry.						
73	No program or work load changes are reflected in this budget.						
74

71	<b>RADIOLOGICAL HEALTH INVESTIGATION</b>						
72							
73	<b>Analysis</b>						
74							
75	The constantly increasing use of radioactive materials presents new problems to public health. The State Department of Public						
76	Health, the University, and the Office of Civil Defense have been exploring this problem since early in 1952 in an effort to:						
77	(1) analyze and define the scope of the problem						
78	(2) estimate or measure the character and amount of possible radiation hazards						
79	(3) define public health responsibility						
80	(4) determine necessary protective measures						
81	This unit furnishes the leadership and coordinative force in this investigation. The \$2,500 for temporary help is composed of \$1,000						
82	for clerical help and \$1,500 for expert consultant's fees.						
83

27	DIVISION OF LABORATORIES						
29	Analysis						
31	This division provides the laboratory services of the department, including:						
32	1. Water and sewage						
33	2. Food and drug						
34	3. Virus and rickettsial						
35	4. Bacteriological						
36	5. Serological						
37	Diagnostic services are provided to rural areas of the State in viral and rickettsial diseases and consultation is provided for clinical and						
38	hospital laboratories and local health departments.						
39	The Q Fever investigations and the Army influenza project are being continued during the 1953-54 Fiscal Year.						
40	A new position is proposed to be added to the mycology section of the division and justified on a work load basis.

55	BUREAU OF FOOD AND DRUG INSPECTION						
56							
57	Analysis						
58							
59	This bureau administers the program insuring the purity of foods and drugs in California. Manufacturing, wholesale and retail outlets throughout the State are constantly inspected by the bureau working with local health departments. The work is designed not only to remove particular lots of unfit food from consumer channels but to bring about long-range corrections of unsatisfactory conditions.						
60							
61							
62							
63	No program or work load changes over 1951-52 are reflected in this budget.

30	<b>CANNERY INSPECTION</b>						
31							
32	<b>Analysis</b>						
33							
34	This function has been budgeted in past years as a reimbursement item wherein the total support was derived from the canning industry.						
35	Subsequent to and as a result of the Attorney General's Opinion 52/50 the State General Fund will support the sanitation work						
36	and all botulism and fish costs will be borne by the industry. No work load or program changes are provided for in this budget.

52	<b>EMERGENCY ENCEPHALITIS PROGRAM</b>						
53	<b>Analysis</b>						
54	This program was brought about by an epidemic of encephalitis during the summer of 1952. Slightly over half of the funds were subvended						
55	to and spent by Mosquito Abatement Districts. The balance was used by the department for laboratory and other work connected						
56	with the program. This program was solely for purposes of coping with the emergency and no funds are provided for this in the						
57	1953-54 budget.						
58	<b>SALARIES AND WAGES</b>

19	DIVISION OF DENTAL HEALTH						
20	Analysis						
21	This division has responsibility for the administration of a program to protect and improve the dental health of the people. The program						
22	is implemented by advisory and consultative services to local health departments, community groups, agencies and educational insti-						
23	tutions; promotion of training and studies of dental manpower, clinical facilities, and fluoride content of water supplies.						
24	Provision of dental services in rural areas has not proven satisfactory and all of the dental trailers have therefore been disposed of.						
25	This budget provides for a continuation of this reduced program.

2	<b>DIVISION OF LOCAL HEALTH SERVICES</b>						
3							
4	Analysis						
5							
6	This division has the responsibility of integrating the program objectives of the State Department of Public Health with those of the						
7	local health departments of the State. The functions of the division involve serving as a two-way line of flow through which the						
8	needs of the local health departments may be channeled to the proper bureau or service of the department, and the programs and						
9	services of the operating units of the department are directed to the various local health departments.						
10	No program or work load changes are budgeted for 1953-54.						
11							
12	<b>SALARIES AND WAGES</b>

50							
51	<b>PUBLIC HEALTH TRAINING</b>						
52							
53	Analysis						
54							
55	There are two distinct activities under this general heading. One is the operation and maintenance of field training stations—staff and						
56	expenses, the other is the granting of stipends, tuition and travel to trainees. The trainees may be sent to university and postgrad-						
57	uate schools, other training institutions and to field training stations.						
58	No program changes are contained in this budget, and the same level of expenditure is requested for 1953-54 as authorized for the cur-						
59	rent and past years.						
60							
61							
62	<b>OPERATING EXPENSES</b>						
63	Accredited training -----				\$72,795	\$83,055	\$83,055
64	Nonaccredited training -----				60,549	60,973	60,973

# **WATER POLLUTION CONTROL BOARD**

The State Water Pollution Control Board formulates general state-wide policy for the control of water pollution, gathers, compiles, and disseminates data, and administers a program of financial assistance for water pollution control. The Regional Water Pollution Control Boards coordinate programs of abatement and prevention of water pollution in local areas, recommend projects for financial assistance, and prescribe requirements for waste and sewage disposal systems.

41					
42					
43	Number of positions-----	39.1	41.4	40.4	—1
44					
45	The current program of the State and Regional Water Pollution Control Boards is continued for the 1953-54 Fiscal Year. Three engineer positions at the regional board level have been deleted as staff requirements have become more definite with longer experience in this new field. Reductions have been made in other current expense items for research in technical phases of water pollution control and requirements for field and laboratory services by other agencies.

## **STATE BOARD**

### **Analysis**

The State Water Pollution Control Board consists of the following membership: the State Engineer, the Directors of the Departments of Public Health, Agriculture, and Natural Resources, and nine appointees representative of the regions of the State and of various interests concerned with water pollution problems.

No change in the current program is proposed.

65	<b>SALARIES AND WAGES</b>

## PUBLIC UTILITIES COMMISSION

Supervises and regulates intrastate public utilities and carriers engaged in the transportation of property. Fixes maximum and minimum rates to provide a reasonable return on capital; regulates service in the interest of public safety and convenience; and controls the issuance of securities and other transactions relating to the capital structure of public utilities.

## ADMINISTRATION

## Analysis

This function includes the commissioners, their secretaries, accounting, personnel, public information and other general administrative and ministerial activities.

**SALARIES AND WAGES:** Provision is made for an additional administrative assistant I position due to the centralization of the personnel and budgetary functions and increased work load. A junior librarian position is added for one year to establish a central library of technical books which are now scattered throughout the agency. An intermediate typist-clerk position is provided for the new administrative assistant position, and an additional clerk is provided for increased work load in the stock room and improved mail distribution service.

<sup>a</sup> Composed of savings in salaries and wages, \$28,103; operating expenses, \$2,880; equipment, \$757; and excess reimbursements, \$64,301.

<sup>b</sup> Composed of savings in salaries and wages, \$27,822; operating expenses, \$1,513; and excess reimbursements, \$29,075.

<sup>c</sup> Composed of savings in salaries and wages, \$16,241; operating expenses, \$1; and equipment, \$299.

<sup>d</sup> Composed of savings in salaries and wages, \$1,340.

## PUBLIC UTILITIES COMMISSION—Continued

1	ADMINISTRATION—Continued						
2							
3							
4	OPERATING EXPENSES: The increase of \$1,965 is due to additional automobile operation costs relating to the augmentation of						
5	staff; additional printing costs pertaining to opinions and orders, the cost of the Public Utilities Code which is not being printed						
6	in 1952-53 Fiscal Year; and a new item for microfilming records to permit destruction of certain unneeded material now occupying						
7	file space.						
8							
9	EQUIPMENT: The principal items are to replace worn out office furniture and machines, replacement of six automobiles, one addi-						
10	tional automobile, files and equipment for the proposed new positions.						
11

33							
34	Analysis						
35							
36	This function provides legal services and hearing examiners. In addition to acting as legal advisers to the commission the Legal Division						
37	performs a staff counsel function in presenting cases being heard by legal examiners or commissioners.						
38							
39	SALARIES AND WAGES: Two additional counsel positions are provided to permit greater participation in the staff counsel program						
40	which was inaugurated during the 1951-52 Fiscal Year.						
41							
42	OPERATING EXPENSES: The increase of \$700 in traveling expense is due to the two additional counsel positions.						
43							
44	EQUIPMENT: The principal items are to replace broken bookcases and an electric typewriter, additional law books and equipment						
45	for the proposed new counsel positions.						
46							
47	SALARIES AND WAGES

19								
20								
21	TRANSPORTATION RATE FUND ACTIVITIES							
22								
23	Analysis							
24								
25	Activities supported by the Transportation Rate Fund are largely regulatory upon rail, truck and water carriers engaged in the trans-							
26	portation of property. The Transportation Rate Fund revenue is derived primarily from a fee of one-fourth of 1 percent of the							
27	gross operating revenue earned by carriers from the transportation of property and other related fees.							
28	A plan of financial adjustment between the General Fund activities and the Transportation Rate Fund allocates the cost of certain							
29	functions which relate to either fund—the details of which are reflected in the General Fund activities budget and offset by estimated							
30	reimbursements from the Transportation Rate Fund. The portion of charges to be borne by the Transportation Rate Fund are							
31	shown herein as operating expenses. Functions which pertain entirely to the Transportation Rate Fund are budgeted entirely in							
32	this portion of the budget.							
33								
34	SALARIES AND WAGES: Provision is made for extending the currently authorized program of informal conferences with license appli-							
35	cants, as required by law, to include conferences with applicants for radial highway common carriers and highway contract car-							
36	riers. This service will require an additional informal application reviewer position to be assigned to the Los Angeles office.							
37	Three stenographer positions are provided for field offices which now have no clerical help. These positions will relieve							
38	field men of clerical work in addition to providing staff to keep the offices open to the public on a full time basis.							
39	Two additional clerical positions and increased temporary help in the amount of \$1,300 are provided for the Permits							
40	and Fees Section based on work load increases.							
41								
42	OPERATING EXPENSES: Provision is made for additional automobile operation cost for the additional automobile for the Los An-							
43	geles office, \$500 for refinishing office furniture, with the principal increase in allotments for repayment to the General Fund due							
44	to the expansion of activities budgeted in that section of the budget which relate to the Transportation Rate Fund.							
45								
46	EQUIPMENT: The major items include provision for replacement of worn out office furniture and machines, replacement of ten auto-							
47	mobiles, one additional automobile, one additional dictator and a transcribing machine, files and equipment for the proposed new							
48	positions.							
49								
50								
51	ADMINISTRATION							
52								
53	OPERATING EXPENSES							
54	Services rendered by General Fund -----				\$190,828	\$198,895	\$199,929

## Department of Public Works

## DEPARTMENTAL ADMINISTRATION

Directs and coordinates the activities of the Division of Architecture, the Division of Highways, and the Division of Water Resources; and provides accounting service for the Division of Architecture and the Division of Water Resources. The General Fund finances the entire cost of the accounting office and a proportionate share of administration. The State Highway Fund is charged with that portion of the cost of administration attributable to the Division of Highways.

20	ADMINISTRATION						
21	Analysis						
22	Administration includes the office of the director, staff officers, and assistants; and provides the over-all direction, coordination and						
23	other staff services for the department.						
24	For the 1953-54 year six positions which serve all divisions of the Department of Public Works have been transferred to administra-						
25	tion from the Division of Highways. In addition the State Highway Fund is to be charged with four-fifths of the total proposed						
26	expenditures, with the other one-fifth being charged to the General Fund, as compared with eleven-twelfths and one-twelfth, re-						
27	spectively, in previous years.						
28	This revised method of prorating the administrative charges between the Highway Fund and the General Fund represents a more						
29	equitable distribution of costs between the two funds.						
30	SALARIES AND WAGES						
31	Director's Office:						
32	SALARY RANGE						
33	Director-----	1	1	1	\$1,333	\$16,000	\$16,000

No change in the 1952-1953 Fiscal Year program is proposed for the 1953-1954 Fiscal Year except for participation in a research program to investigate timber diaphragm stresses to establish criteria and standards for use in checking schoolhouse plans.

a Composed of savings in salaries and wages, \$8,231; equipment, \$732; and excess reimbursements, \$37,400.

b Composed of savings in operating expenses, \$3,898; equipment, \$254; and excess reimbursements, \$1,744.

c Composed of savings in salaries and wages, \$105,073; operating expenses, \$5,603; equipment, \$16,166.

d Composed of savings in salaries and wages, \$55,683; operating expenses, \$3,180.

SUPERVISION OF PUBLIC SCHOOL  
BUILDING CONSTRUCTION

## Division of Architecture Public Building Fund

## Analysis

This unit checks and approves plans and specifications for all new public school building construction and for all alterations or remodeling exceeding \$4,000 in estimated cost. The unit inspects such buildings periodically during the course of construction to assure compliance with approved plans and specifications, as required by the Education Code. It is estimated that the work load of public school building construction will be maintained at the current level of approximately \$165,000,000.

Based upon relationship of personnel to work load the division believes a larger staff is necessary to properly discharge its responsibilities. However, technical personnel with the required qualifications are extremely difficult to recruit, therefore substantial salary savings are estimated. Under circumstances more favorable to securing qualified engineers additional positions would be recommended. Operating expenses include increases in printing for reprinting a handbook on school construction regulations, and in rent due to change in office locations at Los Angeles. Provision is also made for participation in a research program administered by the Forest Products Laboratory of the U. S. Department of Agriculture to investigate timber diaphragm stresses to establish criteria and standards for use in the checking of schoolhouse plans.

## GENERAL ANALYSIS

Number of positions - - - - - 41 32 - - - - -32

The California Toll Bridge Authority has authorized issuance of bonds for construction of the Richmond-San Rafael crossing under resolutions adopted November 7, 1952. It is anticipated that sale of bonds thereunder will be consummated early in 1953 and the proceeds therefrom will be available for the operations of this agency. Therefore, no appropriation is requested and current year expenditures are reflected only to February 28, 1953.

## DIVISION OF WATER RESOURCES

The major portion of the State's activities pertaining to the investigation of water resources, and to the conservation, control, and utilization of such water resources, is conducted by the Division of Water Resources.

The support budget reflects the division's responsibility under various statutes for the administration and supervision of the appropriation of water and the adjudication of water rights; for supervision of safety of dams; for maintenance and operation of the Sacramento River Flood Control and Reclamation Works; for administration of the state mapping program, including preparation of a state base map; for administration of state water quality investigations; for stream gaging and collection of hydrologic data on the Sacramento and San Joaquin Rivers; for review of federal reports on proposed flood control and reclamation projects to the Federal Government; and for providing of technical assistance to the Water Project Authority concerning the Central Valley Project and engineering and legal problems coincident thereto.

In addition it provides for cooperation with the Federal Government, other state agencies, and with local governments in the pursuance of such activities as topographic mapping, stream gaging, salinity sampling, snow surveys, the making of special hydraulic engineering studies, and in supervision of construction of a wide variety of construction projects.

2	<b>GENERAL ADMINISTRATION</b>						
3							
4	<b>Analysis</b>						
5							
6	This function includes the Office of the State Engineer and other administrative functions of the Division. The legal, stenographic,						
7	library, files, equipment, purchasing, auditing, automotive, budgeting and fiscal control, and reports section are included in this						
8	function. It also includes the administration of public districts coming under the Office of the State Engineer. Proposed new posi-						
9	tions: two assistant counsel and two junior counsel are recommended for research and preparation of cases in connection with						
10	increased legal work due to the various legal problems of the department involving state and federal relationships, appropriation						
11	of water, adjudication of water rights and other activities of the Division. One intermediate stenographer-clerk is recommended to						
12	assist the new counsels. One additional senior legal stenographer is to provide stenographic assistance for two senior attorneys						
13	approved in the 1952-53 Budget.						
14							
15	<b>SALARIES AND WAGES</b>

48	Totals, State Maps and Surveys -----				\$15,664	\$20,129	\$19,953
49	<b>WATER QUALITY INVESTIGATION</b>						
50	<b>Analysis</b>						
51	The activities of this unit include: (1) investigation of the quality of all water, including saline water (coastal and inland), and as						
52	related to all sources of pollution, together with recommendations as to improvement or protection of the quality of such waters;						
53	(2) surveys, investigations, and formulation of plans for the reclamation of waste waters for beneficial purposes; (3) investigation						
54	of damage to ground water by reason of abandoned or defective wells, together with recommendations for minimum standards						
55	for well construction. In addition, well log forms are furnished to all water well drillers who are required to file such well logs						
56	with the appropriate regional water pollution control board.						
57	This function also supervises the work being done by the division for the State and regional water pollution control boards.						
58	The program is extended at basically the same level as the current year but with provision for the analysis of water samples in excess						
59	of the division's present laboratory facilities and the proposed purchase of equipment found necessary as a result of the first						
60	two years' experience in this function.						

## DIVISION OF WATER RESOURCES—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
		51-52 (Filled)	52-53 (Auth.)	53-54 (Auth.)			
1	WATER QUALITY INVESTIGATION—Continued						
2	Analysis—Continued						
3							
4							
5	Two new junior civil engineers are recommended to properly locate wells and process a backlog of well drillers reports submitted in						
6	accordance with Chapter 1552, Statutes of 1949. These reports are basically for control of water pollution, but provide the divi-						
7	sion valuable information concerning underground formations in its study of ground water basins. A review of the need for divi-						
8	tution of these positions is recommended when the backlog is eliminated.						
9	Two laboratory assistants, one for the Sacramento mobile laboratory and one for the San Bernardino laboratory, to release chemists						
10	for more complex analyses are also included.						
11

11	SACRAMENTO-SAN JOAQUIN WATER SUPERVISION						
12	Analysis						
13	The primary activity of this function is to perform stream gaging activities and to collect hydrological data on the Sacramento and San						
14	Joaquin Rivers to provide basic information on water supply and utilization.						
15	This function is carrying on similar activities under contract for the U. S. Bureau of Reclamation for which reimbursement is received,						
16	and in addition supervises two wholly reimbursable projects; the assembly of factual data on diversions in the Sacramento and						
17	San Joaquin Valleys and salinity conditions.						
18	No change in the existing level of service is proposed.

64	<b>REGULATION OF SAFETY OF DAMS</b>						
65							
66	<b>Analysis</b>						
67							
68	This function is charged with responsibility for the safe condition of all dams in California except those federally owned. This duty is						
69	discharged by means of approving plans and specifications for all proposed new dam construction and the repair of existing dams						
70	and by maintaining a periodic safety check of the 747 dams now under the State's supervision. No change from the present pro-						
71	gram is proposed.

51	FLOOD CONTROL PROJECT MAINTENANCE						
52	Analysis						
53							
54	Activities of this function are the maintenance of the Sacramento-San Joaquin Flood Control Project. Chapter 1152, Statutes of 1951,						
55	added about 32 miles of levees and 17 miles of channels to the Sacramento River Flood Control Project. Expansion of this activity						
56	is due to the addition of levees under Chapter 1152, Statutes of 1951, and the addition of new responsibilities on inspection of levees						
57	on Deer Creek, the Merced Stream Group, and Littlejohn Creek Group in Fresno County.						
58	Due to additional levees being added to the State's responsibility for maintenance, one additional flood control construction foreman						
59	is proposed in order to complete semiannual physical inspections of the levees. One additional subforeman, flood control maintenance						
60	and construction is proposed for headquarters near Sacramento to save travel time now lost by travel from Sutter in the main-						
61	tenance of levee areas recently acquired, and to provide more effective maintenance crew supervision.						
62

48	REVIEW OF FEDERAL REPORTS						
49							
50	Analysis						
51							
52	Federal law provides that the various states be given an opportunity to review federal reports on proposed reclamation, flood control,						
53	and water conservation projects within their boundaries.						
54	Analysis of and recommendations on such projects are prepared by the Division of Water Resources.						
55	Since the work load is dependent upon projects referred to the State, the budget is based upon the average level of activity for the past.

12	CENTRAL VALLEY PROJECT						
15	Analysis						
17	This function provides the Water Project Authority with the technical assistance required in acting upon the numerous complex legal and engineering problems involved in representing California in connection with the operation and construction of the Central Valley Project.						
20	No change in program is anticipated.						
22	This function is budgeted on the basis of normal activity. The current and 1953-1954 Fiscal Years are budgeted on the basis of positions specifically authorized for this function. The high level of activity in 1951-1952 was occasioned by the Feasibility Report to the Legislature, the Ivanhoe and Rank vs. Krug court cases, and some other minor work all of which is in excess of normal work load.

## GENERAL FUND

WORK IN COOPERATION WITH THE  
FEDERAL GOVERNMENT

## Analysis

- The Division of Water Resources cooperates with the appropriate federal agency in the accomplishment of projects of mutual concern. State funds are matched by the Federal Government. The projects for which provision is made in the 1953-54 Fiscal Year are:
1. Yuba River Debris Control: Provides for restoring, impounding, and controlling debris along the Yuba River in cooperation with the U. S. Army Engineers.
  2. Irrigation Investigations: Investigations are conducted by the Soil Conservation Service of the U. S. Department of Agriculture, including the use, transpiration, evaporation, and percolation of waters.
  3. Stream gaging in cooperation with the U. S. Geological Survey: Provides data on water supply, runoff, and utilization of streams in California not otherwise covered by the Division of Water Resources.
  4. Topographic Mapping: For the continuation of the preparation of topographic maps of California in cooperation with the U. S. Geological Survey.
  5. Stream Gaging Stations: For one new and reconstruction of six stations in cooperation with the U. S. Geological Survey.

## EXPENDITURES BY PROJECT

Yuba River debris control	\$45,000	\$30,000	\$15,000
Irrigation investigations	7,500	7,500	7,500
Stream gaging	111,575	127,350	155,025
Topographic mapping	300,000	300,000	300,000
Establishment or reconstruction of stream gaging stations	7,500	—	14,000
Totals, Work in Cooperation With the Federal Government	\$471,575	\$464,850	\$491,525

## FEATHER RIVER PROJECT

## Analysis

Chapter 1441, Statutes of 1951, authorized and directed the State Engineer to conduct the necessary investigations, surveys and studies and preparation of plans and specifications for the construction of the units set forth in the publication of the State Water Resources Board entitled "Report on Feasibility of Feather River Project and Sacramento-San Joaquin Delta Diversion Projects Proposed as Features of the California Water Plan"; and to submit such material to the Water Project Authority for its approval. It is proposed during 1953-54 to complete the required work and final report.

## AERONAUTICS COMMISSION

The Aeronautics Commission provides advisory, planning, and engineering services to public agencies on aviation problems; fosters the development of a state-wide system of airports to expand air service and commerce through intrastate, local and feeder services; fosters and coordinates improvement in the use of agricultural aircraft; cooperates with the Civil Aeronautics Board and Authority in the investigation of nonairline accidents; coordinates civil aviation plans for disaster relief and civil defense; and performs other functions as authorized and required.

## GENERAL ANALYSIS

Number of positions----- 14 13.5 14.5

An additional associate statistician is recommended for one year to develop statistical data, now lacking, on aircraft, their utilization, and aviation facilities.

One aviation safety representative is recommended for the promotion of aviation safety.

Operating expenses are increased for traveling of the commission to meetings in various locations throughout the State, and for airplane operation due to the overhaul of one plane.

Offsetting a part of the cost of these additions is the elimination of one delineator.

It is anticipated that legislation will be proposed to provide financial aid for this agency from sources other than the General Fund.

## COLORADO RIVER BOARD

The Colorado River Board was created under Chapter 838, Statutes of 1937, for the purpose of protecting California's rights pertaining to the Colorado River. The board, and its staff, collects, compiles and analyzes engineering and legal data on the existing and proposed utilization of the Colorado River water supply, appears before congressional committees and interested federal agencies, and confers with representatives of other Colorado River Basin states regarding legislation and developments affecting California's rights and interests.

## RECLAMATION BOARD

Cooperates with the U. S. Engineers in construction of flood control projects through the acquisition of rights of way for such projects; acts as governing body for the Sacramento and San Joaquin Drainage District (over 1,500,000 acres), approves construction on levee systems and flood channels, and fulfills such construction obligations as have been assumed by the State in its agreement with the Federal Government.

## INTERIM SAN FRANCISCO BAY PORTS COMMISSION

The Interim San Francisco Bay Ports Commission, consisting of nine commissioners, was created by Chapter 737, Statutes of 1951, to be in effect until the ninety-first day after the adjournment of the Legislature in 1953. The commission is required to report to the 1953 Session of the Legislature the results of its investigation and study and its conclusions and recommendations, regarding the needs for a cooperative Bay Area ports program.

## GENERAL ANALYSIS

Number of positions----- 0.4 3 3

The proposed budget provides funds only for the first quarter of the budget year, as present statutory authorization for the commission expires on the ninety-first day after adjournment of the 1953 Session. Extension of the current year's level of expenditure to the expiration date for the agency is proposed in order to assist in the development of a cooperative ports program and for continuance of the function until legislation is enacted regarding the future of the program.

22	Number of positions .....	0.3	2	2	-
23					
24	The need for rapid and effective transportation of persons between the various portions of the metropolitan area surrounding San Francisco Bay was recognized in the creation of this commission.				
25	The statute provides that the commission shall terminate December 31, 1953, unless the commission, by resolution, declares that public welfare and convenience require the life of the commission to be extended to not later than December 31, 1955. Such a resolution was adopted on August 27, 1952, since it appeared that the work of preparing a rapid transit plan and other problems would extend the commission's need beyond December 31, 1953.				
26	Present indications are that the conclusions and recommendations of the commission will only be in tentative form when the required report is submitted to the 1953 Regular Session. Additional time and funds are needed to complete a final report.				
27	The increase is due primarily to printing progress and final reports and to increased consultants' services.

## WATER RESOURCES BOARD

The State Water Resources Board is the agency designated to study and make recommendations to the Legislature on water conservation and flood control matters; to investigate and recommend allocations from the Flood Control Fund of 1946 to local agencies to cover the cost of cooperation in flood control works constructed by the Federal Government; and to represent the state and local agencies in matters pertaining to federal authorizations and appropriations for flood control projects. In addition, the board, under the provisions of Chapters 1500 and 1596, Statutes of 1951, is responsible for formulating plans and design criteria for the correction or prevention of damage to the underground waters of the State by sea water intrusion; and for conducting research relative to the production and control of rainfall by artificial means.

38	Analysis						
39							
40	The State Water Resources Board conducts comprehensive investigations in areas where the urgency and acuteness of water supply						
41	problems require more intensive study than that provided by the state-wide water resources investigation. The cost of these studies						
42	is shared equally by the State and the participating unit of local government. 1953-54 Fiscal Year Budget provides for continuation						
43	of field work on the San Luis Obispo County investigation on a cooperative basis. Initial funds for this work were provided by Item						
44	268 of the current year budget act on a nonmatching basis, however it is the board's policy that investigations involving a high						
45	degree of local interest be financed on a cooperative basis. Other investigations involve a continuing program of collecting basic						
46	hydrologic data.

70	STATE-WIDE WATER RESOURCES INVESTIGATION						
71							
72	General Fund						
73	Analysis						
74							
75	This project constitutes a revision and completion of the State Water Plan. Its objective is the preparation of a plan for the full con-						
76	servation, control, and utilization of the State's water resources, underground as well as surface, to meet present and future water						
77	needs. The result of the investigation will be presented in four bulletins, as follows: No. 1, "Water Resources of California"—this						
78	has been printed and contains a complete inventory of water resources for each of the seven major hydrographic units. No. 2, "Water						
79	Utilization and Requirements"—field work has been completed and the report will be completed in the 1952-53 Fiscal Year. No. 3						
80	"Plans for Development of Water Resources"—field work will continue in 1953-54, and portions of the bulletin will be drafted. No. 4						
81	"Summary Report on the California Water Plan," will be prepared after completion of bulletin No. 3.						
82							
83	a Nonmatching in 1952-53.

## DEPARTMENT OF SOCIAL WELFARE

The Department of Social Welfare supervises the county administration of old age security, aid to needy blind, aid to partially self-supporting blind, aid to needy children and child welfare services; administers the prevention of blindness program; investigates independent adoptions; licenses private agencies placing children for adoption and/or temporary care; licenses and supervises county adoption agencies; inspects and licenses boarding homes, institutions and other facilities for the care of aged and children; supervises the licensing of boarding homes for aged and children by local agencies; and grants certificates authorizing the execution of contracts for life care.

Headquarters Office at Sacramento

The summary of expenditures from state, federal, and county funds for social welfare programs administered by the department appears in the Local Assistance Budget, "Subventions for Social Welfare."

19					
20					
21	Number of positions	508.5	510.2	531	20.8
22					
23	The Department of Social Welfare was reorganized during the 1950-51 Fiscal Year. The purpose of the reorganization was to decentralize and establish smaller units to more closely cooperate with and advise local agencies. This was done by establishing three area offices in the State directed by area deputies under the supervision of the director of the department.				
24	The Senate Interim Committee on Social Welfare, in its report dated March 3, 1952, recommended additional central office changes. The majority of those recommendations that required no additional financing were accomplished during the 1952-53 Fiscal Year.				
25	The remaining recommendations are proposed for the 1953-54 Fiscal Year.				
26	Chapter 1262, Statutes of 1951, abolished the Social Welfare Fund, established the Social Welfare Federal Fund and provided that support disbursements should be made from the General Fund budget act item.

36					\$132,078	\$137,782	\$150,303
37	DIVISION FOR THE BLIND						
38	Analysis						
39	This unit is responsible for the formulation and interpretation of standards, policies, rules, and regulations governing the administration of the Aid to the Blind Programs; reviews reports of eye examinations, provides consultant services on medical phases, administers the Prevention of Blindness Program. The Prevention of Blindness Program provides treatment or surgery to prevent blindness or restore vision to persons applying for or receiving aid to the blind. The increase is due to the proposed new clerical position to meet increased work load; and the increased cost of hospitalization, surgery and medical services in the Prevention of Blindness Program.						
40	SALARIES AND WAGES

73							
74	Analysis						
75							
76							
77	This unit is responsible for the development of major fiscal policies with respect to all programs administered or supervised by the						
78	department. The Administrative Accounting Section maintains accounting, budgetary, cost accounting and property records of the						
79	department. It maintains records of county estimates and expenditure statements, and compiles estimates and expenditure state-						
80	ments for submission to the Federal Government. The County Claims Section has general responsibility for the receipt, audit,						
81	and approval of all claims for assistance, subventions, and administrative expenditures submitted by the counties and other						
82	agencies. The Fiscal Services Section prescribes the scope and technique of field audit of private institutions applying for or						
83	possessing a certificate of authority to enter into life care agreements; develops accounting systems recommended to counties,						
84	and has general responsibility for the development of departmental policy, rules, regulations, and forms pertaining to fiscal						
85	administration of the programs. The expenditures for the 1951-52 and 1952-53 Fiscal Years are shown under the Division of						
86	Financial Administration.

27	AREA OPERATIONS						
28	Analysis						
29	This unit is responsible for the supervision of local agencies and the execution of departmental policies throughout the State. The State is divided in three areas, with area offices located at Los Angeles, San Francisco, and Sacramento. Each area office is headed by an area deputy who has full responsibility for all operations within the area, and who directs a staff of professional, technical and clerical personnel. Increase is due to work load.

## RECREATION COMMISSION

The Recreation Commission aids in the development of recreation facilities and programs in communities; investigates and reports on facilities and services which are needed or exist; assists state agencies and organizations in establishing recreation programs; renders technical services on request to cities, counties, recreation districts, voluntary agencies, universities and colleges, and state agencies.

1951-52ESTIMATED  
1952-53ESTIMATED  
1953-54

## GENERAL FUND

Sale of publications----- \$275 \$250 \$250

<sup>a</sup> Composed of savings in salaries and wages, \$1; operating expenses, \$2,141; and equipment, \$21.

## DEPARTMENT OF VETERANS AFFAIRS

The Department of Veterans Affairs has five functions: The administration of the Veterans' Farm and Home Purchase Act; extension of financial assistance to veterans and dependents of veterans in securing an education; coordination of all state veterans' programs and provision of informational and advisory service to agencies in contact with the individual veterans and assistance to veterans in presenting claims against the United States arising out of war service; administration of the Veterans Home of California and the Woman's Relief Corps Home; and assistance to local communities in the development of facilities to meet the problems brought about by defense mobilization.

15					
16	<b>GENERAL ANALYSIS</b>				
17					
18					
19	Number of positions	60.6	60	60	—
20					
21	The 1953-54 Fiscal Year is budgeted as a continuation of the program previously authorized. The Defense Mobilization Services Committee				
22	is continued for another year as the peak defense production impact is expected in the early part of 1953-54.				
23	Contracts with veterans' organizations for assistance to veterans in pursuing claims against the United States arising out of war service				
24	has been increased \$8,000 to finance full-year participation of the American Veterans of World War II in the program.				
25	Educational assistance to veterans is expected to decrease \$78,100. Total enrollments are anticipated to remain at the same level as in				
26	1952-53, but student costs will decrease as the number of part time students increases. Present law does not extend this benefit to				
27	Korean War veterans.				
28	Educational assistance to veterans' dependents is estimated to increase \$5,665 over 1952-53. This is primarily due to the increased birth				
29	rate of 1937 and 1938 being reflected in increased enrollments.				
30

## VETERANS' HOME OF CALIFORNIA

The Veterans' Home of California is for aged and disabled honorably discharged former soldiers, sailors, marines and members of the Coast Guard who have served in the armed forces during a war period and are eligible for hospitalization or domiciliary care in a veterans facility of the United States Veterans Administration and have been bona fide residents of California for 10 years preceding date of application for admission.

Located Near Yountville, Napa County

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	<b>SUMMARY AND</b>

4	<b>SUPPORT</b>				
5	Budget Act appropriation				
6	Allocations from Salary Increase Fund	\$1,459,184	\$1,665,642	\$1,838,439	\$172,797
7	Allocations from Emergency Fund	157,571	92,114	-	92,114
8		-	35,991	-	-35,991
9	Total Available	\$1,616,755	\$1,793,747	\$1,838,439	\$44,692
10	Unexpended balances, estimated savings	-46,810 a	-	-	-
11	<b>TOTAL EXPENDITURES FOR SUPPORT</b>	<b>\$1,569,945</b>	<b>\$1,793,747</b>	<b>\$1,838,439</b>	<b>\$44,692</b>
12					(2.5%)
13	<b>Federal Aid Funds</b>				
14	Payments from federal grants for care and maintenance of veterans b	\$746,786	\$805,930	\$877,000	\$71,070
15	<b>TOTAL EXPENDITURES, ALL FUNDS</b>	<b>\$2,316,731</b>	<b>\$2,599,677</b>	<b>\$2,715,439</b>	<b>\$115,762</b>
16					(4.5%)
17	<b>GENERAL ANALYSIS</b>				
18	<b>Number of Positions:</b>				
19	Civilian	477.2	484.3	491.3	7
20	Member	105.9	109.9	111.3	-1.4
21	<b>POPULATION AND UNIT COSTS</b>				
22	Average member population	1,533	1,650	1,775	125
23					(7.6%)
24	Cost per member	\$1,517	\$1,576	\$1,530	-\$46
25					(-2.9%)
26	The increase is primarily due to increased members, proposed new positions, and expanded facilities.				
27	<b>SALARIES AND WAGES: The increase of \$89,444 is largely due to the following:</b>				
28	<b>Proposed New Positions:</b>				
29	1 Intermediate typist-clerk				\$2,844
30	This position will provide increased clerical assistance in the supply office. This office is comparable to the commissary manager's office in another institution and in addition supervises grounds maintenance and farming (orchard) activities. At present there are only two clerical employees in this office. Increased population and expended facilities, together with new operations such as the laundry and dry cleaning plant have increased the work load to the point where this additional position is mandatory.				
31	1 Intermediate clerk				2,706
32	This position will be assigned to the adjutant's office where the membership records, waiting lists, and statistical reports are maintained. This office also serves as a central information center. Accurate current records are essential to verify claims to the Federal Government. Work load increase since the last addition of staff in this office justify this additional position.				
33	1 Member of the guard, member				1,290
34	The guard positions require six posts plus four relief for 24-hour, 7-day per week coverage. There are now nine positions. The six posts to be covered are: (3) 24-hour traffic control at the main intersection within the home, (1) night grounds patrol, (1) day guard at guard house, and (1) evening shift at main gate. Traffic control coverage is required on the midnight-8 a. m. shift to prevent unauthorized vehicles from entering the institution and to provide someone to assist the night grounds patrol post in case of emergency requiring two individuals such as carrying a stretcher to the hospital.				
35	2 Supervising nurse I				7,620
36	These positions, together with existing positions, will provide 24-hour supervising nurse I coverage, under the direction of the supervising nurse III. They will supervise a total of 62 nurses and 130 hospital aids. In addition to supervision of other nurses, one nurse conducts an in-service training program partially necessitated by the high rate of turnover in nursing personnel.				
37	1 Assistant work supervisor, member				1,274
38	The present work supervisor assigns jobs to an average of 220 men daily and should check the assignments at least twice daily. Many of the members are assigned to assist tradesmen, culinary workers, etc. in their work while approximately 60 men do not work under direct supervision of anyone but the work supervisor. Additional lawn areas and new facilities, together with increased population, result in an increasing number of work details. This position will provide the work supervisor with an assistant to properly supervise the many job assignments and work details.				

a Composed of savings in salaries and wages, \$12,392; operating expenses, \$12,883; equipment, \$13,808; excess in reimbursements, \$7,727.

b Contributions from the Federal Government are not included in the over-all budget totals, either as revenue or expenditures. For summary of federal aid funds, see Schedule 7.

1	<b>GENERAL ANALYSIS—Continued</b>				
2					
3					
4	<b>SALARIES AND WAGES—Continued</b>				
5	<b>Proposed New Positions—Continued</b>				
6	1 Laborer				\$2,844
7	This position will assist in loading and unloading trucks as required, move furniture, and do other heavy work. At present the groundsman and flower gardeners are called from their assignments to assist in this work. However, with the addition of approximately 15 acres of lawns, shrubs, and trees these positions cannot afford the time for this type of work.				
8					
9	1 Painter				3,996
10	1 Plumber				3,996
11	These two positions will assist in maintaining the institution buildings on a current basis rather than requiring periodic capital outlay projects for this type of work. For several years the positions will be primarily utilized in repainting and plumbing replacement work which would previously be done as minor construction and improvements projects. Materials for this work is included in operating expenses as "Special Repairs and Maintenance."				
12					
13	<b>Positions Now Authorized:</b>				
14	Full-year cost of 11 positions established during current year to convert the lower floor of McKinley Barracks to a chronic and convalescent unit account for \$15,987 of the increase.				
15					
16					
17					
18					
19					
20					
21					
22	<b>OPERATING EXPENSES:</b> The increase of \$40,635 is generally due to increased membership and expanded facilities. "Special Repairs and Maintenance" accounts for \$10,075 of the increase and includes materials for projects previously budgeted as capital outlay but which are of a maintenance type.				
23					
24					
25					
26	<b>EQUIPMENT:</b> The total of \$33,461 represents a decrease of \$13,112 from the current year. Major items include replacement of feeding equipment, \$4,445; replacement of housekeeping equipment, \$2,405; additional medical equipment, \$2,976; replacement of pumps, \$3,850; and motor vehicle replacement, \$7,550.

## WOMAN'S RELIEF CORPS HOME

The Home is for the custodial, medical and nursing care of the widows, destitute unmarried daughters and sisters of Union Veterans of the Civil War and for nurses who served in that war. Admissions to the Home have been closed since 1947.

Located near San Jose, Santa Clara County

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	<b>SUMMARY AND</b>				
2	<b>RECONCILIATION WITH APPROPRIATIONS</b>				
3	<b>General Fund</b>				
4	<b>SUPPORT</b>				
5	Budget Act appropriation	\$68,483	\$74,581	\$73,734	
6	Allocations from Salary Increase Fund	4,888	3,400	-	
7	Allocations from Emergency Fund	500	1,063	-	
8	Allocations from Price Increase Fund	1,281	-	-	
9	Total Available	\$75,152	\$79,044	\$73,734	
10	Unexpended balance, estimated savings	-1,646 <sup>a</sup>	-235 <sup>b</sup>	-	
11	TOTAL EXPENDITURES FOR SUPPORT	\$73,506	\$78,809	\$73,734	-\$5,075 (-6.4%)
12	<b>HOSPITALIZATION AND MEDICAL AID OF MEMBERS</b>				
13	<b>IN COUNTY HOSPITALS</b>				
14	Budget Act appropriation	\$2,500	\$2,500	\$1,600	
15	Unexpended balance, estimated savings	-1,059	-900	-	
16	TOTAL EXPENDITURES, HOSPITALIZATION AND	\$1,441	\$1,600	\$1,600	-
17	MEDICAL AID OF MEMBERS IN COUNTY HOSPITALS				
18	TOTAL EXPENDITURES	\$74,947	\$80,409	\$75,334	-\$5,075 (-6.4%)
19	<b>GENERAL ANALYSIS</b>				
20	Number of positions	18.2	18	16	-2
21	<b>POPULATION AND UNIT COSTS</b>				
22	Average member population	22	21	20	-1 (-4.8%)
23	Cost per member	\$3,341	\$3,753	\$3,687	-\$66 (1.8%)
24	The per capita cost decrease is primarily due to the abolishment of two positions, partially offset by the decreasing member population resulting in higher "overhead" costs per member.				
25	SALARIES AND WAGES: The decrease of \$5,955 is primarily due to the abolishment of two positions.				
26	OPERATING EXPENSES: The increase of \$255 is due to increased maintenance of structures costs partially offset by the decrease in population.				
27	EQUIPMENT: The total of \$1,450 represents an increase of \$625 over the current year. The only major item is the replacement of a refrigerator, \$750.

## GENERAL ANALYSIS

There have been provided in the 1951-52 and 1952-53 Budgets, lump sum appropriations for salary increases to provide funds for any salary increases that may be granted and for which funds were not provided in the agency budgets. The budget for the 1953-54 Fiscal Year proposes that \$9,453,189 be made available to provide for approximately a 5 percent increase; \$620,000 for special adjustments; and \$2,072,923 to provide for increases granted after the budgets were prepared and for which funds are not provided in the agency budgets.

The amount proposed for the 1953-54 Fiscal Year is substantially less than those for previous years because most of the increases for the current year were determined prior to the preparation of the budgets and thus included in the budgets for the ensuing fiscal year.

A limitation was placed on previous appropriations to the effect that the annual cost of salary increases may not exceed specified amounts. It is proposed that the appropriation for 1953-54 include a similar limitation that the annual cost to the General Fund for increases that may be approved by the State Personnel Board may not exceed \$6,400,000.

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54			
	51-52 (Filled)	52-53 (Auth.)	53-54 (Auth.)						
General Fund									
Funds Required for Salary Increases Granted During the 1952-53 Fiscal Year; Not Included in Agency Budgets <sup>c</sup>									
State colleges, academic classes	-	-	-	-	\$431,207	\$431,207			
University of California, academic classes	-	-	-	-	1,162,000	1,162,000			
Special adjustments, various classes	-	-	-	-	184,212	329,716			
University of California, various classes	-	-	-	-	75,000	150,000			
Totals	-	-	-	-	\$1,852,419	\$2,072,923			
Funds Recommended for Salary Increases That May Be Granted During the 1953-54 Fiscal Year:									
General Increase for All Classes, Average of 5 Percent:									
For University of California	-	-	-	-	-	\$2,757,376			
For all others	-	-	-	-	-	6,695,813			
Special Increases for Selected Classes:									
For University of California	-	-	-	-	-	175,000			
For all others	-	-	-	-	-	445,000			
Totals	-	-	-	-	-	\$10,073,189			
TOTAL EXPENDITURES <sup>c</sup>	-	-	-	-	\$1,852,419	\$12,146,112			
Special Funds									
Funds required for salary increases granted during the 1952-53 Fiscal Year not included in agency budgets							-	\$55,868	\$88,807
Funds recommended for salary increases that may be granted during the 1953-54 Fiscal Year <sup>d</sup>							-	-	1,935,035
TOTAL EXPENDITURES	-	-	-	-	-	\$55,868	\$2,023,842		
TOTAL EXPENDITURES, ALL FUNDS	-	-	-	-	-	\$1,908,287	\$14,169,954		

<sup>a</sup> Savings due to annual limitation would be exceeded, academic salary increases in state colleges and the University of California were effective for only nine months, savings in number of teachers in state colleges and excess federal reimbursements, and use of excess salary savings in agency appropriations.

<sup>b</sup> The Legislature made \$1,633,375 available over budget estimates. Other savings due to use of salary savings in agency appropriations.

<sup>c</sup> Costs of salary increases granted to July 1, 1952, are included in the individual agency budgets.

<sup>d</sup> Exclusive of salaries paid from the State Highway Fund, as all available funds are budgeted and any increased costs will be met by adjustments within the budget.

## GENERAL ANALYSIS

The debt service charges do not include charges on bonds issued for construction at the San Francisco harbor or charges on the bonds issued for the veterans farm and home loan program. They are general obligation bonds, but are primarily the obligation of the respective utility funds. The activities of these utility funds are reported in the appendix section of the budget.

Interest and redemption chargeable to the General Fund is covered by motor vehicle license fee revenues which are transferred to the General Fund in the amount of the annual charges.

Interest and redemption charges on bonds issued for construction of state and university buildings, and for acquisition of areas for state parks, are met from funds which were set aside from General Fund surplus and placed in the Bond Sinking Fund of 1943.

There has been transferred to the State Buildings Interest and Sinking Fund sufficient money to retire the outstanding Sacramento State Buildings bonds, which will become due in 1965.

EXPENDITURES BY ISSUE	ACTUAL 1951-52	ESTIMATED 1952-53	ESTIMATED 1953-54
First Highway of 1909:			
Interest-----	\$160,000	\$144,000	\$128,000
Redemption-----	400,000	400,000	400,000
Second Highway of 1915:			
Interest-----	185,625	168,750	151,875
Redemption-----	375,000	375,000	375,000
Third Highway of 1919:			
Interest-----	617,500	575,000	532,500
Redemption-----	1,000,000	1,000,000	1,000,000
Sacramento State Building of 1913:			
Interest-----	120,000	120,000	120,000
San Francisco State Building of 1913:			
Interest-----	11,200	10,400	9,600
Redemption-----	20,000	20,000	20,000

a Donated funds. Neither receipts nor expenditures are included in the budget totals.

b A bond fund. Neither receipts nor expenditures are included in the budget totals. This fund was abolished and the balance remaining was made available for payment of interest.

c Public School Building Bonds are primarily an obligation of the General Fund. However, debt service charges are met to the extent of available money in the Public School Building Loan Fund, State School Building Aid Fund, and the School Building Retirement Fund. These bonds were issued to provide funds to be loaned to local school districts; therefore, the expenditure for debt service is considered as assistance to local government and is shown under the Local Assistance Budget, Subventions for Education.

## GOVERNOR'S OFFICE

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>Office of Civil Defense</b>			
2				
3				
4				
5	<b>FACILITIES, MATERIALS, SUPPLIES, EQUIPMENT, AND</b>			
6	<b>OTHER REQUIREMENTS FOR CIVIL DEFENSE</b>			
7				
8	<b>Analysis</b>			
9				
10	Provision is made for completion of the procurement of civil defense supplies and equipment program. Certain revisions in the original			
11	program are reflected all of which are proposed to be financed from currently available funds.			
12	Communication facilities for the state-wide network from state headquarters to regional control centers, operational areas and cities			
13	were estimated to cost \$1,000,000, the total of which was appropriated from state funds. Federal funds have been made available			
14	for this project in the amount of \$351,850 resulting in a net cost of these facilities from state funds of \$654,995.			
15	Communication facilities for the city and county networks were anticipated to be financed on the following cooperative participation:			
16	16% Federal funds			
17	42% Local funds			
18	42% State funds			
19	Since the program started greater participation by the federal and local governments has resulted in a reduction of the amount			
20	of state funds required from \$418,747 to \$328,723. In certain instances local jurisdictions are participating with the Federal			
21	Government on a fifty-fifty basis and are not requesting state funds.			
22	Medical and first aid supplies and equipment are estimated to cost \$5,433,194 of which \$2,266,194 is to be provided from federal funds			
23	with a net cost to the state of \$3,167,000.			
24	Radiological supplies, instruments and equipment were anticipated to be provided from state funds for which \$900,000 has been appropri-			
25	ated. Federal participation to the extent of \$66,873 has reduced the estimated cost of this project from state funds to \$855,887.			
26	The attack warning state-wide network is the so-called Bell and Light System which relies primarily on wire lines with installed rental			
27	equipment. This project is entirely state-financed.			
28	Public alarm equipment for cities and counties is being financed on a cooperative participation basis as follows:			
29	50% Federal funds			
30	25% Local funds			
31	25% State funds.			
32	The original appropriation of \$160,617 from state funds was based on the availability of federal funds to be applied under the above			
33	formula rather than total requirements. With the availability of additional federal and local funds the State's share of this project is			
34	estimated to cost \$257,391. The additional cost is proposed to be financed from savings in other projects. In a few cases local agencies			
35	are participating with the Federal Government on a fifty-fifty basis without state assistance.			
36	Public alarm equipment for state buildings has been financed entirely from the \$100,000 allocated in item (h), Chapter 8, Statutes of 1952			
37	(First Extraordinary Session), provided for "other civil defense purposes."			
38	Storage and handling of supplies, protective services, and inventories are being financed entirely from state funds. Additional funds in the			
39	amount of \$12,899 in excess of the original estimate will be required for this purpose due to delays in receipt of certain materials and			
40	supplies which are to be included in the first aid station complement packages for distribution to the several stations.			
41	Registration and inquiry forms are to be purchased at state expense. There is no change from the original estimate in this item.			
42	Rescue equipment is being purchased primarily on the basis of the following cooperative participation:			
43	50% Federal funds			
44	25% Local funds			
45	25% State funds			
46	Because certain local jurisdictions have elected to provide 50 percent of the funds to match the federal funds without state assistance a			
47	savings in the appropriation for this project in the amount of \$122,146 will result.			
48	Fire equipment is being purchased on a fifty-fifty basis with the Federal Government. An additional amount of \$388,468 is proposed for			
49	this item to bring the total complement of fire pumpers to 100. Federal funds are currently available for matching the additional state			
50	funds which are proposed to be made available from savings in other items.			
51	Training civil defense key personnel is a state-financed assistance program whereby the cost of subsistence and lodging furnished trainees			
52	at Federal Civil Defense Administration School will be reimbursed under a contractual arrangement with the school.			
53	Training and educational supplies and equipment for fire services are to be financed on a fifty-fifty basis with Federal Government.			
54	Other civil defense requirements shown in the amounts of \$55,000 and \$85,527 for the 1952-53 and 1953-54 Fiscal Years respectively			
55	represent a reserve for contingencies to provide some flexibility and permit participation where variations may occur in federal			
56	allocations.

## DEPARTMENT OF CORRECTIONS

LINE	SUMMARY	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>GENERAL ANALYSIS</b>			
2				
3				
4	The capital outlay program of the Department of Corrections is designed to provide for population increase, reduce overcrowding,			
5	reduce the number of inmates housed in temporary structures, and structural renovation at the oldest prisons. Only by providing a			
6	separate cell for each inmate and proper segregation by types, can the rehabilitation program operate at maximum efficiency. Con-			
7	struction will be by inmate labor inside the prison walls at Folsom and San Quentin; outside and new prison construction will be			
8	by contract labor. Minor structures in major groups will be constructed of durable material at lesser cost depending upon intended use.			
9	As of June 30, 1952, the capacity of all permanent and semipermanent facilities was 7,414, temporary facilities housed 3,520, and			
10	1,982 were housed under overcrowded conditions.			
11	The program, including the preparation of the preliminary plans for 1953-54, included in a state-wide appropriation, should reduce			
12	overcrowding to 144 in 1959, assuming necessary construction funds are allowed in future budgets.			
13	The 1953-54 Budget provides for the following in addition to minor construction projects to properly maintain existing facilities:			
14				
15	<b>Medical Facility</b>			
16				
17	Construct and equip a reception-guidance center of 580 cells. Construct and equip service and inmate recreational facilities for the			
18	institution.			
19				
20	<b>Chino</b>			
21				
22	New main entrance and parking facilities.			
23				
24	<b>Folsom</b>			
25				
26	Construct and equip new commissary and laundry and replace sally port and post number 15.			
27	Replace pumping and chlorination facilities.			
28				
29	<b>San Quentin</b>			
30				
31	Construct and equip new commissary, laundry, and maintenance shop building.			
32	Construct new west sally port and wall.

5				
6	<b>Medical Facility</b>			
7	<b>Analysis</b>			
8	The present temporary institution was opened in 1950 using leased facilities in Los Angeles County on the south end of Terminal Island at San Pedro. These were formerly used as naval disciplinary barracks. The main buildings are made of reinforced concrete, and auxiliary and industrial buildings are built of wood, stucco, and prefabricated steel. The inmate capacity is 1,100.			
9	The new permanent institution will provide special custody of inmates who are mentally defective, chronically ill, narcotic addicts, sex offenders, or otherwise physically or mentally abnormal. Close custody will be provided in the reception center unit for observation and study of new commitments, prior to assignment to other institutions. Due to the nature of the institution there will be a limited training program and the emphasis will be on treatment. The site for the institution is located in Solano County about two miles south of Vacaville and consists of 903 acres of land, of which approximately 100 acres are to be used for inmate and employee building areas. Presently appropriated funds will provide for 1,400 capacity in 1954-55. Funds for a 580 capacity reception-guidance center and service facilities are included in this budget to provide ultimate capacity in 1955-56.

1				
2				
3				
4	<b>Analysis</b>			
5				
6	This is primarily a minimum security prison with an extensive agricultural and industrial program. About half of the 1,500 inmates are			
7	housed in permanent facilities. The institution is located in San Bernardino County about two miles south of Chino on 2,556 acres			
8	of land. It was opened in 1941 and consists of reinforced concrete permanent main buildings, semipermanent steel industrial build-			
9	ings, frame farm buildings and temporary steel barracks buildings for dormitories and classrooms. The construction program under			
10	way is principally for the replacement of obsolete temporary facilities and for completion of the institution. The southern reception			
11	center is located on a 15-acre portion of the Chino site. The clinic is of reinforced concrete construction with a capacity of 400			
12	inmates. Construction of this unit was completed in the 1951-52 Fiscal Year. One major project, new main entrance and parking			
13	facilities, and essential minor construction are proposed for the 1953-54 Fiscal Year.			
14

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>State Prison at Folsom</b>			
2				
3				
4	<b>Analysis</b>			
5				
6	This primarily is a maximum custody prison with a large industrial program. The permanent facilities are constructed of reinforced			
7	concrete and have a normal capacity of 1,870 inmates. The institution is located almost entirely in Sacramento County two miles			
8	northeast of Folsom and was constructed in 1858. A major rehabilitation program is now under way to replace obsolete buildings			
9	and service facilities, of which the replacement of the commissary, laundry, and other lesser projects are proposed for the 1953-54			
10	Fiscal Year.			
11

## DEPARTMENT OF CORRECTIONS—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>State Prison at San Quentin</b>			
2				
3				
4	Analysis			
5				
6	This is a general purpose prison with an extensive industrial program. The permanent facilities are constructed of reinforced concrete			
7	and have a normal capacity of 2,750 inmates. The institution is located in Marin County three miles southeast of San Rafael on			
8	a 404-acre site with a very limited area suitable for buildings. The prison was opened in 1852. At the present time a major rehabilita-			
9	tion program is under way to replace obsolete buildings and service facilities, of which a new commissary, laundry and shops building			
10	and new west sally port and wall are proposed in the 1953-54 Fiscal Year.			
11				
12	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
13	<b>AND EQUIPMENT</b>			
14				
15	Expenditures From Budget Act Appropriation (COSF):			
16				
17	Construct new west sally port and wall	-	-	\$68,000
18	Construct new commissary, laundry, and maintenance shop build-			
19	ings, and alter walls and ramps	-	-	1,796,000
20	Equipment for new commissary, laundry, and maintenance shops	-	-	129,800
21	Preliminary plans for commissary, laundry, and maintenance shops			
22	buildings to further develop the overall rehabilitation program	\$26,200	-	-
23	Modernize inmate mess hall, including new floor, new tables,			
24	serving tables, repairs to tile wainscot, and complete re-			
25	painting of interior	-	\$191,000	-
26	Construct and equip equipment shed and garage to protect heavy			
27	equipment and motor vehicles (partial cost)	-	16,655	-
28	Convert old fresh water reservoir to salt water reservoir	-	29,560	-
29	Surface and pave roads in industrial area	-	30,000	-
30	Unexpended Balances Transferred From Architecture Revolving			
31	Fund:			
32	Chapel and religious education building	-88,500	-	-
33				
34	Expenditures From Special Appropriations:			
35				
36	Repairs caused by wind damage to water reservoir	13,240	2,260	-
37	Supervision of inmate crews	26,912	27,934	-
38	Remodel laundry for installation of new equipment	17,000	-	-
39	Remodel duplex and demolish warden's residence	865	15,036	-
40	Reroof cow barn	-	164	-
41	Replace sky lights general mess, kitchen, warehouse, and hospital	-	1,744	-
42	Renovate captain of yard building	-	282	-
43	General repairs to residences	3,599	183	-
44	Rewire south cell block	1,146	-	-
45	Replace window frames and screens south cell block	-	2,142	-
46	Replace 800 prison door locks	-	120	-
47	Reroof, replace plumbing, light panels, and painting in hospital	688	220	-
48	Alterations to east gate	-	648	-
49	Hospital alterations—old men's ward	2,705	-	-
50	Hospital clinic alterations	3,484	217	-
51	New steam lines	-	301	-
52	Increase capacity of warehouse No. 5	148	383	-
53	Ground Clearing and Removal of Old Buildings:			
54	Old jute mill building	14,138	3,727	-
55	Old walls	3,575	9,199	-
56	Old warehouses, 6-7-8	-	455	-
57	Old sash and blind building	-	15,235	-
58	Old stone building	-	19,800	-
59	Replace floor in furniture factory	-	247	-
60	Provide two shielded rooms in hospital	-	295	-
61	Heating system for old stone prison	175	-	-
62	Install rubber wheels on all carts	-	169	-
63	Revamp paint spray booth	137	756	-
64	Security provisions for psychiatric patients	-	114	-
65	Dental laboratory alterations	-	206	-
66	Install six sound proof cells in north block	370	218	-
67	Install heating in sewing section of new industrial building	2,624	-	-
68	Plumbing shop	-	48	-
69	West block—paint, roof, panels	1,819	260	-
70	Garage—new roof, ramp, paint	309	153	-
71	Lieutenant's office—control panel, linoleum	105	-	-
72	Tobacco factory—paint	103	-	-
73	Naval cleaning plant—paint	243	-	-
74	Reroof small mess hall	2,208	-	-
75	Kitchen equipment	477	204	-
76	Storage refrigerator, bakery equipment	447	-	-
77	Warehouse equipment, ground improvement	-	403	-
78	Chapel religious activities	-	6,812	-
79	Education buildings	-	78	-
80	Grounds lighting	-	-661	-
81	Unexpended Balances Transferred From Architecture Revolving			
82	Fund:			
83	Rehabilitate telephone cable	-452	-	-
84	Alterations to educational building	-263	-	-
85				
86	<b>TOTAL EXPENDITURES (Major Construction)</b>	<b>\$33,502</b>	<b>\$376,567</b>	<b>\$1,993,800</b>

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>State Prison at Soledad</b>			
2				
3				
4	<b>Analysis</b>			
5				
6	This is a medium security institution with an agricultural and vocational training program. Construction of permanent facilities of			
7	reinforced concrete was completed in December, 1951, to house 1,500 inmates. The temporary unit will house 450 inmate farm			
8	workers in prefabricated steel buildings. The institution is located in Monterey County about four miles north of Soledad on 936			
9	acres of land of which approximately 100 acres are used for inmate and employee building areas. The remainder of the site is used			
10	for an extensive agricultural program. Only essential minor construction is proposed for the 1953-54 Fiscal Year.			
11				
12				
13	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
14	<b>AND EQUIPMENT</b>			
15				
16	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
17				
18	Construct and equip industries building to provide facilities to			
19	activate an industrial program-----	\$552,000	\$590,000	-
20				
21	<b>Expenditures From Special Appropriations (COSF):</b>			
22				
23	Original complement of equipment for permanent prison-----	35,516	100,008	-
24	Equipment for postwar construction-----	205	9,159	-
25	Purchase and erect 26 quonset-type buildings for employees' resi-			
26	dences and farm buildings-----	-	4,000	-
27	Unexpended Balance Transferred From Architecture Revolving			
28	Fund:			
29	Purchase and erect 26 quonset-type buildings for employees'			
30	residences and farm buildings-----	-1,883	-	-
31				
32	<b>TOTAL EXPENDITURES (Major Construction)-----</b>	<b>\$585,838</b>	<b>\$703,167</b>	<b>-</b>
33				
34				
35	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
36	<b>AND EQUIPMENT</b>			
37				
38	Replace water line at barracks-----	-	-	\$7,200
39	Additional materials used to construct shelter for corporation yard,			
40	for equipment and lumber storage-----	-	-	1,000
41	Replace plastic windows and lightweight window frames in the tem-			
42	porary barracks building-----	-	\$6,500	-
43	Resurface with black top, roads oiled in 1948 within the temporary			
44	barracks area-----	-	7,000	-
45	Construct an additional poultry laying house of 1,000-hen capacity			
46	to increase egg production so as to supply the needs of San			
47	Quentin-----	-	4,000	-
48	Relocate irrigation lines because of construction of permanent			
49	facilities-----	-	2,500	-
50	Purchase of original complement of equipment-----	-	375	-
51	Provide service porches for quonset residences-----	\$118	2,081	-
52	Install natural gas lines from meter point to boilers and kitchens to			
53	discontinue the use of fuel oil and provide more economical			
54	operation-----	5,578	502	-
55	Convert present facilities to farm unit to relieve overcrowded con-			
56	ditions-----	8,450	750	-
57	Replace hot water heaters and space heaters in residences to provide			
58	more economy and safety-----	3,387	638	-
59	Alter existing employee housing units and convert other units to			
60	provide additional and more comfortable facilities-----	6,040	2,760	-
61	Construct recreational facilities at present institution to provide			
62	more adequate and satisfactory recreation area-----	492	8	-
63

4	<b>Deuel Vocational Institution</b>			
5	<b>Analysis</b>			
6	The new institution will be primarily a medium custody prison with an agricultural-vocational training and treatment program. It will			
7	house 1,200 inmates in reinforced concrete facilities. The site for the new institution is located in San Joaquin County about four			
8	miles east of Tracy and consists of 783 acres of land of which approximately 80 acres are to be used for inmate and employee			
9	housing areas. The remainder of the site will be used for farming activities. The new institution will be completed in July, 1953.			
10	The present institution at Lancaster is located in temporarily leased facilities and houses 550 inmates.			
11	A 308-capacity Reception-Guidance Center is planned for future budgets. No major construction is planned in the 1953-54 Fiscal Year.

3	<b>Institution for Women</b>			
4	<b>Analysis</b>			
5				
6	The new Institution for Women includes all types of custody and is also the reception center for new commitments. It has an industrial-			
7	vocational training and treatment program. Reinforced concrete housing presently financed provides for 459 inmates with ultimate			
8	expansion to 509 inmates capacity planned for the future. The site for the institution is located in San Bernardino County about			
9	seven miles northwest of Corona, and consists of 120 acres of land. One minor project only is planned for the 1953-54 budget.

## YOUTH AUTHORITY

LINE	SUMMARY	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1				
2				
3	<b>GENERAL ANALYSIS</b>			
4				
5	Although, under existing law, the Youth Authority may refuse commitments if facilities are not available, the backlog of boys and girls			
6	in county jails remains high. The program of the Youth Authority is to increase the capacity of its facilities from 2,031 in 1952 to			
7	3,419 in 1959, an increase of 1,388 or 68.3 percent.			
8	In addition to building additional capacity, many existing facilities are to be remodeled or replaced to provide more adequate and more			
9	modern accommodations.			
10	Fricot Ranch School for Boys will be completed to ultimate capacity of 162 during the 1952-53 Fiscal Year with completion of the new			
11	hospital. The only major project budgeted for 1953-54 is the third increment in the water supply improvement program.			
12	A new 50-boy restricted-detention building is included in the 1953-54 Fiscal Year for Fred C. Nelles School for Boys to replace an anti-			
13	quated structure and provide increased capacity of 34.			
14	Completion of the ultimate capacity of 385 is contemplated in 1952-53 at the Paso Robles School for Boys. Replacement of the restricted-			
15	detention building, a new auditorium, and partial site development are proposed for the 1953-54 Fiscal Year.			
16	The program of replacing condemned and inadequate structures at Preston School of Industry begun in the 1952-53 Fiscal Year is			
17	continued in the 1953-54 Budget with a vocational trades building, a bakery addition to the kitchen, a new administration build-			
18	ing, two 50-boy dormitories, and revision in the security fencing included.			
19	A new auditorium is included in the 1953-54 Fiscal Year for the Los Guilucos School for Girls to complete the permanent institution			
20	except for landscaping and staff housing.			
21	The Ventura School for Girls is to move to a new institution in the 1954-55 Fiscal Year with a capacity of 300.			
22	The Northern California Reception Center and Clinic will be completed in the 1953-54 Fiscal Year with a capacity of 174.			
23	The Southern California Reception Center and Clinic will be completed in 1954-55 with a capacity of 374. The only project included for			
24	this facility is a 100,000-gallon elevated water tank for fire protection and domestic water supply.

<sup>a</sup> Sections 1731.5 and 1736 of the Welfare and Institutions Code provides that the Youth Authority may accept commitments if facilities are available. Because of these sections of the code, the Youth Authority does not have resident population in excess of total capacity. The above estimates are based on the assumption that there will be no change in the code. Population is estimated at approximately 95 percent of total capacity, less hospital and detention capacity, to allow for turnover.

<sup>b</sup> Capacity in permanent buildings not scheduled for replacement.

<sup>c</sup> Housing capacity in temporary buildings or buildings scheduled for replacement.

<sup>d</sup> Includes clinic operated at Preston up to June 30, 1954, when separate clinics will be in operation.

<sup>e</sup> Capacity in existing dormitories will be reduced as new facilities are placed in operation.

<sup>f</sup> These wards will come from the counties and Preston and not as transfers from the Deuel Vocational Institution at Tracy.

45	<b>Analysis</b>			
46	Chapter 303, Statutes of 1949, added Section 1250 to the Welfare and Institutions Code which provides for "an institution for the confinement of males to be known as the Youth Training School." It is contemplated that it will be located in the Southern California area. It is planned that this school will ultimately house 600 wards of the age group 16 to 21, and will have a vocational and educational type of program with a limited scope farming program. The institution will include dormitory capacity for 600 and hospital and detention capacity of 125.

3	<b>Northern California Reception Center and Clinic</b>			
4	<b>Analysis</b>			
5				
6	This institution will be located on a 17-acre site approximately seven miles east of Sacramento, near Perkins. This facility will receive			
7	all boys from Northern California and all girls from the entire State. The major purpose of this facility will be to centralize intake			
8	and to make diagnostic studies and training recommendations on each case. Intensive medical, dental, psychological, and psychiatric			
9	treatment will be given. Serious medical and psychiatric cases developing in the schools will also be treated.			
10	The new institution will be completed in February, 1954, with a capacity of 174 and an ultimate planned capacity of 274. The increase			
11	in capacity to 274 is not yet financed.

1	<b>Fred C. Nelles School for Boys</b>			
2				
3				
4	<b>Analysis</b>			
5				
6	Fred C. Nelles School for Boys was constructed in 1890 at Whittier, California. School buildings are of brick construction with a normal			
7	capacity of 306 excluding the hospital and detention units. The buildings are in good condition, except the combination admissions-			
8	detention unit. The program calls for the construction of an admission unit and a detention and restriction building to augment			
9	existing facilities. The latter is included in this budget.			
10				
11				
12	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
13	<b>AND EQUIPMENT</b>			
14				
15	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
16				
17	Construct restricted detention building (replacement of present			
18	inadequate facilities)-----	-	-	\$255,000
19	Equip restricted detention building-----	-	-	11,515
20	Construct new school building to replace condemned building-----	\$85,119	\$204,881	-
21				
22	<b>Expenditures From Special Appropriations (COSF):</b>			
23				
24	Repairs and alterations to provide temporary school rooms and			
25	library-----	2,816	180	-
26	Replace two booster pumps and construct pump house-----	1,262	934	-
27	Repair floors in school buildings-----	-	351	-
28	Replace electrical distribution panel in laundry-----	-	550	-
29	Miscellaneous urgent maintenance projects recommended by Divi-			
30	sion of Architecture survey (partial cost)-----	-	10,450	-
31	Alterations and equipment recommended by Fire Marshal-----	-	13,190	-
32	Improve water supply system for increased fire protection-----	13,000	-	-
33	Repair boiler and install safety pilot control (partial cost)-----	4,500	-	-
34				
35	<b>TOTAL EXPENDITURES (Major Construction)-----</b>	<b>\$106,697</b>	<b>\$230,536</b>	<b>\$266,515</b>
36				
37				
38	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
39	<b>AND EQUIPMENT</b>			
40				
41	Detention window sash in hospital-----	-	-	\$4,000
42	New salad and dairy products refrigerator to replace outmoded unit			
43	and provide better supervision of boy help-----	-	-	1,500
44	Replace existing laundry equipment and add new equipment to proc-			
45	ess reception center laundry-----	-	-	19,000
46	Partially rewire commissary, carpenter shop, employee housing, and			
47	Hoover cottage-----	-	-	19,050
48	Repair and replace plumbing and fixtures in cottages, and sand floors			
49	and replaster Greenleaf cottage-----	-	-	40,400
50	New floor furnace in residence and install ventilator, fan and duct			
51	in main kitchen-----	-	-	500
52	Replace gas line, conductivity meter, and steam lines, and recharge			
53	filters-----	-	-	4,870
54	Replace floor covering, windows, wall tile, metal corners, pipe, con-			
55	densate lines, radiator valves and lines-----	-	-	3,740
56	Replace and relocate inadequate refrigeration equipment to provide			
57	proper refrigeration controls-----	-	\$6,130	-
58	Paint interior and exterior of institution buildings (first part of			
59	three-year program)-----	-	8,500	-
60	Miscellaneous urgent maintenance projects recommended by Division			
61	of Architecture survey (partial cost)-----	-	32,980	-
62	Replace one 350-gallon hot water tank in wards' dormitory-----	-	1,700	-
63	Revamp boiler and steam distribution system-----	\$27,764	-	-
64	Repair and remodel shower rooms in gymnasium and cottages-----	265	609	-
65	Thermostatic heat controls in dormitories-----	5,800	-	-
66	Replace gutters and downspouts-----	1,007	53	-
67	Replace auditorium curtains-----	-	1,000	-
68	Construct incinerator to replace open pit-----	11,800	-	-
69	Alterations required by fire marshal-----	5,476	8,585	-
70	Pumps and electrical-----	2,093	-	-
71	Emergency electrical work-----	9,675	-	-
72	Repair floors in dining rooms, kitchen, and bakery-----	-	130	-
73	Install vacuum return pump-----	-	470	-

4	<b>Paso Robles School for Boys</b>			
5	<b>Analysis</b>			
6	The Paso Robles School for Boys is located approximately six miles northeast of the town of Paso Robles. The school now occupies			
7	the former site of the Estrella Army Air Base. The school site covers 203 acres and the new institution will occupy an area of approx-			
8	imately 40 acres. The present capacity of this school is 150 boys. When the present army barracks are completely replaced by perma-			
9	nent facilities in the 1953-54 Fiscal Year, the capacity will be increased to 385. All buildings at this institution will be of single-			
10	story construction and will be of reinforced brick construction with radiant heating. Each cottage will house 50 boys and will be			
11	of dual type: single rooms and dormitories.

3	<b>Preston School of Industry</b>			
4	<b>Analysis</b>			
5				
6	Preston School of Industry was constructed in 1894 at Ione, California. The dormitories are of brick construction and have a normal			
7	capacity of 543, excluding the Youth Authority Clinic.			
8	The present condition of the buildings is fair to poor. Many of the buildings have been condemned by either the State Fire Marshal or			
9	the Division of Architecture. Replacement of three dormitories will be completed in January, 1954. This budget includes replace-			
10	ment of two more dormitories, administration building, commissary, and bakery facilities and centralization of inadequate voca-			
11	tional trades facilities as part of the rehabilitation program.			
12

3	<b>Los Guilucos School for Girls</b>			
4	<b>Analysis</b>			
5				
6	Los Guilucos School for Girls is located near Santa Rosa. The school property includes 420 acres. The building area will occupy approxi-			
7	mately 40 acres. At the completion of the postwar building program the total capacity will be 287 wards. The new school will be			
8	of reinforced concrete construction with radiant heating either in floor slabs or in the walls. All buildings will be of one-story con-			
9	struction. Three dormitories are scheduled for completion in October, 1953 to bring the school to total capacity. At the time the new			
10	dormitories are placed in operation the capacity in existing dormitories will be reduced.

4	<b>Ventura School for Girls</b>			
5	<b>Analysis</b>			
6	This institution is located near Ventura in Ventura County. The present school was constructed in 1916 on hillside terrain. Present facilities are of a two story cottage type, each cottage containing its own kitchen, dining room and living area. Dormitories are located on the second story and consist of two 15-girl dormitories in each cottage making supervision difficult and expensive. The present plan is to construct a new institution on a level site to be acquired in the 1952-53 Fiscal Year. The new facility will have regular dormitories and a central kitchen and dining area. The first unit will have dormitory space for 250 girls with detention and hospital capacity of 50. The first unit will also include central facilities for the ultimate dormitory capacity of 350 girls.

## DEPARTMENT OF EDUCATION

## GENERAL CONDITIONS OF EXISTING FACILITIES

There are, at present, nine established state colleges, six of which are operating in permanent quarters which have been built to handle enrollments anticipated prior to World War II, and which now face the necessity of substantial expansion of facilities. The California State Polytechnic College, located at San Luis Obispo, with branches at San Dimas and the Kellogg Ranch, and the California Maritime Academy at Vallejo, also have been operating on permanent sites, but occupying largely temporary structures. Three new colleges have been established during the past five years, one of which is still operating in rented facilities in Los Angeles, while two are in the process of establishing permanent new campuses in Long Beach and Sacramento.

A major portion of the capital outlay funds appropriated since 1946 have been used in designing and constructing four new state college campuses at San Francisco, Sacramento, Long Beach, and Fresno. Long Beach State College is already operating on its new site in temporary quarters, with \$3,000,000 of permanent buildings ready for bid. Sacramento State College plans to move to its new campus in February, 1953, with six buildings now complete and funds for six additional structures provided in 1952-53 appropriations. San Francisco State College and Fresno State College have been provided with facilities substantially sufficient to enable these two schools to move completely to new campus sites in the near future.

For the 1953-54 Fiscal Year, construction funds are proposed for expansion of permanent facilities at three established colleges where enrollment growth threatens to exceed housing. At San Diego State College, completion of the first postwar buildings will permit remodeling of the old physical science building, training school, and administration building into other teaching facilities; and a new home economics building and portion of an education building are proposed. Present science, library, and men's gymnasium facilities are to be expanded at San Jose State College. At California State Polytechnic College, where most structures are of temporary construction, permanent agricultural engineering and mechanics classrooms and additional physical education building space is provided. In addition, a second unit of permanent buildings at Long Beach State College will include an administration building, and cafeteria (with financing of a science building from a special appropriation in the current year); at Chico State College a portion of a women's gymnasium is provided for completely overtaxed physical education facilities; and at Humboldt State College, a wild life management building is included for this fast-growing curriculum.

At present, residence schools for the deaf and blind exist at Berkeley, both housed in recently expanded or modernized facilities. A new school for the deaf in Riverside plans to begin operations in February, 1953, with an initial enrollment of 50 students. Residential schools for cerebral palsied children have been established in temporary rented quarters in both Northern and Southern California. In addition, one residential orientation center for intensive training of the blind, and three nonresidential sheltered workshops for the blind are operated in permanent quarters in Oakland, Los Angeles, and San Diego. The shops in Oakland and San Diego are housed in old structures, while the Los Angeles shop is in adequate quarters recently acquired by the State.

During the 1953-54 Fiscal Year, the only plant additions to the special schools and blind centers appear at the School for the Deaf in Riverside, where the second unit of the building program will provide three additional dormitories and an expansion of classroom facilities. Although the school has been master-planned for 500 students, the first unit now approaching completion will house only 225 children, and will be increased to a maximum of 350 students with completion of the second unit.

1	<b>Departmental Administration</b>			
2				
3				
4	<b>Analysis</b>			
5				
6	During 1953-54, adjustment and expansion of State Library facilities within the Library and Courts Building vacated by the Department of Education will require additional shelving and intercommunication equipment. Department of Education office requirements for new facilities are all contained in 1952-53 expenditures, which will permit centralization of most administrative activities in the new Education Building in Sacramento. The 1952-53 Departmental Administration expenditures are for preparation of preliminary plans for new construction department wide so that the scope of projects and more accurate cost estimates can be determined prior to proposed appropriations for working drawings and construction.

22				
23				
24	Construct women's gymnasium-----	-	-	\$239,000
25	Equip women's gymnasium-----	-	-	7,780
26	Construct electrical substation for distribution of power-----	-	-	65,250
27	Equipment for laboratory school-----	\$13	\$118	-
28	Science-music-speech building—equipment-----	31,698	3,782	-
29	Temporary classrooms-----	515	706	-
30	Install water tank-----	-	25,000	-
31	Completion of playfield facilities-----	-	159,130	-
32	Construct men's and women's locker room-----	-	231,700	-
33				
34	<b>TOTAL EXPENDITURES (Major Construction)</b> -----	\$32,226	\$420,436	\$312,030
35				
36				
37	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT</b>			
38				
39				
40	Install two additional fire hydrants and extend water main to provide fire protection for central portion of the campus-----	-	-	\$4,530
41	Remove defective skylight on industrial arts building, board up openings and reroof-----	-	-	3,000
42	Remodel first floor of administration building to provide enlarged administrative offices-----	-	-	19,320
43	Construct equipment storage building, approximately 32' x 60'-----	-	-	6,186
44	Construct blacktop access roadway to field storage building, consisting of approximately 3,080 sq. ft.-----	-	-	924
45	Construct athletic equipment storage building under new bleachers on athletic fields-----	-	-	5,559
46	Construction of blacktop access road to athletic equipment storage shed under bleachers-----	-	-	360
47	Construct cement sidewalk from bleachers to public restrooms-----	-	-	120
48	Construct access road from Ivy Street to new auto shop on recently acquired property-----	-	-	3,020
49	Replace cement sidewalk along front of college property on First Street and along property line on Ivy Street and add approximately 285 feet of curbing-----	-	-	7,565
50	Install evaporator coolers and heaters to provide comfortable working conditions in auxiliary buildings-----	-	-	2,000
51	Install sprinklers in lawn area between Bidwell Hall and gymnasium-----	-	-	18,000
52	Install gasoline pump and 500-gallon gasoline storage tank-----	-	-	465
53	Construct small shelter to house telescope-----	-	-	2,500
54	Pave entrance to auditorium-----	-	-	1,500
55	Install approved paint spray booth in industrial arts building-----	-	-	2,000
56	Renovate and replace wiring in library-----	\$10,220	-	-
57	Paint interior of library building-----	9,040	-	-
58	Cold air duct, including water screen, filter bath, three-phase motor in library, new grills, and repair and renovate existing ducts-----	4,940	-	-
59	Plaster concrete walls, replace water heater, install asphalt tile, and miscellaneous repairs and improvements to library-----	2,725	-	-
60	Install sawdust system in industrial arts building, including ducts, blowers, and outlets-----	5,865	-	-
61	Rewire industrial arts building to replace unsafe, worn, and antiquated wiring and fixtures-----	7,921	-	-
62	Paint interior and exterior trim of industrial arts building and interior walls-----	1,532	-	-
63	Heating, ventilation, and air conditioning installations for industrial arts building to replace inadequate existing system-----	3,166	-	-
64	Alterations to washroom and toilets in industrial arts building to include replacing broken fixtures, connecting to sewers, and providing additional fixtures-----	2,805	-	-
65	Miscellaneous repairs and improvements in industrial arts building, including installation of air compressor and lines, insulation under roof, drinking fountain, and patching hollow tile walls-----	1,480	-	-

3				
4	<b>Analysis</b>			
5				
6	Humboldt State College offers four-year programs in teacher education, liberal arts, wild life management, and selected two-year vocational training.			
7	Established in 1914, the campus now includes 75 acres and has five permanent buildings, including the administration building, the College Elementary School, the industrial arts building, the gymnasium, and a 70-bed dormitory. Early 1953 will bring completion of two partial permanent buildings including the library and the science building; also to be completed in 1953 is a small corporation yard building. All other facilities are temporary including all classrooms and laboratories for the wild life and fisheries management program.

1	<b>Long Beach State College</b>			
2				
3				
4	Analysis			
5				
6	This upper division liberal arts college, established in 1948 in rented facilities, moved to a new campus during the fall of 1951, on a			
7	320-acre site which was given to the college by the City of Long Beach in 1950. During 1950-51 construction of first permanent			
8	units of the following buildings were undertaken: library, classroom, fine arts, and physical educational facilities. Several tempo-			
9	rary buildings have also been constructed to accommodate enrollment of 1,650 full-time equivalent students in 1952-53, with a			
10	total classroom requirement financed for 2,000 students by 1954-55.			
11

3	<b>San Diego State College—Continued</b>			
4				
5	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
6	<b>AND EQUIPMENT—Continued</b>			
7				
8	Install 4-inch water main along east and south edge of main campus			
9	to serve above-ground sprinkler system, for fire protection,			
10	shrub and tree irrigation	\$9,300	—	—
11	Install two 200,000 BTU heaters in women's gym to increase heat			
12	output and to replace old units	700	—	—
13	Install separating partitions for library study tables to provide more			
14	efficient study areas	2,800	—	—
15	Construct baseball backstops with pipe supports for new men's			
16	playfield	1,000	—	—
17	Install additional shelving in chemistry department	1,100	—	—
18	Install air conditioning system in home arts laboratory to provide			
19	temperature control in hot weather	1,000	—	—
20	Install automatic pump in condensate return line of the steam heating			
21	system, music building	450	—	—
22	Replace roofs and flashings on flat deck areas, gymnasium, little			
23	theater, library and science buildings	4,300	—	—
24	Install concrete foundations and concrete floors in two steel buildings	4,800	—	—
25	Remodel and refurnish training school cafeteria	2,500	—	—
26	Remodel two administration building rooms and registrar's office for			
27	necessary expansion	4,900	—	—
28	Replace deficient lighting with fluorescent fixtures	4,500	—	—
29	Complete installation of circuit breaker panels in various buildings			
30	to replace unsafe and unusable lighting	2,400	—	—
31	Overhaul transformers and install fuses and unfused banks to in-			
32	crease work load in accordance with safety regulations	2,400	—	—
33	Extend fire alarm system to new buildings and install additional			
34	warning devices in existing system in compliance with fire regu-			
35	lations	3,900	—	—
36	Enlarge main feeder from switchboard in science building to training			
37	school to handle overloads and new lighting requirements	900	—	—
38	Replace electrical distribution circuits breaker distribution panel to			
39	increase efficiency and eliminate obsolete circuits	1,400	—	—
40	Overhaul main switchboard panel, install volt and ammeter, sepa-			
41	rate and raise feeders in gutters to increase operating efficiency			
42	and comply with safety regulations	1,600	—	—
43	Erection of service building for Division of Architecture use	5,000	—	—
44	Miscellaneous panic hardware installed as per fire marshal's speci-			
45	fications	2,240	—	—
46	Install new cap sheet under tile roof of library reading room and cor-			
47	ridor	2,120	—	—
48	Miscellaneous repairs and safety installations—gymnasium boilers	3,817	—	—
49	Miscellaneous repairs, replacements, and safety installations—main			
50	boiler plant	9,558	—	—
51	Relocate fire hydrants	650	—	—
52	Grade and oil parking area on newly acquired property	—	\$6,140	—
53	Flameproofing of drapes and curtains	—	1,500	—
54	Complete the installation of uniform lock system	—	4,000	—
55	Construct Butler-type building 40 x 100 with concrete floor for stor-			
56	age of material now under bleachers	—	16,000	—
57	Reoil main parking lots	—	2,500	—
58	Install flood control drainage south of stadium	—	2,820	—
59	Install automatic fire sprinkler system in new warehouse	—	6,030	—
60	Miscellaneous maintenance and repairs to steam, water, and sewer			
61	distribution systems	—	2,500	—
62	Replace deficient lighting in various offices and classrooms	—	3,650	—
63	Miscellaneous repairs, to correct deterioration, rewiring and remodel-			
64	ing chemistry laboratories	—	2,690	—
65	Correction of secondary circuits in gym and Scripps Cottage	—	1,500	—
66	Sand, refill, and revarnish gymnasium floors	—	2,700	—
67	Partition and remodel audio-visual center	—	4,634	—
68	Construct additional darkroom in photography laboratory	—	2,000	—
69	Darken and equip classrooms for audio-visual instruction materials	—	3,850	—
70	Remodel and equip three college elementary school rooms to serve as			
71	laboratory, audio-visual laboratory, and faculty offices	—	1,440	—
72	Complete installation of new chalk boards in permanent buildings	—	840	—
73	Renovate and reseed lawns of playfields and athletic fields	—	1,835	—
74	Construct two tennis backboards on existing tennis courts	—	600	—
75	Construct access road to new freeway	—	11,200	—
76	Improve entrance to west campus (one-half cost)	—	8,555	—
77	Retube boiler No. 3	—	3,424	—
78	Move and install equipment from present temporary quarters to new			
79	industrial arts building	—	7,000	—

6	<b>San Francisco State College</b>			
7	<b>Analysis</b>			
8	This college was established in 1899. In 1939 a new campus site was acquired at 19th Avenue and Lake Merced Boulevard. Additional purchases have increased the new campus until it now covers 97.5 acres. Courses in general education and teacher training are offered.			
9	The new campus has the following completed facilities; gymnasium and natatorium, boiler plant, maintenance shops, veterans housing unit, science building, and some temporary buildings for classrooms. It is estimated that presently planned projects for the new campus will be completed by 1954-55. The old campus will be partially operated until all facilities have been completed at the new campus.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>San Jose State College</b>			
2				
3				
4	<b>Analysis</b>			
5	This college, established in 1870, offers courses in general education and teacher training to approximately 6,000 full-time equivalent			
6	students. Practically all buildings are permanent structures except for some temporary classroom buildings which are to be replaced			
7	by the current building program. The 107-acre campus is split between the main campus and the stadium and playfield areas.			
8				
9				
10	<b>REAL PROPERTY ACQUISITION</b>			
11				
12	Purchase site adjacent to campus to complete master plan expansion	—	\$225,000	—
13				
14	<b>TOTAL EXPENDITURES (Real Property)</b> -----	—	\$225,000	—
15				
16				
17	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
18	<b>AND EQUIPMENT</b>			
19				
20	Install water pressure system -----	—	—	\$80,000
21	Construct library addition -----	—	—	1,352,000
22	Equip library addition -----	—	—	104,621
23	Construct science addition -----	—	—	1,783,000
24	Equip science addition -----	—	—	454,615
25	Construct men's gymnasium addition -----	—	—	618,000
26	Equip men's gymnasium addition -----	—	—	66,336
27	Construct and equip music building -----	\$342,564	\$144,164	—
28	Construct speech building -----	698,463	454,403	—
29	Equip speech building -----	—	60,000	—
30	Construct engineering building -----	316,019	22,610	—
31	Equip engineering building -----	—	421,861	—
32	Site development (partial cost) to provide walks, landscaping, and			
33	sprinkler system for the music building and engineering shops			
34	and laboratories and for mechanical service connections for the			
35	speech building -----	—	41,600	—
36	Utilities to new music and engineering buildings -----	98,160	—	—
37	Utility relocation for new buildings -----	—	60,000	—
38	Construct boiler plant addition -----	137,525	—	—
39	Clear site for engineering and music buildings -----	—	18,442	—
40	Construct and equip women's physical education building -----	—446	—54,000	—
41	Construct student housing -----	—83,625	—	—
42				
43	<b>TOTAL EXPENDITURES (Major Construction)</b> -----	\$1,508,660	\$1,169,080	\$4,458,572
44				
45				
46	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
47	<b>AND EQUIPMENT</b>			
48				
49	Outdoor lighting -----	—	—	\$20,000
50	Improve interior lighting in main building, home economics, swim-			
51	ming pool—men and power electric ovens -----	—	—	21,445
52	Install Kiene cement on walls and floors in shower rooms at the			
53	field house -----	—	—	800
54	Acoustical treatment of cafeteria dining room -----	—	—	556
55	Remodel rooms S18 and S20 -----	—	—	2,400
56	Prepare quonset hut for aeronautics -----	—	—	4,120
57	Repair gutters and replace roofing—administration building and			
58	old library -----	—	—	33,000
59	Miscellaneous urgent painting -----	\$28,051	\$19,725	—
60	Improve interior lighting in classrooms -----	—	25,000	—
61	Install freight elevator, science building -----	—	9,000	—
62	Repair and resurface sidewalks, access roads and volleyball courts			
63	-----	—	17,780	—
64	Additional and replacement equipment for boiler plant -----	—	32,000	—
65	Replace floor coverings in main building -----	—	11,444	—
66	Modernize toilet rooms in main building -----	—	45,834	—
67	Install acoustic tile in main building -----	—	400	—
68	Install partition in old shower room, women's gym -----	—	700	—
69	Tile wainscoting in toilet room, education building -----	—	705	—
70	Resurface roadway around athletic field -----	—	3,500	—
71	Construct prefabricated building at corporation yard for Division			
72	of Architecture -----	—	5,000	—
73	Miscellaneous repairs to music building -----	—3,482	3,482	—
74	Construct incinerator -----	3,754	—	—
75	Replace steam line trench and steam pipes and return lines -----	1,700	—	—
76	Replace steam heaters in science buildings -----	1,500	—	—
77	Survey high school property -----	1,000	—	—
78	Apply acoustic tile in home economics hallway -----	990	—	—
79	Remodel old section of toilet room in main building -----	2,500	—	—
80	Cases, blackboards and cabinets in science building -----	2,705	—	—
81	Miscellaneous urgent exterior and interior painting projects in col-			
82	lege buildings, boilerhouse and stadium -----	36,975	—	—
83	Addition to field house -----	9,210	—	—
84	Replace water heater at athletic field -----	940	—	—
85

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>California State Polytechnic College</b>			
2				
3				
4				
5	<b>Analysis</b>			
6				
7	Established in 1901, this school, located on 2,226 acres at San Luis Obispo, provides agricultural and vocational education. Ultimate			
8	plant capacity will provide teaching facilities for 4,080 students. Except for permanent administration, library, auditorium, and			
9	power plant buildings, all structures are of temporary farm-type construction. Location of this college makes extensive student			
10	housing facilities a necessity, and completion of several new housing units in 1952-53 will permit attainment of prior enrollment			
11	capacity which was temporarily curtailed in 1951-52 by repossession of the Camp San Luis Obispo housing unit by the Army.			
12	Two Southern California branches are maintained near San Dimas. The Voorhis unit specializes in citriculture, with frame and stucco			
13	dormitories and classrooms, and temporary farm-type structures. The Kellogg unit consists of 812 acres received as a restricted gift			
14	November 1, 1949, to provide expansion of instructional facilities in that area, and at present contains farm lands and an equestrian			
15	In order to hold title to certain Kellogg property, the State must, under lease provisions, start construction of at least \$500,000 in			
16	improvements prior to November 1, 1956.

4	<b>California Maritime Academy</b>			
5	<b>Analysis</b>			
6	This school, located at Vallejo, will have an average enrollment of 200 students in 1953-54 which will be maximum capacity under			
7	present plans. Existing permanent facilities at this campus consist of a gymnasium and pool; all other facilities are temporary			
8	structures. Additional dormitory space is obtained by using berthing quarters on the training ship "Golden Bear." The budget for			
9	1952-53 provided for the construction of a classroom building and kitchen and mess hall building in addition to partial site			
10	development and provisions for utilities.

1	<b>California School for the Blind</b>			
2				
3				
4				
5	Analysis			
6				
7	This school was established in 1858 for special education of blind children. Facilities are provided for 168 residential students including 12 deaf-blind students, with no increase in capacity anticipated in the near future. Buildings are generally old permanent structures, including classroom and administration buildings and dormitories except for a new deaf-blind dormitory-classroom building which was completed in 1950.

3				
4				
5	Analysis			
6				
7	This school was authorized in 1947, and construction of facilities to accommodate 75 primary students, 75 intermediate students, and			
8	75 advanced students is scheduled for partial completion by January 1953. Ultimate capacity is to be for 450 students. The site			
9	contains approximately 70 acres, with all buildings of one-story construction. The buildings will include administration, primary			
10	school, primary dormitory, intermediate-advanced school, intermediate boys and girls dormitory, advanced girls dormitory, ad-			
11	vanced boys dormitory, dining rooms and kitchen, infirmary, social hall, field houses and swimming pool, superintendent's residence,			
12	and engineer's residence. Provision has been made to open the school in January, 1953, with an initial enrollment of 50 students.

1				
2				
3	<b>San Diego Center, California Industries for the Blind</b>			
4				
5	<b>Analysis</b>			
6				
7	This workshop, established in 1937, provides sheltered employment to 55 factory employees, and an opportunity work center established to			
8	provide training facilities for 10 additional workers. Additional space for warehousing is located in leased facilities nearby. No building			
9	program is contemplated for this workshop.			
10				
11				
12	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
13	<b>AND EQUIPMENT</b>			
14				
15	Install suction blowers to remove dust and lint-----	-	-	\$6,000
16	Revise and modernize light system in second floor-----	-	-	9,650
17	Paint building exterior-----	-	\$1,000	-
18	Replace two hot water heaters-----	-	300	-
19	Install four stall urinals with flushometers-----	-	750	-
20	Replace warehouse receiving door-----	-	556	-
21	Install ventilation system in kitchen-----	\$123	-	-
22	Construct office for accounting officer-----	287	-	-
23	Construct office for storekeeper-----	205	-	-
24	Install 54 lineal feet of framed wood partitions to separate work areas-----	328	-	-
25	Install 650 lineal feet of rounded metal guide on floors for guiding			
26	blind workers-----	410	-	-
27	Revise and modernize lighting system to meet production require-			
28	ments on first floor-----	6,150	-	-
29	Replace splintered portion of second floor with wood flooring-----	3,690	-	-
30	Batten and repair approximately 5,000 square feet of second floor			
31	ceiling-----	820	-	-
32	Paint building interior-----	4,100	-	-
33	Repairs to roof and sidewalk-----	600	-	-

## UNIVERSITY OF CALIFORNIA

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	Analysis			
2				
3	The University of California's proposed 1953-54 building program is part of a long range program designed in part to replace temporary			
4	and obsolete structures; to give recognition to the continuing enrollment trend toward the more space consuming upper divi-			
5	sion and graduate fields; and also to keep the university abreast of the inevitably rising tide of students now in the grade schools			
6				
7	REAL PROPERTY ACQUISITION			
8				
9	Expenditures From Budget Act Appropriation (COSF):			
10				
11	Land acquisition for intramural athletic facilities at the Berkeley			
12	Campus	-	-	\$636,000
13	Purchase of property adjacent to Berkeley Campus to continue			
14	established program of planned development of campus as			
15	opportunities are presented	\$120,000	\$100,000	-
16				
17	Expenditures From Continuing Appropriation (FEF):			
18				
19	Purchase of property adjacent to Riverside Campus	-	-	400,000
20	Purchase of property in Mendocino County for range field station	1,200	-	-
21	Purchase of property adjacent to Davis Campus	173,000	-	-
22				
23	TOTAL EXPENDITURES (Real Property)	\$294,200	\$100,000	\$1,036,000
24	Capital Outlay and Savings Fund (COSF)	120,000	100,000	636,000
25	Fair and Exposition Fund (FEF)	174,200	-	400,000
26				
27	MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
28	AND EQUIPMENT			
29				
30	Expenditures From Budget Act Appropriation (COSF):			
31				
32	State-wide:			
33	Prepare preliminary drawings for university-wide nonagricul-			
34	ture construction program for the determination of scope			
35	and cost estimates prior to proposed appropriations for			
36	future budgets	-	\$300,000	\$100,000
37	Berkeley Campus:			
38	Construct service buildings—storehouse, corporation yard, and			
39	heating plant boiler	-	-	785,000
40	Construct anthropology building to provide permanent facilities			
41	designed for anthropological teaching and research	-	-	2,500,000
42	Initial complement of equipment and supplies for virus			
43	laboratory	-	89,000	-
44	Utilities and Roads:			
45	Extend and improve utilities distribution system to new and			
46	existing buildings	-	720,000	-
47	Rehabilitate and extend utilities to relieve excessive electrical			
48	loads within existing buildings	-	390,000	-
49	Reroute and extend roads and construct small vehicular			
50	bridge and adequate parking facilities	-	355,000	-
51	Engineering field station development—renovate existing build-			
52	ings and construct new buildings with the necessary develop-			
53	ment of utilities and roads	-	660,000	-
54	Construct Hesse Hall addition for instructional laboratory			
55	facilities	-	900,000	-
56	Construct additional floor in the museum of vertebrate zoology		88,000	-
57	Construct home economics laboratory	\$945,000	-	-
58	Construct forest products laboratory	945,000	-	-
59	La Jolla Campus:			
60	Construct experimental aquarium for research involving marine			
61	mammals, sea surface topography, etc., and for testing of			
62	bulky equipment	-	-	40,000
63	Construct addition to Ritter Hall	-	550,000	-
64	Los Angeles Campus:			
65	Initial complement of equipment and supplies for medical unit	585,000	500,000	900,000
66	Initial complement of equipment and supplies for life sciences			
67	unit No. 2	-	-	150,000
68	Construct psychology clinic school to accommodate training,			
69	research, and service functions	-	-	215,000
70	Extension of utility mains, road net (including Avenue "A"),			
71	and campus development	-	-	500,000
72	Expand library stacks to alleviate the serious stack shortage			
73	Construct life sciences—vivarium unit No. 1 to provide the life			
74	sciences with permanent animal quarters and related labora-			
75	tory facilities	-	-	1,500,000
76	Construct physical sciences building	-	1,700,000	-
77	Construct music building	-	1,500,000	-
78	Construct general classroom and office building annex to			
79	Royce Hall	-	1,750,000	-
80	Augmentation funds for life sciences building No. 2	-	564,307	-
81	Augmentation funds for home economics	-	435,000	-
82	Augmentation funds for cancer research	-	126,000	-
83	Home economics building	945,000	-	-
84	Incinerator	72,000	-	-
85				
86				

## UNIVERSITY OF CALIFORNIA—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT—Continued			
2				
3				
4	Expenditures From Budget Act Appropriation (COSF)—Continued			
5				
6	Mt. Hamilton Campus:			
7	Initial complement of equipment and supplies for the 120"			
8	telescope	-	-	\$150,000
9	Expand dormitory facilities to accommodate an increased			
10	number of students and visiting scientists	-	-	50,000
11	Construct centralized library building	-	\$120,000	-
12	Riverside Campus:			
13	Initial complement of equipment and supplies for college of			
14	letters and science	-	-	300,000
15	Construct reservoir for increased domestic water storage	-	-	150,000
16	Plant and biological sciences building	-	10,270	-
17	San Francisco Campus:			
18	Alter existing facilities—stage 2—to integrate functionally the			
19	old buildings with the new	-	-	515,000
20	Initial complement of equipment and supplies for H. C. Moffitt			
21	Hospital and medical sciences building	\$135,000	865,000	700,000
22	Construct combined structure—quarters for nurses, internes,			
23	and resident staff; student union; and parking	-	-	2,000,000
24	Alter existing facilities—stage 1	-	176,000	-
25	Expand utilities and maintenance facilities as required by the			
26	building program	-	108,000	-
27	Incinerator (additional cost)	-	13,500	-
28	Santa Barbara Campus:			
29	Initial complement of equipment and supplies for new campus	-	-	270,000
30	Construct music building to provide permanent quarters at the			
31	new campus for the department of music	-	-	840,000
32	Construct a 400-student residence hall	-	1,163,300	-
33	Utilities, site development, roads and walks—Goleta Campus	-	767,000	-
34	Construct general classroom and office building—unit No. 1—			
35	at Goleta Campus	-	1,240,000	-
36				
37	Expenditures From Special Appropriations (COSF):			
38				
39	Berkeley Campus:			
40	Library annex	2,500	-	-
41	Transportation and traffic engineering building, Richmond Field			
42	Station	27,500	-	-
43	Los Angeles Campus:			
44	Library stack completion	10,000	-	-
45	Medical school	3,875,000	-	-
46	Home economics laboratory	10,000	-	-
47	San Francisco Campus:			
48	Teaching hospital (additional cost)	48,440	-	-
49	Medical sciences building (additional cost)	48,440	-	-
50	Arthritis research laboratory	20,000	-	-
51	Unexpended Balances Transferred from University Construction			
52	Funds:			
53	Social sciences, geology and chemistry building	-500,000	-	-
54	Business administration and economics building	-10,000	-	-
55	Chemistry building	-629	-	-
56	Forestry building	-1,141	-	-
57	Engineering building	-27,500	-	-
58	Expenditures From Continuing Appropriation (FEF):			
59				
60	State-wide:			
61	General studies and plans for agriculture projects	100,000	-	-
62	Berkeley Campus:			
63	Construct headhouse and greenhouse for soil science	-	-	50,000
64	Construct soils and plant nutrition building to consolidate pres-			
65	ently scattered teaching and research activities of the de-			
66	partment of soils and plant nutrition	-	-	1,680,000
67	Insectary building	-	20,000	-
68	Virus laboratory equipment	32,500	-	-
69	Davis Campus:			
70	Electric utilities and roads to Campbell Tract and Straloch			
71	Farm—step 1	-	-	120,000
72	Irrigation development—leveling, reservoirs, and mains on			
73	Campbell Tract	-	-	200,000
74	Library stack expansion	-	-	250,000
75	Heating plant expansion	-	-	325,000
76	Construct veterinary science small animal building	-	-	40,000
77	Construct horticulture building (pomology, viticulture, and			
78	landscape gardening)	-	-	2,200,000
79	Construct residence hall unit No. 2 for 200 women	-	-	700,000
80	Construct landscape gardening field headquarters	-	-	125,000
81	Initial complement of equipment and supplies for food tech-			
82	nology building	-	50,000	-
83	Construct six greenhouses and headhouse (additional cost)	-	115,000	-
84	Domestic water supply	-	350,000	-
85				
86

42	AND EQUIPMENT			
43				
44	Expenditures From Budget Act Appropriation (COSF):			
45				
46	Berkeley Campus:			
47	Doe Library—replace two stack elevators	-	-	\$40,000
48	Hearst Mining Building—roof repair	-	-	25,000
49	Hearst Mining Building—exterior repairs	-	-	20,000
50	Radiation laboratory—sprinkler system	-	-	12,500
51	Various buildings—replace interior water lines and modernize	-	-	-
52	plumbing	-	-	50,000
53	Chemistry group—repairs and renovation	-	-	20,000
54	Cowell Memorial Hospital—repair elevator	-	-	25,000
55	Various buildings—replace interior lighting	-	-	50,000
56	LeConte Hall—equipment and appurtenances in new addition	-	-	-
57	(completion)	-	\$20,000	-
58	LeConte Hall—repairs and minor alterations to expand shop	-	65,000	-
59	Initial complement of equipment and supplies for cancer research	-	-	-
60	genetics laboratory—step 1	-	20,000	-
61	Electric substation—install 5,000 KVA transformer	-	25,000	-
62	Boalt Hall—alterations to convert to classroom building	-	10,000	-
63	Heating plant—install generator set and replace condenser	-	-	-
64	pump, compressor and deep well pump	-	16,000	-
65	Heating plant—install additional feed water heater	-	21,500	-
66	Anthropology buildings—repairs and renovations and replace-			
67	ment of hoist	-	19,000	-
68	South Hall—install additional toilet rooms and make plumbing	-	-	-
69	renovations	-	20,000	-
70	Life sciences building—biology library alterations to provide			
71	reserve reading room	-	3,000	-
72	Replace electric lines from poultry husbandry to botanical gar-			
73	dens with underground lines	-	18,000	-
74	Acoustic treatment—offices in various buildings	-	14,000	-
75	Repairs and renovation in bacteriology rooms—life sciences			
76	building	-	11,300	-
77	Install improved lighting and construct additional storage space			
78	and work bench in physiology rooms—life sciences building	-	6,000	-
79	Install wallboard, improved lighting and other renovations—			
80	Spreckels Art Building	-	30,000	-
81	Electrical utilities rehabilitation—second step	\$50,000	-	-
82	Hearst Gymnasium—renew water supply and drainage system		-	-
83	for pools	40,000	-	-
84	Life sciences building—waterproof exterior	75,000	-	-
85	Wheeler Hall—alterations for business administration, eco-			
86	nomics, political science, and sociology	50,000	-	-

## UNIVERSITY OF CALIFORNIA—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54

5				
6				
7	Berkeley Campus—Continued			
8	South Hall—alterations for business administration, economics, political science, and bureau of occupations	\$45,000	-	-
9	Temporary buildings—alterations due to changes in occupancy resulting from completion of new buildings	25,000	-	-
10				
11	La Jolla Campus:			
12	Replace 12 piles on pier	-	-	\$6,000
13	Storage vault for deep sea sediment cores	-	-	8,500
14	Roads, paths, and walks—step 2	-	-	20,000
15	Fire escapes—Ritter Hall and library	-	-	10,000
16	Alter library to provide additional space	-	\$24,000	-
17	Install shelving for specimen storage—aquarium-museum basement	-	10,200	-
18	Widen pier deck	-	6,000	-
19	Construct incinerator	-	5,000	-
20	Install new larger boiler	-	15,000	-
21	Install freight elevator—museum-aquarium	-	6,000	-
22	Small buildings for storage of volatile liquids	5,000	-	-
23	Repairs to George H. Scripps Building	13,500	-	-
24	Building for radio station	6,000	-	-
25	Construction of ramp for amphibious craft	10,500	-	-
26				
27	Los Angeles Campus:			
28	Initial complement of equipment and supplies for social sciences building	-	-	20,000
29	General—acoustic tile various buildings, step 3	-	-	8,000
30	General—refrigerated drinking fountains, various buildings, step 2	-	-	5,000
31	General—floor covering—various buildings, step 3	-	-	16,000
32	Library—stack ventilation	-	-	15,000
33	Business administration and economics building—partitioning of rooms for use by production management	-	-	5,800
34	Theatre Arts—alterations in temporary buildings 3K and 3G for laboratory theatre and radio studio	-	-	8,540
35	Engineering—steam heat on second floor of temporary engineering building No. 2	-	-	2,000
36	Engineering—installation of sinks in temporary engineering buildings 2B and 2C	-	-	650
37	Library equipment	-	-	5,600
38	Janitorial headquarters and storage area for grounds and buildings department in geology-chemistry building	-	-	20,000
39	Engineering—CO <sub>2</sub> extinguisher system and vapor exhaust fan in mechanics building	-	-	1,800
40	Soundproofing of rifle range	-	-	500
41	Install acoustic tile—various buildings, step 2	-	8,000	-
42	Install blackout shades—various classroom buildings	-	10,000	-
43	Install refrigerated drinking fountains—various buildings, step 1	-	5,000	-
44	Floor covering—various buildings	-	15,000	-
45	Development of court area between Kerckhoff Hall and education building	-	20,000	-
46	Install steam heat in temporary engineering building	-	3,750	-
47	Remodel gauge laboratory to provide constant temperature	-	3,350	-
48	Remodel air cooling in differential analyzer room	-	2,000	-
49	Construction of three small darkrooms in basement—physics building	-	2,500	-
50	Extend storeroom—physics building	-	20,000	-
51	Extend heat treatment room—physics building	-	10,000	-
52	Install window guards—physics building basement	-	3,500	-
53	Fence athletic fields	-	9,000	-
54	Install asphalt tile floor covering in library stacks	-	5,000	-
55	Construction of mail sorter—library	-	800	-
56	Install counter and control unit—business administration and economics building library	-	4,500	-
57	Replace discharging unit in library reserve book room	-	500	-
58	Replace tables in reading room—library	-	8,600	-
59	Installation of facilities for geophysics in geology-chemistry building	30,000	-	-
60	Physics building roof—stairway reconstruction and laboratory for meteorology	15,000	-	-
61	Rove Hall—elevator	35,000	-	-
62	Mt. Hamilton:			
63	Butane tanks and water heaters to replace coal water heaters	-	-	1,600
64	Concrete porch to replace wood porch on Kron residence	-	-	450
65	Reroofing of dormitory and photography building	-	-	900
66	Road from Mayall residence to "Oh My" turn	-	-	500
67	Regrade and resurface portions of road past Herbig residence and Aitken Annex	-	-	450
68	Plaster south half of main building	-	17,000	-
69	Fire protection measures	13,500	-	-
70	Remounting Crosley telescope	2,000	-	-

5	Expenditures From Budget Act Appropriation			
6	(COSF)—Continued			
7				
8	San Francisco Campus:			
9	Additional transformer bank .....	-	-	\$10,000
10	Conversion of wiring and equipment in old buildings to grounded			
11	3-wire electrical service .....	-	-	10,000
12	Replacement of elevator No. 3, U. C. Hospital .....	-	-	40,000
13	Replacement of elevator, nurses' dormitory .....	-	-	40,000
14	Replace fire alarm system—existing buildings .....	-	\$20,000	-
15	Install laundry water softener .....	-	15,000	-
16	Construction of animal receiving facility—medical research			
17	building .....	-	20,000	-
18	Renovate medical center library including installation of			
19	sprinkler system in stacks .....	-	10,500	-
20	Replace steam and electric meters and condensate return pump			
21	for outlying buildings .....	-	2,100	-
22	Santa Barbara Campus:			
23	Mosquito control measures .....	-	-	17,500
24	Conversion of abandoned sewage disposal facilities for labora-			
25	tory use in marine biology .....	-	-	20,000
26	Permanent survey boundary markers and grid control .....	-	-	1,500
27	Animal shelter .....	-	-	5,000
28	Landscaping—fast growing shrubs, trees and grass—step 2 .....	-	-	13,500
29	Erosion control—riprap cover growth .....	-	10,000	-
30	Landscaping—fast growing shrubs, trees and grass—step 1 .....	-	15,000	-
31	General:			
32	Miscellaneous repairs, improvements and equipment .....	\$1,000,000	-	-
33				
34	Expenditures From Continuing Appropriation (FEF):			
35				
36	Berkeley Campus:			
37	Oxford Tract—improvement of site appearance .....	-	-	20,000
38	Strawberry Canyon—protection of poultry plant .....	-	7,500	-
39	Strawberry Canyon—drainage of poultry plant .....	-	15,000	-
40	Poultry research laboratory—remodeling .....	-	20,000	-
41	Oxford Tract—installation of toilet facilities and concrete slab			
42	Giannini Hall—repair and alteration of nutrition laboratory .....	-	5,000	-
43	Forestry building—repairs and additions to provide additional			
44	laboratory facilities .....	-	1,200	-
45	Giannini Hall—install storage cabinets and floor covering .....	-	2,500	-
46	Davis Campus:			
47	Library—improved lighting in reading room .....	-	-	8,000
48	Agricultural engineering building—rehabilitation of electrical			
49	system .....	-	-	32,500
50	Animal science building—rehabilitation of electrical system .....	-	-	31,700
51	Horticulture building—rehabilitation of electrical system .....	-	-	17,000
52	Animal science building—repairs to psychometric chamber .....	-	-	15,000
53	Enology building—replacement of condenser .....	-	-	7,500
54	Horticulture building—repairs to plumbing .....	-	-	10,000
55	Enology building—repairs to floors, electric wiring, plumbing,			
56	and steam lines .....	-	-	15,000
57	Pipe line and irrigation facilities, Wolfskill orchard .....	-	8,000	-
58	Reconstruct entrance to Howard Way from Russell Boulevard .....	-	6,000	-
59	Repair filter beds in gymnasium swimming pool .....	-	3,500	-
60	Zoology—construct rodent-proof fencing, cages, and small field			
61	house .....	-	2,500	-
62	Zoology—construct fish ponds to initiate research on propaga-			
63	tion .....	-	10,000	-
64	Grounds Department—headhouse for workshop and storage .....	-	10,000	-
65	Agricultural Engineering—dustproofing floors in shop .....	-	1,500	-
66	Entomology—construct honey extraction and storage shed .....	-	20,000	-
67	Construction of irrigation field house .....	-	6,000	-
68	Truck crops—vegetable wash shed .....	6,000	-	-
69	Deferred repairs to major buildings .....	85,000	-	-
70	Hydraulics laboratory—heating installation .....	4,500	-	-
71	New wells .....	16,000	-	-
72	Dairy industry building—repairs and alterations .....	30,500	-	-
73	Pomology greenhouse No. 2—equipment and improvement .....	2,100	-	-
74	Physical education—fence, bleachers, lavatories .....	12,300	-	-
75	Farm division—equipment shed .....	20,000	-	-
76	Home economics practice cottage relocation .....	35,000	-	-
77	Irrigation well .....	6,000	-	-
78	North Hall alterations .....	15,000	-	-

## DEPARTMENT OF EMPLOYMENT

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1				
2	Analysis			
3				
4	It is the Department of Employment's long term objective to eventually replace all leased premises with state-owned buildings (with			
5	the exception of offices located in communities where there may not be a permanent need for a local office). The accomplishment of this			
6	objective will result in long term economies as substantial savings in administrative costs will be realized after the original cost of			
7	each building project has been amortized.			
8	The cost of these buildings will be amortized by rental grants made by the United States Department of Labor as a part of the cost of			
9	administration of the State Unemployment Insurance Act.			
10	During the past several years many of the offices listed in this building program have been housed in buildings which are too small and			
11	not entirely adaptable or suitable for the department's various operations. The state-owned buildings will provide properly designed			
12	offices which will meet all of the requirements of this agency. Parking space will be provided as it allows for future building expansion			
13	as well as providing public and employee parking in accordance with local ordinances and statutes.			
14	The requested appropriation will provide for the continuation of this building program. Under this program, all of the field operations			
15	consisting of disability insurance, field auditing, and local office staffs will be housed together, thereby enabling the department to			
16	service employers and the public more effectively and economically than in scattered locations which are now leased by this department.			
17	The sites for the department's buildings are selected after giving careful consideration to all local, physical and economical			
18	conditions of each community in which a building is to be constructed, including such points as proximity to employment centers,			
19	ease of access for both employers and workers, public transportation, and the topography, which has a bearing upon construction			
20	costs.

## Buildings and Grounds Division

## REAL PROPERTY ACQUISITION

## Analysis

The proposed expenditure of \$706,864 includes \$286,864 to acquire sites for office buildings previously authorized but the acquisition has not as yet been completed, \$235,000 to purchase property adjoining existing state-owned sites that were included in the original program but for which there are not sufficient funds to complete the acquisition, and \$185,000 to purchase state-used facilities. The amount budgeted for acquisitions adjoining existing facilities is the estimated cost of purchasing single parcels of improved property in Fresno and Los Angeles. The amount included to acquire state-used facilities is to purchase the building now owned by the Department of Motor Vehicles in Oakland to be used by state agencies in that area and to acquire the building now leased by the Department of Public Health for use of their laboratories in Los Angeles.

## Expenditures From Budget Act Appropriation:

Purchase of single parcel of improved property, Fresno (COSF)	-	-	\$125,000
Purchase of single parcel of improved property, Los Angeles (COSF)	-	-	110,000
Purchase of the existing Department of Motor Vehicles Building, Oakland (COSF)	-	-	70,000
Purchase of property now used by the Department of Public Health for laboratories, Los Angeles (COSF)	-	-	115,000
Purchase of a single parcel of improved property for office building use, Sacramento (COSF)	-	\$500,000	-
Purchase of improved property, San Francisco (COSF)	-	100,000	-

## Expenditures From Special Appropriations and Reserve:

Purchase of Office Building Sites (COSF):			
San Jose -----	-	2,500	47,500
Santa Barbara -----	-	2,500	47,362
San Diego -----	-	5,000	192,002
Sacramento -----	\$1,299	-	-
Los Angeles -----	2,453	100,000	-
Stockton -----	70,854	-	-
<b>TOTAL EXPENDITURES (Real Property Acquisition) -----</b>	<b>\$74,606</b>	<b>\$710,000</b>	<b>\$706,864</b>

## State Agricultural Society

MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,  
AND EQUIPMENT

## Analysis

Provision is made for only the most needed improvements at the present site to accommodate the increasing crowds attending the California State Fair, and to provide satisfactory space to accommodate the ever increasing number of exhibitors.

## Expenditures From Budget Act Appropriation:

Remodel Hall of Flowers COSF-----	—	—	\$35,000
Remodel poultry building to accommodate art exhibit COSF-----	—	—	50,000
Install air conditioning in Counties Building COSF-----	—	—	120,000
Construct a racing officials office COSF-----	—	—	20,000
Remodel Machinery Building for general exhibit purposes FEF-----	—	\$75,000	—
Repave streets abutting fair grounds FEF-----	—	38,500	—
Construct exhibit buildings COSF-----	—	1,200,000	—
Replace 3 horse barns COSF-----	—	150,000	—
Construct poultry, pigeon and rabbit exhibit building COSF-----	—	280,000	—
Sheep and swine barn COSF-----	—	350,000	—
Renovate sewage system COSF-----	—	200,000	—

## Expenditures From Special Appropriations and Reserves:

Unexpended Balances Transferred From Architecture Revolving Fund:  
Mapping, surveying and other preliminary investigations and plans at new fair site (COSF)-----

	—\$40,000	—	—
--	-----------	---	---

<b>TOTAL EXPENDITURES (Major Construction)-----</b>	<b>—\$40,000</b>	<b>\$2,293,500</b>	<b>\$225,000</b>
---	------------------	--------------------	------------------

MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,  
AND EQUIPMENT

## Analysis

The projects under this classification provide funds to do necessary minor improvements to existing facilities to enable the State Fair to cope with the increased attendance and increased activities related to the increased number of exhibits and exhibitors.

## Expenditures From Budget Act Appropriation:

Improvements to educational area (FEF)-----	—	\$6,000	—
Remodel free exhibits area (COSF)-----	—	—	\$1,300
Improvements to Electrical System:			
Fair and Exposition Fund-----	—	50,000	—
Capital Outlay and Savings Fund-----	—	—	76,000
Improvements to Plumbing System:			
Fair and Exposition Fund-----	—	45,000	—
Capital Outlay and Savings Fund-----	—	—	105,000

## DEPARTMENT OF MENTAL HYGIENE

LINE	FACILITY	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>GENERAL ANALYSIS</b>			
2				
3				
4	The State of California, during recent years has been engaged in a building program to relieve overcrowding in state institutions, to			
5	replace condemned and obsolete structures, and to provide modern treatment facilities in the various hospitals. During the period			
6	of such construction, the population of the State has increased rapidly which has added greatly to the population of the institutions,			
7	thereby necessitating additional construction to care for the increased population load.			
8	As a result of appropriations heretofore granted, many of the condemned and obsolete buildings in the institutions have been replaced			
9	with modern structures. The construction program for the 1953-54 Fiscal Year provides for the replacement and further reduction of			
10	overcrowding of mentally deficient patients.			
11	The bed requirements for the mentally deficient patients are estimated at 1/10 of one percent of the general population. This means an			
12	estimated need at the present time for approximately 12,280 beds in this type of institution compared to the present actual number			
13	of 5,578.			
14	From the appropriations that have been made in recent years, some bed facilities are now under construction, and other construction			
15	has not yet started for which funds have been provided. These are as follows:			
16				
17				
18	Under construction -----		New Beds	Replacement Beds
19	Financed, construction not started -----		2,812	244
20			507	200
21	Totals -----		3,319	444
22				
23	If these structures were completed today, there would be 8,897 beds as compared with the need for 11,280 beds. At the present time			
24	there is a known waiting list seeking admission which totals 3,400 cases. In addition, the present facilities are overcrowded by 1,014			
25	patients. To meet this need of housing for the mentally deficient segment of the population of California, the 1953-54 Budget			
26	provides for considerable relief as follows:			
27	1. Development and the construction of the first units for a new institution near Costa Mesa. This includes the initial			
28	site development and grounds improvement, kitchen, laundry, boiler plant, and other service facilities. This will include			
29	990 patient beds consisting of 280 ward beds and a complete hospital facility of 710 beds for the most seriously			
30	handicapped due to the urgent need of care for this type of case at an approximate total cost of \$11,576,555.			
31	2. Pacific Colony's budget includes three ward buildings for 234 beds together with additional laundry equipment, and an			
32	addition to the administration building at a cost of approximately \$1,586,300.			
33	3. Sonoma State Home's budget includes six ward buildings and a receiving hospital for a total of 800 beds at an approxi-			
34	mate cost of \$5,312,000.			
35	4. Porterville State Home's budget includes seven ward buildings of 490 beds, together with site development, boiler			
36	plant, kitchen and laundry equipment, firehouse, incinerator, and library and occupational therapy building at an ap-			
37	proximate cost of \$3,516,200.			
38	5. In addition and in order to expedite construction of additional urgently needed hospitals and treatment facilities at			
39	Pacific Colony a special bill will be presented to the 1953 General Legislature session to provide financing for such			
40	facilities including a 314-bed increase at a cost of approximately \$2,474,807.			
41	This will provide a total of 2,828 additional beds at a total cost of approximately \$24,465,862. All of the above facilities			
42	provided in the 1953 Budget, together with those previously financed, are estimated to be completed and occupied at the			
43	latest during the 1955-56 Fiscal Year which will bring the total bed capacity to 11,725. An estimate of 1/10 of one			
44	percent of the June 30, 1956, population indicates a potential mental defective resident population of 12,429, or an over-			
45	crowding of 704 patients which is approximately 5.7 percent.			
46	Major construction projects in the 1953-54 Budget for the mental hospitals includes a domestic water supply development at			
47	a cost of \$529,000 for the Norwalk State Hospital; alterations to the receiving and treatment building at the Men-			
48	docino State Hospital at a cost of \$366,000; and water storage facilities at Camarillo at a cost of \$63,000.			
49	Provision is made for the purchase of land at Norwalk State Hospital to provide acreage for a juvenile unit and an expansion			
50	of the maintenance section at a total cost of \$86,000.			
51	The construction of new institutions will permit the Porterville State Home to accept its first group of 990 patients May 1,			
52	1953, and Atascadero to accept its initial group of patients on April 1, 1954.			
53	Certain essential minor construction, improvements, repairs, and equipment are provided within each institution's budget.			
54	The following tables provide information relating to the current budget requests, the progress made up to the present time with			
55	the building program, as well as the future needs of the State to provide sufficient bed capacities in the institutions for			
56	present overcrowding and normal population growth.

4	<b>Psychiatric Hospital Clinic, Los Angeles</b>			
5	<b>Analysis</b>			
6	This clinic is to serve as a metropolitan center for clinical diagnosis and treatment for the Department of Mental Hygiene in Southern			
7	California, and also to provide joint service for the medical school of U. C. L. A. for training and research similar to the Langley			
8	Porter Clinic operation. Financing for design, working drawings, and specifications for an initial major unit including hospital, out-			
9	patient clinic, administration, and other service facilities was made available in 1950-51. Future budgets will include requests for			
10	construction toward an ultimate bed capacity of 400.

1	<b>De Witt State Hospital</b>			
2				
3				
4	<b>Analysis</b>			
5				
6	De Witt was purchased from the Federal Government in 1946 and was made a permanent state hospital by subsequent legislation. This			
7	hospital houses both mentally ill and mentally defective patients. The capacity on October 31, 1952, was 2,938 with no capacity ex-			
8	pansion planned in the 1953-54 Budget or provision made for change in usage of the structures. Certain essential minor construction,			
9	repairs, improvements, and equipment are included in the amount of \$232,640 to maintain the hospital in an operable condition.

4	<b>Mendocino State Hospital</b>			
5	<b>Analysis</b>			
6	The capacity of the Mendocino State Hospital on October 31, 1952, was 2,416. The 1953-54 budget includes \$366,000 for alterations to			
7	the receiving and treatment building. This building will provide beds for 218 patients and should be available for occupancy in the			
8	1954-55 Fiscal Year. The Receiving and Treatment Building plus a new ward building which was previously financed will replace			
9	other ward facilities for a net increase of 46 beds by June 30, 1955. Essential minor construction, repairs, improvements, and			
10	equipment are included in the amount of \$143,692 to maintain the hospital in operable condition.

6	<b>Norwalk State Hospital</b>			
7	<b>Analysis</b>			
8	The capacity on October 31, 1952, was 1,866 with 500 additional capacity anticipated in March, 1955, upon completion of a receiving and			
9	treatment building to be constructed from presently available funds. No additional patient capacity type projects are included in the			
10	1953-54 Budget for Norwalk State Hospital. A domestic water development project is included at a cost of \$529,000. Funds are			
11	budgeted for the acquisition of land for a future juvenile unit to consist of 19 acres at a cost of \$56,000, and 12 acres for the mainte-			
12	nance section of the institution at a cost of \$30,000. Essential minor construction, improvements, repairs, and equipment are included			
13	in the amount of \$222,785 to maintain the hospital in proper condition.			
14				
15	<b>REAL PROPERTY ACQUISITION</b>			
16	Land purchase for juvenile unit-----	-	-	\$56,000

27	<b>Expenditures From Budget Act Appropriation:</b>			
28				
29	Domestic water development and pipe line-----	-	-	\$529,000
30	Modernize and enlarge food service unit to accommodate increased			
31	population-----	-	\$500,000	-
32	Construction of receiving and treatment building-----	-	2,875,000	-
33	Equip receiving and treatment building-----	-	250,000	-
34	Construction of kitchen for receiving and treatment building-----	-	133,500	-
35	Equip kitchen for receiving and treatment building-----	-	41,500	-
36				
37	<b>Expenditures From Special Appropriations:</b>			
38				
39	General repairs, improvements and painting-----	—\$59	-	-
40	Miscellaneous repairs at farm-----	—4,158	4,158	-
41	Women's industrial building-----	65	-	-
42	Construction and equipment, four physicians' residences-----	735	-	-
43	Sewage disposal plant and pipe (partial)-----	-	6,647	-
44				
45	<b>TOTAL EXPENDITURES (Major Construction)-----</b>	<b>—\$3,417</b>	<b>\$3,810,805</b>	<b>\$529,000</b>
46				
47				
48	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
49	<b>AND EQUIPMENT</b>			
50				
51	<b>Expenditures From Budget Act Appropriation:</b>			
52				
53	Installation of acoustic, fireproof, Celotex ceiling-----	-	-	\$15,000
54	General repairs, painting, and improvements to utilities, buildings,			
55	equipment, mechanical installations and grounds-----	-	-	100,000
56	Five electric dishwashers (final increment)-----	-	-	15,000
57	Additional laundry equipment-----	-	-	10,385
58	New lock system replacement-----	-	-	8,500
59	Repairs and maintenance to wells and pumps-----	-	-	5,000
60	Addition to hog farrowing shed and creep pens-----	-	-	5,000
61	Complete installation of prefabricated building for music therapy			
62	and beauty shop-----	-	-	5,000
63	Completion of garage repair shop building-----	-	-	6,500
64	Extension of street lighting-----	-	-	5,000
65	New parking lots and road repairs-----	-	-	8,500
66	New curbs, sidewalks, and grading-----	-	-	9,000
67	Repairs to open drainage ditch-----	-	-	9,000
68	Tree surgery-----	-	-	2,500
69	Termite control-----	-	-	9,000
70	Repairs of grounds irrigation system-----	-	-	5,000
71	Improvements at the farm-----	-	-	3,500
72	Install full length mirrors-----	-	-	900
73	General repairs, painting, and improvements to utilities buildings,			
74	equipment, mechanical installations, and grounds-----	-	\$52,250	-
75	Reset No. 2 boiler in main boiler room-----	-	10,000	-
76	Shop building for blacksmith and plumber-----	-	19,500	-
77	Fencing for maintenance building group-----	-	2,100	-
78	Air conditioning of surgery operating room-----	-	9,500	-
79	General repairs to electrical installation in surgery-----	-	7,500	-
80	Two prefabricated buildings for beauty shop facilities and therapy			
81	Extension to poultry feed storage room-----	-	5,000	-
82	Reroof superintendent's residence-----	-	1,800	-
83	Road surfacing-----	-	800	-
84			37,150	-

10	Eliminate fire hazard in auditorium-----	-	\$7,500	-
11	New curbs (partial)-----	-	9,000	-
12	Extension of street lighting-----	-	5,000	-
13	Repairs of grounds irrigating system (partial)-----	-	5,000	-
14	Tree surgery-----	-	2,500	-
15	Patients' recreational area and facilities-----	-	9,000	-
16	Furnish and install electrically operated steam dishwashers-----	\$20,000	42,500	-
17	Prefabricated building and equipment for outpatient services-----	-	15,000	-
18	Alterations and extension of patients' exercise yards-----	-	4	-
19	Improvements to carpenter and paint shop-----	140	220	-
20	Poultry laying houses (two)-----	-	8,280	-
21	Additional electric facilities to remodel the present old inadequate			
22	lighting system-----	25,000	-	-
23	General repairs and maintenance of ward buildings-----	24,697	303	-
24	General repairs and maintenance, other than ward buildings-----	9,163	837	-
25	Complete hog farrowing sheds and creep pens-----	-	10,000	-
26	Replace old wooden warehouse building, which is a fire hazard,			
27	with rigid frame building on a concrete slab-----	25,000	-	-
28	Replace 2,000 feet of water pipe with large pipe, replace old small			
29	pumps with larger units in order to cope with the lowering			
30	water level-----	17,739	2,261	-
31	Construction and repairs to roads to employees' buildings and			
32	patients' ward buildings-----	4,113	3,387	-
33	Provide refrigerated cooler space for commissary storeroom to			
34	hold perishable supplies-----	6,443	8,557	-
35	Additional garages—state equipment-----	7,500	15,000	-
36	Extension of irrigation system for main institution lawns and			
37	gardens and discontinue the present practice of irrigating			
38	large areas with small sprinklers-----	4,511	489	-
39	Construct cement curbing for roads-----	5,702	548	-
40	Extension of street lighting to 1½ miles of existing roads where			
41	none is now provided-----	4,868	132	-
42	Provide toilets and drinking fountains for six patients' exercise			
43	yards-----	1,922	78	-
44	Replace badly pitted stainless steel hood for main kitchen steam			
45	kettles-----	9,000	-	-
46	Repairs to 50,000-gallon water tank on which no extensive repairs			
47	have been made for several years-----	3,302	198	-
48	Provide auditorium chairs with glides to protect floor-----	496	504	-
49	Road resurfacing and repairs to farming and livestock areas-----	499	2,501	-
50	Replace control valve to robot washing machines-----	676	24	-
51	Remodel men's industrial building-----	8,385	1,115	-
52	Provide 1,000 feet of fencing for the main institution grounds and			
53	replace old fencing at the hog ranch-----	2,527	2,473	-
54	Construct bull barn and corrals-----	638	24,362	-
55	Replace bars on windows with steel screens-----	4,000	-	-
56	Resanding and lowering of present wells due to lowering water			
57	level-----	5,403	1,097	-
58				
59	<b>Expenditures From Special Appropriations:</b>			
60				
61	Repairs and improvements to cow and calf barn (partial)-----	1,738	-	-
62	Rehang exit doors on four buildings-----	800	-	-
63	Install fire safety doors on dumb waiters-----	2,200	-	-
64	Attic separation doors, closers, latches-----	1,200	-	-
65	Install scuttle hole covers in 25 wards-----	1,250	-	-
66	Outside stairway at ward 20-----	2,500	-	-
67	Replace hot water tanks on wards-----	9,500	-	-
68	Mechanical repairs and replacement of steam lines-----	355	6,145	-
69	Repairs and alterations to electrical system (secondary lines)-----	12,000	-	-
70	Repairs and alterations to occupational therapy building-----	-	1,500	-
71	Termite eradication in ward buildings and residences-----	-	1,000	-
72	Repairs to roads and drainage system-----	129	2,371	-
73	Improve lighting facilities in O. T. buildings and installation of			
74	equipment-----	-	1,500	-
75	Replace obsolete lights in office and ward buildings-----	1,288	262	-
76	Repairs and alteration of incinerator-----	-	1,000	-
77	Repairs and alteration of garage building-----	-	2,500	-
78	Replacement of ward window guard locks-----	-	1,500	-

3	<b>Patton State Hospital</b>			
4	<b>Analysis</b>			
5				
6	The capacity on October 31, 1952, was 3,605 with additional capacity anticipated in the 1954-55 Fiscal Year upon completion of the			
7	receiving and treatment building (304 new, 61 replacement), and a ward building (19 new, 131 replacement) for which financing			
8	was previously made available. No additional major construction is included in the 1953-54 Budget for Patton State Hospital.			
9	Essential minor construction, improvements, repairs, and equipment in the amount of \$583,868 are included to maintain the			
10	hospital in an operable condition.			
11				
12				
13	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>

1	<b>Stockton State Hospital</b>			
2				
3				
4	Analysis			
5				
6	The capacity on October 31, 1952, was 4,089 with additional capacity anticipated in July, 1953, upon completion of the receiving and			
7	treatment building (338 new, 36 replacement), and upon completion of a ward building in April, 1954, for which funds are available			
8	but construction is not yet started (100 capacity replaces barracks of 408 capacity). No additional major construction is included			
9	in the 1953-54 budget for Stockton State Hospital. Essential minor construction, improvements, repairs, and equipment in the			
10	amount of \$88,913 are included to maintain the hospital in an operable condition.			
11				
12				
13	<b>MAJOR CONSTRUCTION, IMPROVEMENTS,</b>			
14	<b>AND EQUIPMENT</b>			
15				
16	Expenditures From Budget Act Appropriation:			
17				
18	Construct additions to cottage 12-----	-	\$638,500	-
19	Ward building to replace cottage C and barracks-----	-	395,505	-

6	<b>Pacific Colony</b>			
7	<b>Analysis</b>			
8	The capacity on October 31, 1952, was 1,652 and 12 ward buildings now under construction will add 936 beds upon completion in July, 1954. Additional major projects included in the 1953-54 Budget include three ward buildings with a capacity of 234 beds estimated for completion in 1954-55. A special bill to be considered by the 1953 Legislature will provide additional financing for alterations to existing hospital and annex, Unit 2 and supplement to Unit 1, which will add 314 beds and replace 79 beds upon completion during the 1954-55 Fiscal Year. Essential minor construction, repairs, improvements, and equipment are included in the 1953-54 Budget amounting to \$111,200 for maintenance and improvement of the plant facilities.

MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,  
AND EQUIPMENT—Continued

Incinerator (partial)-----	—\$597	\$597	—
Replace ward locks-----	—2	42	—
Improve fire protection system-----	—	89	—
Replace ward floor coverings-----	373	1,041	—
Construct tables and benches-----	5,940	60	—
Repairs to steam distributing system-----	8,626	2,049	—
Additional laundry equipment-----	10,459	842	—
Bakery equipment-----	20,000	—	—
Alterations of side rooms for offices-----	1,464	—	—
Bathing, toilet, and clothes room—Ward 7-----	4,000	—	—
Repairs to windows and doors-----	4,300	—	—
Construct clothes and utility storage-----	2,479	521	—
Repairs to ward kitchens-----	1,250	436	—
Replacement of floor tile-----	5,000	—	—
Replace hot water tanks-----	1,635	400	—
Improvements to porches, Wards 5 and 7-----	4,250	—	—
Replace yard shelters, Wards 2 and 4-----	3,500	—	—
Tile floors and wainscot bathrooms, four wards-----	4,400	—	—
Sidewalks, Ward 15 to Administration Building-----	1,195	5	—
Install shade awnings-----	—	1,500	—
Install safety walks—kitchen and steam plant-----	1,200	—	—
Paving corporation yard-----	—	1,000	—
Motor drive for draft fan-----	—	500	—
Equipment, new maintenance shop-----	2,325	14	—
Move farm barn-----	—	650	—
Replace chlorination equipment-----	3,632	38	—
Replace six-inch water line-----	3,098	802	—
Repairs to main kitchen-----	6,000	—	—
Painting exterior and interior of buildings-----	9,798	203	—
Metropolitan water district connection-----	3,510	1,840	—
Steam plant improvements-----	1,124	76	—
Telephone dial system-----	—	800	—
Installation of acoustic tile—Administration Building-----	1,320	—	—
Installation of ward ventilating fans-----	10,000	—	—
Improve fire alarm system—air horn-----	4,809	—	—
Firehouse hose drying tower-----	3,050	320	—
Installation of acoustic tile—ward buildings-----	7,470	30	—
Improvements to lighting system—administration and psychology offices-----	792	8	—
Yard shelter, Ward 3, additional cost-----	2,468	732	—
Replace ward floor covering-----	6,661	739	—
New temporary office building-----	—	9,000	—
Replacement of boiler feed pump-----	—	900	—
Employees education building-----	—	9,000	—
Glass-in and heat porches, Wards 5 and 7-----	—	4,250	—
Moving and repairing two residences-----	—	16,500	—
Provide clothes cupboards and utility storage space on wards-----	—	3,025	—
Provide office space and equipment for area supervisor-----	—	5,000	—
Installation of acoustical celotex on wards-----	—	7,500	—
Install dishwashers in 15 wards and hospital, replace dishwasher in nursery ward-----	—	37,715	—
Replace air conditioned proof box in bakery-----	—	3,000	—
Soiled linen and garbage sheds screened-----	—	16,800	—
Completion of yard shelter, Wards 2 and 4-----	—	3,500	—
Replace yard shelters, Nurseries A and B-----	—	5,000	—
Construct 110 dining tables and 82 benches for wards-----	—	5,600	—
Replace fly screens on wards-----	—	10,000	—
General repairs and improvements to buildings-----	—	40,300	—
Repairs to heating systems, employees' quarters Nos. 1 and 2-----	—	2,700	—
Remodel Residence No. 3-----	—	5,000	—
Basic furniture, Residence No. 3-----	—	1,250	—
Vault in administration building-----	—	2,100	—
Additional funds to complete toilet, bath, and clothes room facili- ties, Ward 7-----	—	6,148	—
Replace concrete irrigation pipe at farm-----	—	1,250	—
Alterations and repairs to eliminate fire hazards-----	9,700	—	—
Repair and replacement of door locks and casement operators-----	—	4,000	—
Repair tile floors in 15 ward serving kitchens-----	—	3,000	—
Repairs to plumbing system-----	—	2,500	—
Roof repairs-----	—	2,000	—
Recondition interior wing of power house-----	—	3,000	—
Road and court yard repairs and paving-----	—	14,000	—
Repairs and alterations to clinic office-----	—	900	—

2				
3	<b>Sonoma State Home</b>			
4				
5	<b>Analysis</b>			
6	The capacity on October 31, 1952 was 2,677 with 120 new beds to be added by the completion of the nursery cottage now under construction and five ward buildings estimated to be completed in July, 1954, which will add 256 new beds and replace 244 in Laurel, Judah, and Judah Annex. Authorized beds now under construction include the addition to hospital building (32 new beds) estimated for completion in April, 1954 and two ward buildings with a capacity of 200 beds to replace 215 beds in the Dairy Cottage, Poultry Cottage, Bentley and Bentley Annex upon completion in the 1954-55 Fiscal Year. Major projects financed in the 1953-54 Budget include a receiving hospital of 100 new capacity and six ward buildings of 700 new capacity estimated for completion in the 1955-56 Fiscal Year. Essential minor construction, repairs, improvements, and equipment are included in the amount of \$313,450 to maintain and improve the plant facilities.

5	<b>Analysis</b>			
6	The site for the Porterville State Home was acquired in 1946. Ward construction is now completed for a capacity of 910 plus a hospital			
7	building with a capacity of 100 which will permit acceptance of the first group of patients in May, 1953. Seven additional ward			
8	buildings with a total capacity of 490 is estimated for completion and acceptance of patients by January, 1954. Financing was			
9	made available by the 1952 Budget for seven ward buildings (490 capacity) that are not yet under construction. These buildings			
10	are estimated for completion during the 1954-55 Fiscal Year and will bring the capacity of this institution to 1,990.			
11	The major projects in the 1953-54 Budget include seven ward buildings with a total capacity of 490 estimated for completion during the			
12	1954-55 Fiscal Year. Other major projects budgeted include a library and occupation therapy building, a firehouse, and an incin-			
13	erator. The institution will house mental defective patients and assist in meeting the acute state-wide problem for patients of this			
14	type.

3	<b>New Mental Defective Home Near Costa Mesa</b>			
4				
5	<b>Analysis</b>			
6	A site has been acquired near Costa Mesa for the establishment of a new institution for the mentally deficient. Funds have been			
7	proposed in the 1953-54 Budget for construction of initial units which will provide a capacity of 990 beds. Construction of facilities			
8	toward an ultimate capacity of 3,000 will require subsequent financing.

## OFFICE OF THE ADJUTANT GENERAL

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
2	AND EQUIPMENT			
3				
4	Analysis			
5				
6				
7	Construction of 13 armories on a federal-state sharing basis is recommended at the locations listed below. These locations represent			
8	areas in which facilities are most urgently needed.			
9	Construction of a warehouse in Sacramento is proposed to provide necessary storage space for National Guard equipment and supplies.			
10	The addition to the Stockton Armory is to provide adequate space for National Guard units at this location.			
11	Provision for the preparation of plans and supervision of construction for National Guard buildings and facilities represents state			
12	expenditures necessary to qualify for federally constructed facilities.			
13	Federal finance is made available on the basis of up to 75 percent of qualifying phases of the construction. Such qualifying phases			
14	usually exclude site development such as, landscaping, fencing roads, parking areas, walk and utility connection beyond three			
15	feet of the structure.			
16				
17	Expenditures From Budget Act Appropriation and			
18	Special Appropriations (COSF):			
19

## DEPARTMENT OF FISH AND GAME

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1				
2	<b>Analysis</b>			
3				
4	The capital outlay program of the Department of Fish and Game provides facilities and installations required for administration of			
5	the department; enforcement of the provisions of the Fish and Game code; management, development, and conservation of fish			
6	and game; and for research, study, and compilation of statistics on fish and game.			
7	The 1953-54 Fiscal Year program includes \$7,000 for the construction of an oyster culture pond and related facilities to permit the			
8	investigation of oyster production on a commercial basis.			
9				
10	<b>REAL PROPERTY ACQUISITION</b>			
11				
12				
13	Field Services—Wild Life Protection:			
14	Purchase of site for warehouse at Blythe -----	\$950	-	-
15				
16				
17	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
18	<b>AND EQUIPMENT</b>			
19				
20	Marine Fisheries:			
21	Terminal Island—join and enlarge three main buildings-----	\$140,000	-	-
22	Field Services—Fisheries Management:			
23	Construct stream improvement structure at mouth of Navarro			
24	River -----	-	\$40,000	-
25				
26	<b>TOTAL EXPENDITURES (Major Construction)-----</b>	<b>\$140,000</b>	<b>\$40,000</b>	<b>-</b>
27				
28				
29	<b>MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,</b>			
30	<b>AND EQUIPMENT</b>			
31				
32	<b>Analysis</b>			
33				
34	Minor construction projects provide for improvements and repairs to offices, hatcheries, game farms, game and waterfowl management			
35	areas, research vessels, and the purchase of additional radio equipment.			
36				
37	Regional Offices:			
38	Miscellaneous improvements to headquarters and district offices	\$4,923	\$5,000	\$5,000
39	Field Services—Wild Life Protection:			
40	Purchase and installation of radio equipment -----	15,365	10,000	23,850
41	Fresno, \$6,250; Eureka, \$3,350; and Los Angeles, \$14,250.			
42	Construction and equipment of three patrol stations in the			
43	Colorado River area -----	2,490	-	-
44	Construction of equipment storage building -----	-	-	4,000
45	Marine Fisheries:			
46	Alterations to statistical building at Terminal Island-----	1,132	4,500	-
47	Alterations and improvements to research vessel "N. B. Scofield"	276	-	-
48	Alterations and improvements to research vessel "Yellowfin"-----	-	16,000	-
49	Construction and installation of fish screens and ladders—various			
50	locations -----	5,485	4,300	-
51	Salmon management—fish screen and ladder construction and			
52	stream improvement—various locations-----	-	-	4,000
53	Stream improvement, fish screen and ladder experimental work			
54	and fish screen modernization in Central Valley area-----	4,943	-	-
55	Improvements to buildings and premises at Elk Grove headquarters	957	-	-
56	Field Services—Fisheries Management:			
57	Hatcheries:			
58	Basin Creek:			
59	Construction of pipeline -----	-	1,200	-
60	Central Valley:			
61	Sealing pond bottoms -----	4,782	-	-
62	Commercial refrigerator -----	-	-	15,000
63	Pond improvement -----	-	-	2,000
64	Hot Creek:			
65	Painting hatchery buildings-----	4,352	-	-
66	Resurfacing roads -----	7,000	-	-
67	Replacement of pond water trunk lines-----	7,459	-	-
68	Moorehouse Springs:			
69	Improvement of roads -----	650	-	1,000
70	Mt. Shasta:			
71	Construction of discharge flume-----	-	1,500	-
72	Mt. Whitney:			
73	Replacement of septic tank -----	6,196	-	-
74	Construction of garage and equipment shed -----	-	4,700	-
75	Painting hatchery buildings-----	-	1,500	-
76	Prairie Creek:			
77	Construction of pipeline -----	-	8,000	-
78	Sequoia:			
79	Drill water well and install pump-----	5,348	-	-
80	Surface roads and parking area-----	-	-	1,800
81	Yosemite:			
82	Repair of hatchery troughs and pipelines-----	244	-	-
83				
84				
85

## DEPARTMENT OF FISH AND GAME—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>General Analysis</b>			
2	<b>Wildlife Conservation Board</b>			
3	Continuation of the acquisition, construction, and improvements of wildlife conservation projects is planned for 1953-54. The \$9,000,000 appropriated by Chapter 1327, Statutes of 1947, has been allocated to projects by the Wildlife Conservation Board, and a large part of these projects has been completed. The additional revenue provided by Chapter 1401, Statutes of 1951, is being allocated to projects by the Wildlife Conservation Board.			
9	<b>REAL PROPERTY ACQUISITION AND CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT</b>			
11	<b>Analysis</b>			
14	Projects for construction of fish hatcheries, development of fishing areas, stream improvements, and waterfowl and game development are summarized below:			
16	Fish screen and ladder projects -----	\$8,315	\$46,075	\$195,000
17	Waterfowl projects for acquisition and improvement of feeding and shooting grounds -----	2,050,816	83,445	1,406,328
18	Fish hatchery and stocking projects -----	1,079,570	1,324,949	826,947
20	Warm water and other fish projects -----	32,939	90,170	160,000
21	Flow maintenance and stream improvement projects -----	69,770	162,340	137,375
22	Game farm projects -----	3	—	—
23	Upland game projects for quail habitat and pheasant development -----	101,829	48,095	—
24	General projects of acquisition and construction -----	—20,067	58,390	—
26	<b>TOTAL EXPENDITURES, ALL FUNDS</b> -----	<b>\$3,323,175</b>	<b>\$1,813,464</b>	<b>\$2,725,650</b>

1				
2				
3				
4				
5				
6	<b>Division of Beaches and Parks</b>			
7	<b>GENERAL ANALYSIS</b>			
8	The acquisition of additional beach and inland park areas from funds appropriated by Chapter 1422, Statutes of 1945 is planned for			
9	1953-54. In addition an amount of \$118,000 is proposed for acquisition of property adjacent to present state beaches and parks. An			
10	amount of \$750,000 is also proposed for acquisition of Olivera Street, the Los Angeles Plaza, and the Pico-Garnier block in the			
11	City of Los Angeles replacing a 1952-53 appropriation for the same amount which will not be expended this year.			
12	Proposed construction provides for development of new park areas, additional facilities at existing parks, restoration of two historic			
13	buildings, and continuation of the state-wide Riders' and Hikers' Trail program.			
14	<b>REAL PROPERTY ACQUISITION</b>			
15	<b>Analysis</b>			
16	The acquisition of shoreline adjacent to state highways in accordance with the San Diego County master plan of state beaches, 120 acres			
17	adjacent to the Palomar Mountain State Park, approximately 37 acres adjacent to the Pfeiffer Big Sur State Park, approximately 23			
18	acres bordering the Merced River at the McConnell State Park, a small area adjacent to the Pio Pico State Historical Monument,			
19	and additional beach and park lands are proposed and summarized below. Acquisition of the land and improvements on Olivera			
20	Street, the Pico-Garnier block and the Los Angeles Plaza in the City of Los Angeles are also proposed.			
21	<b>STATE BEACHES:</b>			
22	Shoreline property adjacent to state highways (SBF) (COSF) —	\$175,000	—	\$50,000
23	Real Property for State Beaches, Chapter 1422, Statutes 1945			
24	(SBF):			
25	Humboldt County —	—	\$50,000	150,000
26	Los Angeles County —	560,005	150,000	75,000
27	Marin County —	148,569	50,000	30,000

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1				
2				
3				
4				
5				
6	<b>Division of Forestry</b>			
7	<b>GENERAL ANALYSIS</b>			
8	The Capital Outlay program of the Division of Forestry comprises the purchase of land for state forests pursuant to Article 6 of Chapter 2 of Division 4 of the Public Resources Code; the acquisition, construction, and development of forest protection stations and a fire lookout tower to provide fire prevention and suppression on lands having state-wide interest values; the construction of the District VI headquarters; and the relocation and construction of two forestry work camps for inmates of the Youth Authority.			
9				
10				
11				
12	<b>REAL PROPERTY ACQUISITION</b>			
13				
14	<b>Analysis</b>			
15				
16	The acquisition of 4,419 acres of forest land within and adjacent to the Mountain Home State Forest from the State Lands Commission is proposed for 1953-54. The State Lands Commission is acquiring these lands from the United States Forest Service in exchange for other state lands scattered throughout the national forests of California. Provision is also made for the acquisition of sites for fire control stations and strategically located fire lookout towers.			
17				
18				
19				
20				
21	<b>Purchase of Sites for Forest Protection Stations:</b>			
22				
23	District I:			
24	Lake County -----	-	\$1,800	-
25	Napa County -----	-	4,500	-
26	Sonoma County -----	-	11,000	-
27	District II:			
28	Butte County -----	-	1,700	-
29	Shasta County -----	-	2,000	\$500
30	Tehama County -----	-	2,000	-

43	Orange County -----	-	-	10,000
44	San Diego County -----	-	5,000	3,000
45	State-wide:			
46	Lookout sites—various locations -----	-	-	50,000
47	Totals, Sites for Forest Protection Stations (COSF) -----	-	\$37,550	\$76,600
48				
49				
50	<b>State Forest Acquisition and Development Program:</b>			
51	Jackson State Forest (GF) -----	—\$4,889	-	-
52	Mt. Home State Forest (GF) -----	-	-	\$400,000
53				
54	TOTAL EXPENDITURES (Real Property) -----	—\$4,889	\$37,550	\$476,600
55	General Fund (GF) -----	—4,889	-	400,000
56	Capital Outlay and Savings Fund (COSF) -----	-	37,550	76,600
57				
58				
59				
60	<b>MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT</b>			
61				
62				
63	<b>Analysis</b>			
64				
65	Major construction provides for essential development of fire protection stations and a forest fire lookout tower replacing tent camps, rented buildings, and existing buildings not worthy of repair; the relocation and construction of one permanent forestry work camp and one "spike" or temporary forestry work camp for the Youth Authority; construction of the District VI headquarters at Riverside; and engineering, planning, and inspection services.			
66				
67				
68				
69				
70	<b>Expenditures From Budget Act Appropriation (COSF):</b>			
71				
72	Construction of Forest Protection Stations:			
73	Point Arena Fire Control Station:			
74	Combination barracks and mess hall -----	-	-	\$19,118

**DIVISION OF HIGHWAYS—Continued**

**Detail of Major Project Allocations for Construction of Highways and Bridges as Recommended by the  
California Highway Commission for the 1953-54 Fiscal Year**

COUNTY	ROUTE	DESCRIPTION	APPROXIMATE MILEAGE	ESTIMATED COST
<b>NORTHERN GROUP OF COUNTIES</b>				
Alameda	5	0.25 mile easterly of Center Street to 0.10 mile easterly of Foothill Boulevard; grade, pave, and structures	2.1	\$1,540,000
Alameda	5, 108	Vicinity of Intersection of Routes 5 and 108, east of Livermore; drainage revision	5.4	115,000
Alameda, Contra Costa	69	Albany Drain Bridge No. 33-155L and Stege Drain Bridge No. 28-91; bridges	—	75,000
Alameda	69, 206	South of Ashby Avenue to El Cerrito Overhead; grade, pave, and structures	3.0	4,600,000
Alameda	105	0.4 mile westerly of Hesperian Boulevard to 0.3 mile northerly of Harder Road; grade and surface	1.5	350,000
Alameda	227	Route 75 near Lake Temescal to Route 5 (portions); Joint Highway District No. 26; grade and surface	—	300,000
Alpine	23	Mono County Line to Junction Route 24; grade and surface	10.3	352,000
Butte	3	Junction Route 87 to Chico Avenue; base and surface	9.6	600,000
Butte, Glenn	47	Sacramento River Bridge No. 12-54; redeck	—	160,000
Butte	21, 87	Intersection of Routes 21 and 87; channelization	—	40,000
Contra Costa	69, 14	Jefferson Avenue to Rollingwood (portions); structures	—	390,000
Contra Costa	75	Orinda Road Interchange; grade, pave, and structures	0.8	1,800,000
Contra Costa	75	1 mile south of Pacheco to Martinez; grade and surface	5.1	380,000
Contra Costa	106	Muir Station to Route 75; surface	3.5	300,000
Del Norte	46	0.5 mile east of Klamath to Turwar Creek; widen and surface	1.8	142,000
El Dorado	11	Through Placerville; grade and structures	1.5	595,000
Fresno	4	North city limits of Kingsburg to Selma; surface	3.1	85,000
Fresno	4	0.3 mile south of California Avenue to Santa Clara Street; grade and pave	0.8	175,000
Fresno	10	Lone Pine Inn to 2.8 miles west of Hot Springs Canyon (portions); grade, surface, and structures	5.7	420,000
Fresno	41	Orange Avenue to Maple Avenue; surface	1.0	52,000
Fresno	41	Wahtoke Creek Bridge No. 42-78; bridge and approaches	—	20,000
Humboldt	1	Stephens Grove to Weott (portions); base and surface	6.0	150,000
Humboldt	1	Thogerson Cattlepass No. 4-40; cattlepass	—	17,000
Humboldt	1	Gannon Slough to 0.9 mile north of Plaza Avenue; grade and surface	2.9	600,000
Humboldt	35	Alton to Bridgeville (portions); base, surface, and drainage	6.9	80,000
Kings	135	Kansas Avenue to 1 mile north of Corcoran (portions); grade and structures	7.0	320,000
Lake	49	Putah Creek; bridge	—	220,000
Lassen	29	In Susanville; curb, gutters, and surface	—	10,000
Madera	32	Califa to Merced County line (portions); surface	8.5	390,000
Madera	124	Junction Route 32 to south city limits of Chowchilla; surface	2.5	65,000
Madera	126	Cottonwood Creek Bridge; bridge and approaches	0.4	45,000
Marin	1	Manzanita to Golden Gate Bridge; grade and structures	3.9	510,000
Marin	52	Alto Intersection to Belvedere (portions); surface and shoulders	1.5	100,000
Marin	56	Tamalpais to Muir Beach (portions); retaining walls	—	30,000
Mariposa	65	Coulterville to Mariposa (portions); grade and surface	2.0	90,000
Mariposa	110	Stanislaus County line to Coulterville (portions); grade and surface	7.6	25,000
Mendocino	1	4 miles north of Forsythe Creek to Ridgewood Summit; grade	4.9	900,000
Mendocino	1	Outlet Creek to Reeves Creek; surface	4.5	280,000
Mendocino	48	North Fork Navarro River Ridge No. 10-78; bridge and approaches	—	165,000
Mendocino	70	Russian River Bridge No. 10-80; bridge and approaches	0.8	400,000
Merced	4	Livingston to south of Delhi; grade and surface	3.6	500,000
Merced	4	"O" Street in Merced to Buhach Road (portions); surface	4.5	200,000
Merced	32	Through Los Banos; grade and surface	1.1	140,000
Merced	41	Main Canal; bridge and approaches	0.4	125,000
Merced	122	San Joaquin River to Merced (portions); grade, surface, and structures	5 ±	350,000
Modoc	23	Adin to Rush Creek; surface	4.2	150,000
Modoc	28	Alturas to 11 miles east; Honor Camp labor; grade	11.0	240,000
Modoc	73	Junction Route 28 to State line; Honor Camp labor; grade and oil	33.8	120,000
Modoc	210	Perez Overhead No. 3-33; redeck and replace abutments	—	50,000
Monterey	2	San Lucas to 2.5 miles north; reconstruct	2.4	190,000
Monterey	2	John Street to East Market Street in Salinas (portions); grade and structures	0.7	635,000
Monterey	56	Little Sur River Bridge No. 44-20; bridge and approaches	0.7	195,000
Monterey	56	Loma Linda to Watsonville Junction; grade and surface	1.6	285,000
Monterey	56	Redeck Timber Bridges and replace 4 Cattlepasses	—	60,000
Monterey	117	El Estero to Del Monte Junction; grade and surface	1.2	400,000
Napa	49	Oakville to Rutherford; surface	1.8	136,000
Nevada	25	Route 15 to near northwest city limits of Nevada City; grade and surface	1 ±	70,000
Nevada	38	Truckee River Bridge No. 17-11 and Hinton Overcrossing Bridge No. 17-10; reconstruct railing and curb	—	20,000
Plumas	21	Willow Creek Bridge No. 9-13; abutments	—	15,000
Plumas	83	Graciale Creek Bridge No. 9-29; bridge and approaches	—	85,000
Sacramento, Placer	3, 17	Ben Ali to ½ mile east of Roseville; grade and structures	12.7	2,200,000
Sacramento	11	Alder Creek; grade and structure	—	65,000
Sacramento	11	Antioch Bridge to 1.5 miles northerly; grade, surface and structures	1.5	800,000
Sacramento	98	C Street in Sacramento to Route 3 near Swanston Road; grade, surface, and structures	2.3	1,110,000

36	GRAND TOTALS, PROPOSED EXPENDITURES -----	\$160,015,646	\$163,675,872	\$3,660,226

<sup>1</sup> The savings in expenditures for administration anticipates a greater distribution of salaries in both headquarters and district offices to functions other than administration.

<sup>2</sup> Both increases and decreases noted represent adjustments in accordance with the foreseeable expenditure program.

<sup>3</sup> Decrease due to exclusion of operation and insurance expense which are now chargeable against toll revenues pursuant to 1951 Refunding and Improvement Bond Resolution.

<sup>4</sup> A supplemental schedule follows detailing changes in proposed expenditures for major construction.

<sup>5</sup> Increase for recruitment of needed engineering personnel and to cover salary increases.

<sup>6</sup> Unexpended balance of funds under Section 203 of the Streets and Highways Code carried forward from previous fiscal year.

<sup>7</sup> Increases due to receipt of contributions from other agencies on cooperative projects.

<sup>8</sup> Obligations to Joint Highway Districts carried forward from prior budget.

<sup>9</sup> Unencumbered funds under emergency repair program for floods of 1951 carried forward from prior budget.

<sup>10</sup> The 1952-53 Contingency Reserve reflects giving effect in this budget to revision in Department of Finance estimate of revenue for the 1952-53 Fiscal Year.

<sup>11</sup> Unencumbered funds for equipment carried forward from prior budget.

<sup>12</sup> Increase due to unexpended obligations for building and plants repair and minor improvement carried forward from prior year.

34					
35	Totals, Capital Outlay-----	\$113,043,909	\$139,888,594	\$134,528,328	—\$5,360,266
36					
37	TOTALS, EXPENDITURES AND OBLIGATIONS-----	\$141,990,981	\$169,996,553	\$166,254,457	—\$3,712,096

<sup>1</sup> Increase in administration due to salary increases, higher cost of supplies, and greater office housing cost.

<sup>2</sup> Maintenance expenditure increase over estimated cost due primarily to abnormally high snow removal cost during record snowfall of 1951-52 winter.

<sup>3</sup> Highway planning increase due to increased salaries and material cost and commencement of a state-wide aerial mapping program.

<sup>4</sup> Reduced expenditures because, effective February 1, 1952, the operation of the San Francisco-Oakland Bay Bridge became chargeable against toll revenues pursuant to the 1951 Refunding and Improvement Bond Resolution adopted by the California Toll Bridge Authority November 27, 1951.

<sup>5</sup> Variation between actual and estimated expenditures for these items are normal and do not reflect any change in program.

<sup>6</sup> A supplemental schedule follows detailing differences in actual and estimated expenditures for major construction.

<sup>7</sup> It has not been possible to fully expend the remaining balance of funds made available by Section 203 of the Streets and Highways Code because plans for the work to be undertaken have not been forthcoming from cities.

<sup>8</sup> Demands for minor improvement projects were less than expected, resulting in a decrease from estimated expenditures.

<sup>9</sup> Net decrease in rights of way function due to delay in plans in northern group of counties.

<sup>10</sup> Increase due to expansion program in preliminary engineering and also, to some extent, higher salary and material costs.

<sup>11</sup> Decrease represents commitments to joint highway districts not paid during year, but carried forward to ensuing budget.

<sup>12</sup> Decrease represents unencumbered funds for emergency damage repair program in connections with floods of 1951 carried forward to ensuing fiscal year budget.

<sup>13</sup> The difference in the amount for contingencies represents the net decrease resulting from the various changes in other budget items.

<sup>14</sup> Decrease represents obligations carried forward to ensuing fiscal year budget.

**REASONS FOR REVISIONS**

<sup>1</sup> Savings—funds in excess of budget requirements.

<sup>2</sup> Project deferred to subsequent fiscal year in order to provide time to clear right of way.

<sup>3</sup> Project deferred to finance more critical work.

<sup>4</sup> Decrease, project or portion of project financed from other funds.

<sup>5</sup> Decrease due to redesign of project.

<sup>6</sup> Project deferred because of excessive bid prices.

<sup>7</sup> Additional project added as a result of safety studies.

<sup>8</sup> Additional funds required because of increased construction costs or low budget estimate.

<sup>9</sup> Additional funds required because of revision of design standards or scope of work.

<sup>10</sup> Additional project to improve deficient roadway or structure.

<sup>11</sup> Additional project to eliminate hazardous traffic conditions.

<sup>12</sup> Additional project to improve drainage.

<sup>13</sup> Additional project to install traffic regulatory or safety devices.

<sup>14</sup> Additional project to reduce damage to highways caused by overloads.

<sup>15</sup> Additional fund or project required because of winter storm damage.

<sup>16</sup> Additional project to reconstruct roadway in slide area.

<sup>17</sup> Additional project to complete construction initiated in a prior budget.

<sup>18</sup> Additional project to relieve traffic congestion.

<sup>19</sup> Additional project to provide a winter traffic detour.

<sup>20</sup> Additional project to replace a deteriorated or destroyed structure.

<sup>21</sup> Additional project to repair a deteriorated structure or roadway.

<sup>22</sup> Additional project to improve a low standard road (requested by county to use Federal Aid Secondary Funds).

<sup>23</sup> Additional project to provide for erosion control and roadside delineation.

<sup>24</sup> Additional project to place seal coats on recently completed surfacing.

**REASONS FOR REVISIONS**

<sup>1</sup> Savings—funds in excess of budget requirements.

<sup>2</sup> Project deferred to subsequent fiscal year in order to provide time to clear right of way or complete plans.

<sup>3</sup> Project deferred to finance more critical work.

<sup>4</sup> Decrease, project or portion of project financed from other funds.

<sup>5</sup> Decrease due to redesign of project.

<sup>6</sup> Project deferred because of excessive bid prices and failure to clear right of way or to reach agreement with local agency.

<sup>7</sup> Additional project added as a result of safety studies.

<sup>8</sup> Additional funds required because of increased construction costs or low budget estimate.

<sup>9</sup> Additional funds required because of revision of design standards or scope of work.

<sup>10</sup> Additional project to improve deficient roadway or structure.

<sup>11</sup> Additional project to eliminate hazardous traffic conditions.

<sup>12</sup> Additional project to improve drainage or for flood or erosion control.

<sup>13</sup> Additional project to install traffic regulatory or safety devices.

<sup>14</sup> Additional project to control traffic.

<sup>15</sup> Additional funds or project required because of winter storm damage.

<sup>16</sup> Additional project to reconstruct roadway in slide area.

<sup>17</sup> Additional project to complete construction initiated in prior budget.

<sup>18</sup> Additional project to relieve traffic congestion.

<sup>19</sup> Additional project to provide funds for work ineligible for expenditures of federal funds on a federally financed construction project.

<sup>20</sup> Additional project to replace a deteriorated or destroyed structure.

<sup>21</sup> Additional project to repair a deteriorated structure or roadway.

<sup>22</sup> Additional project to improve a low standard road (requested by county to use Federal Aid Secondary Funds).

<sup>23</sup> Additional project to provide for erosion control and roadside delineation.

<sup>24</sup> Additional project to place seal coats on recently completed surfacing.

<sup>25</sup> Additional project to advance a project budgeted for subsequent fiscal year.

<sup>26</sup> Additional project made necessary by dam construction, financed in whole or in part by another agency.

53				

<sup>1</sup> Revised estimates for this item based on Department of Finance revenue estimates, adjustment for which are as follows: gasoline tax, +\$2,640,856; motor vehicle fees, +\$3,991,323; use fuel tax, —\$288,925; transportation tax, +\$994,565.

<sup>2</sup> Revenue from contributions cannot be estimated in advance and is taken into budget as the projects concerned are placed under work order.

<sup>3</sup> Revisions in federal aid adjust the estimated revenues to actual apportionments.

<sup>4</sup> Full repayment \$6,519,849 for San Francisco-Oakland Bay Bridge approaches was made in 1951-52 Fiscal Year.

<sup>5</sup> Represents estimated income from investment of State Highway Funds and is additional to investment of Highway User Tax funds administered by State Controller.

<sup>a</sup> Contributions reported here consist of funds received or to be received other than State Highway Fund moneys, and the expenditure of these funds is reflected as an augmentation of the "Capital Outlay" section.

## WATER PROJECT AUTHORITY

Created by Chapter 1042, Statutes of 1933, to finance, construct, operate and administer the then proposed Central Valley Project. The Water Project Authority was appropriated moneys by the 1952 Legislature "to conduct surveys and studies preliminary to the acquisition by the State of the Central Valley Project upon a self-liquidating basis."

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54

5	WATER CONSERVATION PROGRAM				
6					
7	Analysis				
8					
9	Number of positions-----	-	22	25	
10				3	
11	Funds were provided by Item 428.5, Budget Act of 1952, to finance studies and surveys preliminary to the possible acquisition of the				
12	Central Valley Project by the State. The balance of the appropriation after financing preliminary work was made available for the				
13	initial installment of any acquisition agreement negotiated. All moneys provided from the General Fund are subject to repayment				
14	from the proceeds of the first sale of any revenue bonds issued for the acquisition of Central Valley Project properties. Acquisition				
15	is to be upon a self-liquidating basis.				
16	The 1953-54 Fiscal Year budget continues the program of surveys and studies initiated during the current fiscal year. The increase of				
17	\$65,234 in salaries and wages is represented by the anticipated full year employment of the legal, engineering, and clerical staff				
18	approved in November 1952.				
19	Funds were authorized by Item 263.8, Chapter 3, Statutes of 1952 for employment of legal counsel and expenses in connection with such				
20	employment. At present no expenditure is anticipated from this source.

## DEPARTMENT OF VETERANS AFFAIRS

## Veterans' Home of California

## GENERAL ANALYSIS

Due to the advance in age of veterans of World War I and the great number of World War II veterans in California, the demand for hospitalization and domiciliary care will continue an upward population trend. The future maximum membership planned for the Veterans' Home is a bed capacity of 3,250 to include 550 hospital and receiving beds, 700 chronic and convalescent beds, and 2,000 domiciliary beds. The 1953-54 Budget request will provide total capacity of 2,409 in 1955-56.

## SUMMARY OF POPULATION AND CAPACITY

TYPE OF CAPACITY	Actual June 30, 1952	Estimated June 30, 1953	Estimated June 30, 1954	Estimated June 30, 1955	Estimated June 30, 1956	Estimated June 30, 1957
Population	1,515	1,673	1,743	1,900	2,020	2,250
Bed Capacity:						
Domiciliary	1,274	1,428 <sup>a</sup>	1,428	1,428	1,428	1,428
Convalescent and chronic	204	292	292	496 <sup>a</sup>	496	700 <sup>b</sup>
Hospital and reception	365	365	365	365	485 <sup>a</sup>	485
Total Capacity	1,843	2,085	2,085	2,289	2,409	2,613

MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,  
AND EQUIPMENT

## Expenditures From Budget Act Appropriation:

120-Bed West Wing to Hospital to Complete Structure and Provide Needed Additional Capacity:			
Construction	-	-	\$719,000
Equipment	-	-	77,650
Replace Present Condemned Recreation Facilities, Including Bowling Alleys, Wood Shop, Printing Shop, Photography, Arts and Crafts, Games Room, and Library and Reading Room:			
Construction (ACF)	-	-	163,988
Construction (COSF)	-	-	513,012
Equipment	-	-	30,000
Replace and Relocate Commandant's Residence:			
Construction	-	-	38,000
Equipment	-	-	6,650
Grounds lighting system	-	-	102,000
Preliminary plans and specifications	-	\$26,860	-
Construct and equip convalescent and chronic barracks	-	1,054,650	-
Alterations to boilerhouse and installation of 500 H.P. boiler	-	186,800	-
Extension of main road	-	69,100	-
Remodel and re-equip clinical laboratory and eye, ear, nose and throat clinic	-	37,760	-
Central warehouse	-	94,950	-
Ground improvements to area around new buildings	-	47,800	-
Complete cemetery improvements	-	36,820	-
Construct and equip domiciliary barracks building (partial cost)	-	60,000	-
Construct sidewalks	-	5,700	-
Install street lighting	-	15,000	-
Construct and equip auditorium and related facilities	\$142,300	40,000	-
Equip women employees' quarters (partial cost)	5,716	284	-
Equip women veterans' building (GF)	12,839	2,161	-
Service lines, steam, sewer, and water (partial cost)	52,874	-	-
Alteration to hospital kitchen	108,000	-	-
Unexpended Balances Transferred From Architecture Revolving Fund:			
Ground lighting system	-30,000	-	-
Central warehouse (partial cost)	-54,100	-	-
Commandant's residence	-35,162	-	-

<sup>a</sup> Includes the following additional facilities currently budgeted:

    Convalescent and Chronic Barracks—204 beds available in 1954-55 (already financed).

    West Wing of Hospital—120 beds available in 1955-56 (proposed).

<sup>b</sup> Includes a convalescent and chronic barracks for which further financing will be required in subsequent budgets.

# **UNALLOCATED INCREASED STATE BUILDING PROGRAM AND MISCELLANEOUS REPAIRS AND IMPROVEMENTS**

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54
1	<b>PRELIMINARY PLANS, INCREASED COST OF CONSTRUCTION AND MISCELLANEOUS REPAIRS AND IMPROVEMENTS</b>			
2				
3				
4				
5				
6	<b>Analysis</b>			
7				
8	The amount proposed for increased costs of projects will be allocated to projects when the lowest bid on a project is in excess of the funds made available for the specific project. It is estimated that the balance will be allocated to meet the increased cost of those projects proposed to be undertaken during the Fiscal Year.			
9				
10	The amount proposed for miscellaneous repairs and improvements will be allocated for expenditure during the Fiscal Year.			
11				
12	The amount proposed for preliminary plans will be allocated to state agencies for the preparation of such schematic diagrams of contemplated new construction projects as will enable scope determination of the project and more accurate cost estimates prior to proposed appropriations for working drawings and construction.			
13				
14				
15				
16	<b>Capital Outlay and Savings Fund</b>

# Part III. Local Assistance Section

---

## SUBVENTIONS

### FOR EDUCATION:

- Appropriations for Public Schools
- Vocational Education—Reimbursements to School Districts
- Child Care Centers
- Housing and Equipment for Education of Cerebral Palsied Children
- School Building Construction
- Debt Service on Public School Building Bonds
- Contribution to Teachers' Retirement System
- School Lunch Program
- Free Textbooks

### FOR PUBLIC HEALTH:

- Aid to Local Health Departments
- Assistance to Counties for Tuberculosis Sanatoria
- Assistance to Counties for Care of Crippled Children
- Assistance to Counties for Care of Children Suffering From Rheumatic Fever and Rheumatic Heart Disease
- Assistance to School Districts for the Treatment of Cerebral Palsied Children
- Assistance to Local Agencies for Mosquito and Gnat Control
- Assistance to Local Agencies for Hospital Construction

### FOR PUBLIC WORKS:

- County Roads and Highways
- Flood Control
- Sacramento Deep Water Channel
- Postwar Public Works Projects
- Veterans Housing
- Storm and Flood Damage Repairs
- Earthquake Damage Repairs

### FOR SOCIAL WELFARE:

- Old Age Security
- Aid to the Needy Blind
- Aid to Partially Self-Supporting Blind
- Aid for Institutional Care of Needy Aged and Blind
- Aid to Needy Children
- County Administration of Assistance Programs
- Local Inspection of Homes and Agencies Caring for Aged and Children
- Reimbursements to Counties for Administration and Care of Adoptions
- County Administration of Child Welfare Services
- Transportation of Needy Children

### FOR OTHER PURPOSES:

- Salaries and Superior Court Judges
- Contributions to Judges' Retirement Fund
- County Veterans Service Officers
- County Agricultural Commissioners
- Workmen's Compensation for Disaster Service Workers
- Aid for County Juvenile Homes and Camps
- Aid to County Agricultural and Citrus Fairs

### **SHARED REVENUES**

#### **FOR GENERAL GOVERNMENT:**

- Apportionment of Liquor License Fees
- Apportionment of Motor Vehicle License Fees (in lieu tax)

#### **FOR COUNTY ROADS:**

- Apportionment of Motor Vehicle Fuel Taxes
- Apportionment of Motor Vehicle Registration and Weight Fees

#### **FOR COUNTY AIRPORTS:**

- Apportionment of Motor Vehicle Fuel Taxes

#### **FOR CITY STREETS:**

- Apportionment of Motor Vehicle Fuel Taxes

71				
72	<b>GENERAL ANALYSIS</b>			
73				
74	Article IX, Section 6 of the Constitution, as amended November 4, 1952, fixes a payment of \$180 per pupil in average daily attendance during the preceding school year for public school support. This compares with \$120 per average daily attendance required by the former Article IX, Section 6 of the Constitution. Although the guarantee under the former provisions of the Constitution was \$1 per average daily attendance, appropriations for special purposes raised the allocation to approximately \$147. The change to \$180 per average daily attendance increases the appropriation by \$33 per average daily attendance or approximately \$67 million, based on the anticipated average daily attendance of 2,040,000 in 1952-53 on which the appropriation for 1953-54 is estimated.			
75	As most of the statutes requiring appropriations for special purposes expire July 1, 1953, no attempt has been made to distribute the \$1 per average daily attendance by program. Rather it is shown as a lump sum to be distributed in accordance with legislative action.			
76	The average daily attendance of 2,040,000 anticipated for 1952-53 is an increase of 135,074 or 7.1 percent over 1951-52.			
77				
78	a The statutes establishing these allowances do not expire June 30, 1953. It is recommended that the apportionments for this purpose be made available out of the appropriation of \$180 per average daily attendance.

71	Plus adjustment for prior year apportionment withheld -----	—	211,790 <sup>c</sup>	—
72	Plus adjustment for prior year supplemental growth apportionment -----	—	86,408 <sup>d</sup>	—
73				
74	<b>NET TOTAL APPORTIONMENTS</b> -----	\$239,969,138	\$279,747,228	\$367,182,801
75	General Fund -----	236,353,463	276,247,228	363,682,801
76	State School Fund -----	3,615,675	3,500,000	3,500,000

<sup>a</sup> A mistake in computing the tax rate in one district required an emergency appropriation from the General Fund of \$68,787. This money is to be repaid in four installments by withholding the amount from yearly apportionments.

<sup>b</sup> Excess apportionments were made amounting to \$611,860 in 1950-51 and \$184,417 in 1951-52, and like amounts are withheld from apportionments in 1951-52 and 1952-53 by authority of Section 7190 of the Education Code.

<sup>c</sup> \$211,790 was withheld from payment in 1950-51 due to a court action. The court case has now been decided and payment is to be made during 1952-53.

<sup>d</sup> A supplemental apportionment for growth was made August 6, 1952, for the 1951-52 Fiscal Year. Actual payment is to be made during 1952-53.

## GENERAL ANALYSIS

In accepting federal acts for vocational education, the State has provided continuing appropriations to match in part federal grants-in-aid contained in these acts. After deduction of state operating costs, the remaining balances of state and federal funds for supervisor and teacher training costs are distributed to public secondary school districts maintaining approved courses in vocational instruction in agriculture, homemaking, and industrial occupations.

63				
64				
65	<b>GENERAL ANALYSIS</b>			
66				
67	The State Allocation Board, under the provisions of this program, apportions money to local school districts which are impoverished			
68	to the extent that their tax was within one-half cent of the legal maximum, and their bonded debt exceeded 95 percent of the			
69	amount permitted by law.			
70	A total of \$55,000,000 for construction of school buildings was provided for applications made prior to December 31, 1953.			
71	The unused balance of allocations that are being returned from the school districts now exceeds the allocations being made for costs			
72	that have exceeded estimates. It is anticipated that savings will result in an unused balance of \$1,000,000.			
73				
74	<sup>a</sup> Cost of administration of child care centers for 1952-53 and 1953-54 is financed by separate Budget Act appropriation under State			
75	Operations.

57	<b>GENERAL ANALYSIS</b>			
58				
59	Chapter 922, Statutes of 1949, authorized a \$250,000,000 bond issue to provide funds to be allocated to school districts for construction of			
60	public school facilities, with the provision that the allocations would be repaid to the State contingent upon the financial ability of the			
61	school district determined by the relationship of the bonded indebtedness to the assessed valuation of the district.			
62	Chapter 28, Statutes of 1952, authorizes a \$185,000,000 bond issue for the same purpose and with provisions similar to the previous			
63	issue. However, only \$165,000,000 of this issue will be sold as \$20,000,000 is reserved to be sold only if the General Fund surplus			
64	as of June 30, 1953, is less than \$5,000,000. Receipts from sale of any part of the \$20,000,000 is only available for transfer to			
65	the General Fund to assure a surplus of \$5,000,000. It is estimated that no part of the amount reserved will be sold as the General			
66	Fund surplus as of June 30, 1953, is estimated to be in excess of \$5,000,000.			
67	Interest and redemption charges on the school bonds are initially paid from the General Fund. Any moneys in the bond funds which were			
68	derived from premium and accrued interest on bonds sold, interest earned on investment of funds not yet allocated, and from repay-			
69	ments from school districts, are available for transfer to the General Fund. These transfers are accounted as offsets against the Gen-			
70	eral Fund debt service charges.			
71	The School Bond Retirement Fund was established by the transfer of \$50,000,000 from the General Fund. This fund is to be used as a			
72	reserve for payment of part of the annual retirement charges on school building bonds.			
73				
74	<sup>a</sup> Bond fund. Neither receipts nor expenditures are included in the over-all budget totals.

## School Lunch Program

## RECONCILIATION WITH APPROPRIATIONS

Federal Aid Funds <sup>c</sup>

51	Federal Grants:			
52	For school lunches -----	\$2,994,430	\$3,000,000	\$3,000,000

## GENERAL ANALYSIS

Under the Federal School Lunch Act, federal funds are distributed to school districts offering approved lunches to children, on a partially reimbursing basis. It is anticipated that 3,000 participating public and private schools will receive allotments in 1953-54.

<sup>a</sup> The State's annual contribution to the Teachers' Permanent Fund is an amount determined actuarially, equal to as much of the benefits to be paid therefrom during the year as is not provided by the contributions for service after July 1, 1944, of members receiving such benefits plus the contributions of employing agencies during the year.

<sup>b</sup> The State's annual contribution to the Retirement Annuity Fund is an amount, determined actuarially, equal to:

(1) The benefits to be paid during the year on account of service prior to July 1, 1944 plus

(2) As much of the benefits to be paid during the year on account of service after July 1, 1944, as is not provided by the contributions of members receiving such benefits.

<sup>c</sup> Grants from the Federal Government and expenditures therefrom are not included in the over-all budget totals.

## GENERAL ANALYSIS

These federal and state funds are allocated to qualified health departments to provide effective public health services. State funds are allocated to county health departments in accordance with Sections 1100-1156 of the Health and Safety Code, which provide that such health departments must comply with the minimum standards established by the State Board of Public Health.

The General Fund provision is based on a formula of 60 cents per capita or \$16,000, whichever is less, as the basic amount, plus a per capita amount of 20.735401 cents. The 1953-54 amount of \$3,201,522 is calculated on the basis of a July 1, 1953 population estimate of 11,870,000 with the expectation that it will be distributed on that basis. The federal amount is distributed on the same basis as the state funds with the exception of small amounts allocated to special projects. During the 1952-53 Fiscal Year \$15,575 is budgeted to continue the research project at Fresno, into diarrheal diseases.

<sup>a</sup> Does not include provision for 74 therapists included in support budget, Bureau of Crippled Children Services.

<sup>b</sup> Includes the items for Assistance to Counties for Care of Crippled Children, Assistance for Care of Children with Rheumatic Fever and Rheumatic Heart Disease, and the item formerly shown in the support budget for Cerebral Palsy Care and Appliances.

<sup>c</sup> Included in item Assistance to Counties for Care of Crippled Children.

<sup>d</sup> Neither receipts nor expenditures of federal grants-in-aid are included in the over-all budget totals.

40	<b>GENERAL ANALYSIS</b>			
41				
42	These expenditures provide state grants-in-aid to counties, cities, and counties for the treatment and care of persons suffering			
43	from tuberculosis. The funds are allocated in accordance with Division 4 of the Health and Safety Code which provides for a gradu-			
44	ated subsidy rate.			
45	State subsidy of \$2.60 per patient day for the first 36,500 patient			
46	days of care, \$2.30 per patient day for the second 36,500 patient			
47	days, and \$1.75 for all additional days per county, city, or city			
48	and county providing care to persons suffering from tuberculosis

63				
64				
65	<b>GENERAL ANALYSIS</b>			
66				
67	This budget provides funds for a state program for handicapped children, as authorized by Sections 249-271 of the Health and Safety Code.			
68	The code provides that whenever the parent or guardian of the child is unable to finance necessary care, a designated agency of			
69	the county shall authorize the State to furnish such services. Further, it makes mandatory that each county appropriate not less			
70	than one-tenth mill on each dollar of assessed property valuation for the purpose of financing the program.			
71	This item represents a consolidation of three items in previous budgets: Assistance to Counties for Care of Crippled Children; Assist-			
72	ance to Counties for Care of Children Suffering From Rheumatic Fever and Rheumatic Heart Disease; and an item from the sup-			
73	port budget for the care of children suffering from cerebral palsy. During the past years through 1951-52, distribution of funds for			
74	the first two items have been governed by separate distribution formulas, established by administrative regulation. These formulas			
75	were as follows:			
76	A. Basic Care of Crippled Children			
77	1. The local 1/10 mill appropriation must be entirely expended first.			
78	2. State funds will then be available to augment the local appropriation (Item 1 above) in an amount equal to 1/20 mill.			
79	3. When the local appropriation, plus the sum provided by the state augmentation in Item 2 above has been expended, each			
80	county will be allocated \$20,000 "Emergency Fund" which will act as a "cushion" primarily for smaller counties whose			
81	combined 1/10 mill and state augmentation is insufficient to provide care for the children eligible.			
82	4. Any additional appropriation over the 1/10 mill made by the counties will be matched dollar for dollar, to a maximum of			
83	\$20,000 of additional state funds per county.			
84				
85	e Includes the items for Assistance to Counties for Care of Crippled Children, Assistance for Care of Children with Rheumatic Fever			
86	and Rheumatic Heart Disease and the item formerly shown in the support budget for Cerebral Palsy Care and Appliances.			

## SUBVENTIONS FOR PUBLIC HEALTH—Continued

LINE	SUBVENTION EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	ESTIMATED 1953-54
1	<b>Assistance to Counties for Care of Crippled Children—Continued</b>			
2	<b>GENERAL ANALYSIS—Continued</b>			
3	<b>B. Care of Children Suffering From Rheumatic Fever and Rheumatic Heart Disease</b>			
4	1. State funds are available for each county in an amount equal to 1/30 mill.			
5	2. When this sum has been expended each county will be allocated \$10,000 (emergency fund) which will act as a cushion primarily for smaller counties whose funds are insufficient to take care of children eligible.			
6	3. Additional appropriation made by the counties is matched dollar for dollar to a maximum of \$20,000 additional state funds per county.			
7	The primary purpose of these formulas was to provide a maximum limit to the program. Neither of these formulas distributed funds relative to need.			
8	To provide a transition from the above formula (1951-52 and prior) and to prevent a repetition of the request for deficiencies which resulted from one or both of these formulas during past years, a lump sum appropriation of \$3,000,000 was budgeted within which amount the total state program for 1952-53 is being conducted. Ninety-two percent of the appropriation has been allocated to the individual counties by an administrative appraisal of need. The remainder of 8 percent will be distributed to cover emergency situations. State funds are being made available to counties only after the county has expended the one-tenth mill required by law, or an amount equal to its 1951-52 expenditures, whichever is greater. All counties have been notified that allocations during this year should not be considered to establish a precedent.			
9	A like amount of \$3,000,000 is budgeted with the same restrictions as on the 1952-53 appropriation because of the lack of a formula at this time. It is hoped that there will be an expression of legislative policy with respect to whether there should be a formula and if so, the direction it should take.			
10	The estimated cost of the total crippled children's program is shown in the following table:

13				
14				
15	<b>GENERAL ANALYSIS</b>			
16				
17	This budget provides funds which will permit the department to enter into contracts with local school districts for the employment of			
18	therapists for classes for cerebral palsied children. The 1952-53 appropriation included \$86,832, the same amount as provided in			
19	1951-52, for the employment of 27 therapists by local districts and an amount of \$302,694 for the expenses and employment of 74			
20	therapists by the Department of Public Health. The 74 positions were formerly shown in the support budget for the Bureau of Crip-			
21	pled Children's Services. The 1953-54 Budget provides funds for financing 101 therapists in total of which about 32 will be employed			
22	by local districts and 69 will be employed by the Department of Public Health. It is intended that all such personnel will be trans-			
23	ferred to local agency pay rolls as soon as feasible.			
24	Assistance to school districts and costs to the State for the employ-			
25	ment of therapists.....	\$38,373 g	\$375,000	\$439,653
26

32				
33	<b>General Fund</b>			
34				
35	Budget Act appropriation.....	\$400,000	\$400,000	\$400,000
36	Unexpended balance, estimated savings.....	—1,669	—	—
37				
38	<b>TOTAL EXPENDITURES, GENERAL FUND.....</b>	<b>\$398,331</b>	<b>\$400,000</b>	<b>\$400,000</b>
39				
40	<b>GENERAL ANALYSIS</b>			
41				
42	Section 2426 of the Health and Safety Code authorizes the Department of Public Health to enter in cooperative agreements with local			
43	districts or public agencies engaged in controlling of mosquitoes and gnats. The costs of this program are distributed between the			
44	support and subvention budgets.			
45	State operations.....	\$255,375	\$269,132	\$275,954
46	Subventions.....	398,331	400,000	400,000
47				
48	Totals, State Funds.....	\$653,706	\$669,132	\$675,954
49	Local funds budgeted.....	1,558,400	1,558,400	1,750,000
50				
51	Estimated Total Program.....	\$2,212,106	\$2,227,532	\$2,425,954
52				
53	Approximately 62 percent of the subvention funds are distributed by formula and the balance is allocated for technical and administra-			
54	tive services, and special allocations as shown in the following table:			
55	Distributed by formula.....	\$245,850	\$250,000	h
56	Technical and administrative.....	100,050	96,500	h
57	Special allocations.....	52,431	53,500	h
58				
59	Total.....	\$398,331	\$400,000	\$400,000
60				
61	Of the special allocations, \$25,000 was allocated for special studies in 1951-52, and \$25,000 in 1952-53. These funds were allocated to the			
62	following Mosquito Abatement Districts for these studies:			
63	Kern.....	\$6,100	—	—
64	Sutter-Yuba.....	8,900	\$12,060	—
65	Turlock.....	—	—	—
66	Fresno.....	10,000	12,140	—
67	San Joaquin.....	—	800	—
68				
69	Totals.....	\$25,000	\$25,000	—
70				
71	During 1952-53 an additional amount of \$250,000 was allocated from the Emergency Fund and savings to combat an encephalitis epi-			
72	demic in the Central Valley area. This allocation was made through the support budget and is not included in the totals shown here.			
73	Assistance to local agencies, not in excess of 50 percent of the cost in			
74	the work of controlling mosquitoes.....	\$398,331	\$400,000	\$400,000

g Does not include provision for 74 therapists included in support budget, Bureau of Crippled Children's Services.

h Not determined.

28	Federal Funds .....	3,719,192	2,720,235	3,329,131
29				
30	<b>GENERAL ANALYSIS</b>			
31				
32	This program is authorized by the California Hospital Survey and Construction Act (Section 430-435.7 of the Health and Safety Code)			
33	which provides for state participation in the federal hospital construction program. Because of the shortage in hospital facilities,			
34	state funds are budgeted for 1953-54 to fulfill the matching requirements of the estimated federal contribution. The amount proposed			
35	is limited to the estimated matching requirements for construction of publicly owned hospitals and health center facilities.			
36	Assistance to local agencies in the construction of publicly owned			
37	hospital and health center facilities, to be expended under the			
38	provisions of the California Hospital Survey and Construction			
39	Act—not more than one-third from state appropriations, not			
40	more than one-third from federal grants and the balance from			
41	local funds or other sources .....			
42	General Fund .....	\$6,260,754	\$4,344,489	\$4,869,131
43	Federal Funds .....	2,541,562	1,624,254	1,540,000
44		3,719,192	2,720,235	3,329,131

<sup>i</sup> In 1952-53, allocations from the General Fund amounted to approximately \$532,000 in excess of available appropriations for which formal contracts will not be executed until 1953-54. A similar procedure is proposed for 1953-54 and it is estimated that General Fund allocations necessary to match available Federal funds will amount to \$650,000 more than the proposed appropriation, to be formalized by contracts in 1954-55.

7	<b>Old Age Security (Assistance)—Continued</b>			
8				
9	<b>GENERAL ANALYSIS</b>			
10	This is a public assistance program financed by county, state, and federal governments. Assistance is provided to persons who do not			
11	have resources in sufficient amount to meet their needs and meet certain other requirements such as age, citizenship, residence			
12	property, etc. The Social Security Act amendments of 1952 (H. R. 7800) increased the benefits under the Old Age and Survivors			
13	Insurance System and increased the federal participation in categorical aid payments. This increase of benefits results in a decrease			
14	in the average monthly sharing by the State, but a net increase of the average monthly payment to the recipients as the federal			
15	increase in the categorical aids was passed on by state legislative action.			
16	<i>Number of Cases</i>			
17	At end of year -----	272,309	275,900	280,900

9	Continuing appropriation to counties for aid to partially self-support-			
10	ing blind persons, prescribed by Section 3420, Welfare and			
11	Institutions Code -----	\$453,197	\$456,700	\$463,700
12				
13				
14	<b>GENERAL ANALYSIS</b>			
15				
16	This is a public assistance program in the form of financial help paid by the county and state governments to persons who, because of			
17	loss or impairment of sight, are unable to fully provide themselves with the necessities of life but are working on a plan for self			
18	support. This program is administered by county welfare departments and supervised by the State Department of Social Welfare.			
19	The Federal Government does not participate in this program. Decrease in number of cases from 1951-52 to 1952-53 was due to liberal-			
20	ization of the federal program for aid to needy blind by the allowance of up to \$50 per month income by recipients and the consequent			
21	transferring of some partially self-supporting blind cases to the needy blind program. The grant of aid to partially self-supporting			
22	blind persons was increased by state legislative action to match the amount of the increased grant of aid to needy blind persons. This			
23	results in an increase of the average monthly payment to the recipients during 1952-53 and 1953-54.			
24				
25	<i>Number of Cases</i>			
26	At end of year -----	521	520	520

18				
19				
20	<b>GENERAL ANALYSIS</b>			
21				
22	This is a public assistance program financed by county, state, and federal governments. The primary purpose of the program is to provide family security and financial assistance for needy children, including unborn children, who are deprived of parental support or care. The program is designed to keep children in a setting of their own family and to enable parents to continue responsibility for the family living plan. If it is not possible for a child to live with his own family, the program aims to provide the best substitute care in the home of a relative, in a foster home, or in a children's institution. The program is administered by county welfare departments and supervised by the State Department of Social Welfare. Public Law 734 (II. R. 6000) increased the federal share due to the participation in assistance for caretakers, and the Social Security Act amendments of 1952 (II. R. 7800) increased the federal participation in categorical aid payments. This results in a decrease in the average monthly sharing by the State, although the net average monthly payment is larger due to increases in cost of living.

58				
59				
60	<b>GENERAL ANALYSIS</b>			
61				
62	The 1947 Session of the Legislature passed various adoption laws which gave the State Department of Social Welfare power to license			
63	county adoption agencies to accept relinquishments and perform the home-finding and placement functions previously carried entirely			
64	by the private adoption agencies, and to investigate and report on petitions filed independently, previously the sole responsibility of			
65	the department. Licensed county agencies are reimbursed by the State for all the administrative costs of the adoption program, and			
66	up to \$200 on the average per child for the costs of caring for the child following relinquishment and prior to placement not col-			
67	lected from the adopting parents. Counties may collect from the adopting parents a fee equal to the cost to the county for the care			
68	of the child from the time of relinquishment until placement for adoption, but not to exceed \$200.			
69	It is estimated that, during the 1953-54 Fiscal Year, licensed counties will handle approximately 4,903 adoption cases (children) which			
70	will be subject to reimbursement. Of these children 2,652 will be independent cases involving county administrative expense only			
71	and the remaining 2,251 will be relinquishment cases involving county administrative expense; approximately 1,013 placements will			
72	involve cost of care. These estimates are based on the assumption that additional counties will be licensed as public adoption agencies.			
73	In the event that counties are not licensed as anticipated, provision has been made in the Budget Bill for transferring to the Department			
74	of Social Welfare support appropriation the amount necessary for the State to investigate and report on independent adoptions.			
75				
76	Reimbursements for administration-----	\$678,363	\$982,852	\$1,343,775
77	Reimbursements for cost of care of children-----	30,563	81,470	91,170

## Salaries of Superior Court Judges

Under the provisions of Section 79 of the Code of Civil Procedure, the State contributes \$7,500 per year towards the salary of each judge of the superior courts. During the 1951-52 Fiscal Year, the State's contribution was increased from \$5,750 to \$7,500. The amount budgeted is to provide this amount for each of the 207 judges authorized by existing law.

5				
6	In accordance with the provisions of Sections 970-973 of the Military and Veterans Code, the State reimburses the counties for part of			
7	the cost of county services maintained for assistance to veterans and the dependents of deceased veterans. The amount paid each			
8	county, conditioned upon the observance of certain standards and regulations, is determined by the Veterans' Welfare Board			
9	except that the payment toward the salary of the county service officer shall not exceed \$75 per month. Payments are also made			
10	for partial cost of assistants' salaries and operating expenses.			
11	Expenditures are approximately 45 percent state and 55 percent county. All counties except Alameda, Alpine, Los Angeles, San			
12	Francisco, and Sutter have established county service officers.			
13	No increase over the current year is contemplated since the California Veterans' Board has determined that maximum annual payment			
14	shall not exceed \$350,000.

18	<b>GENERAL ANALYSIS</b>			
19				
20	Under the provisions of Sections 950 through 960 of the Welfare Institutions Code, the board of supervisors of any county may establish juvenile homes, ranches or camps. Wards are committed by the juvenile courts to these facilities in lieu of commitment to the Youth Authority.			
21	Certain standards prescribed by the Youth Authority must be met by the counties before they are entitled to receive any state funds.			
22	Reimbursement to counties are made for one-half of operating costs, but not in excess of \$80 per month per child. There is no limit as to the number of camps for which any one county may be reimbursed.			
23	The 1953-54 amount provides for the full year operation of the new Santa Clara County camp to be established in February, 1953.

## CLASSIFICATION OF TREASURY FUNDS NOT INCLUDED IN BUDGET TOTALS

Funds in the State Treasury not included in the budget totals are those which do not contribute nor reflect expenditures of state moneys.

Such funds are grouped as follows:

1. **UTILITY FUNDS** operate under state control for the benefit of the public and derive their resources from charges to those who use the service, and are not supported from taxes or other state revenues. They are not functions subject to the regulatory or police powers of the State.

2. **WORKING REVOLVING FUNDS** are created to finance services for governmental agencies for which charges are made at cost to maintain a fixed accountability. The charges are reflected as expenditures in the budget of the agency receiving the commodity or service.

3. **INTEREST AND SINKING FUNDS** are created to accumulate moneys from transfers or investments, to be used for payment of interest and redemption of bonds. The cost of these payments is accounted as a debt service expenditure of the state fund from which such moneys are transferred.

4. **BOND FUNDS** hold proceeds from sale of bonds and finance projects for which the bonds were authorized. The cost to the State is accounted as a debt service expenditure at the time the bonds are redeemed, or interest payments are made.

5. **ASSESSMENT FUNDS** are created to finance projects for which charges are assessed against the property or individuals who are benefited by the project.

6. **TRUST, FEDERAL, AND OTHER FUNDS** include those funds holding monies in trust, those paying disbursement to trustees, moneys received from the Federal Government to be expended for specific purposes, and other funds which derive income or their resources from taxes or other state revenues, or are in the nature of trust funds created for the convenience of accounting receipts or disbursements which have not necessarily revenues or expenditures.

## Department of Education

## STATE COLLEGE HOUSING FACILITIES

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53
1	During the fall of 1946 the Federal Public Housing Administration provided temporary housing facilities for veteran students at Chico, Fresno, Humboldt, San Diego, San Francisco, and San Jose State Colleges. These facilities were operated by the various colleges by agreement with the FPHA from 1946 until October 31, 1948, at which time title to all facilities was transferred to the State by Public Law 796 of the 80th Congress, and their operations were financed through the General Fund support appropriation of the individual colleges as an interim measure.				
2	On August 1, 1949, Chapter 1485, Statutes of 1949, established the College Auxiliary Enterprise Fund, to which was transferred the excess of income over expenditures for prior operations. All rents, charges, and fees are paid into this fund, and are appropriated therefrom to the Department of Education for maintenance, repairs, and operation of student housing facilities. Funds may also be expended for construction. The facilities provide housing for veterans or other students at established rates. The units available at each college are listed below:				
3	Chico State College-----	57 family dwelling units			
4	Fresno State College-----	66 dormitory units (140 individuals)			
5	Humboldt State College-----	52 family dwelling units			
6	San Francisco State College-----	47 dormitory units (73 individuals)			
7	San Jose State College-----	30 family dwelling units			
8		73 dormitory units (143 individuals)			
9		84 family dwelling units			
10		14 dormitory units (29 individuals)			
11		148 family dwelling units			
12	Total -----	371 family dwelling units			
13		200 dormitory units

## Department of Industrial Relations

## COMPENSATION INSURANCE FUND

The California State Compensation Insurance Fund is a self-supporting enterprise created to offer employers insurance protection at the lowest possible cost. This fund operates in competition with other insurance carriers, acting as a yardstick for the securing of fair premium rates for employers and fair treatment for injured employees.

The fund is required by law to use the same rates and classifications established by the State Insurance Commissioner for insurers generally, and provides that the rates shall be only those sufficient to carry out the specific purposes stated in law.

## BOARD OF STATE HARBOR COMMISSIONERS, SAN FRANCISCO—Continued

LINE	EXPENDITURES	ACTUAL 1951-52	ESTIMATED 1952-53	PROPOSED 1953-54	CHANGE FROM 1952-53		
1	<b>GENERAL ANALYSIS</b>						
2							
3							
4	Number of positions-----	485.7	493.8	493.8			
5							
6	The 1953-54 Budget provides for continuation of the current year increases of one public relations director for an expanded program						
7	for promotion of the use of harbor facilities; two harbor policemen for port operation; one freight solicitor for the Foreign						
8	Trade Zone; one port traffic representative; two steel rolling door repairmen for port maintenance; and four section men for the						
9	Belt Railroad.						
10	Other costs are based upon the anticipated volume of business and necessary maintenance, except for the inclusion of funds to reim-						
11	burse the City and County of San Francisco for operating losses incurred in providing passenger service to the new Mission Rock						
12	Terminal, Sections 3160 and 3162, Harbors and Navigation Code, authorizes such service and requires the board to determine charges						
13	therefor at a level not to exceed that which together with other revenues of the port are sufficient for the maintenance of the						
14	commerce of the port, including the maintenance of the passenger service.						
15

## Department of Veterans Affairs

## DIVISION OF FARM AND HOME PURCHASES

The California Veterans Farm and Home Purchase Plan, originally created by the Legislature in 1921, permits the State Department of Veterans Affairs to assist a qualified California veteran of any war to acquire suitable farm or home property. Funds for the purchase of property are obtained through state bond issues. The amount advanced by the State for purchase of a farm or home is repaid by the veteran, at a low rate of interest, through uniform monthly payments over a period of years. Title is acquired by the State at the time of purchase and is transferred to the veteran upon completion of his purchase contract.

## GENERAL ANALYSIS

The Veterans' Bond Act of 1951, making available a bond issue of \$150,000,000 was approved by the people at the General Election in November, 1952, thus permitting the continuance of a purchasing program for qualified veterans that has been financed since June 1952, by advances from the General Fund, as authorized by Chapter 9, Statutes of 1952. These advances with interest at 1.74% are to be repaid to the General Fund from the proceeds of the first bond sale, which will occur on or about February 15, 1953, and will involve the sale of approximately \$75,000,000 in bonds, of which an estimated \$45,000,000 will be used to repay General Fund advances, with \$30,000,000 being used to finance agency operations for the following six months. It is contemplated that subsequent bond sales will occur in August of 1953 and February of 1954 involving \$35,000,000 and \$40,000,000, respectively. The level of average monthly purchases by fiscal year has increased from 664 in 1949-50 to 671 in 1951-52 with a five month average of 765 in 1952-53; this being the level used for the 1953-54 Budget. The major portion of these monthly purchases arises from refinancing of veterans homes and farms formerly purchased under the GI Bill and Federal Housing Authority, with a minor portion consisting of original construction.

## Support

**SALARIES AND WAGES:** No additional positions are provided. Increased salary savings partially offset the cost of the authorized positions.

**OPERATING EXPENSES:** The increase results primarily from the estimated work load increase. Minor increases result from price increases; particularly in postage and rent of office space.

**EQUIPMENT:** The amount of \$31,060 is an increase of \$288 over 1952-53. It includes replacement equipment in the amount of \$18,563 or 6.3% of equipment investment and \$12,497 additional equipment.

Contributions to the State Employees' Retirement System reflects an extension of the agencies experience rate of the 1951-52 Fiscal Year.

## Other Current Expenses

Veteran bonds, authorized by the electorate, issued and sold have provided the funds that are used by the State to acquire properties for resale to the veterans who contract to purchase the property on a moderate amortization basis. The installment payments furnish the funds for debt service on the State's veteran bonds and expenses of operation. The program is self-liquidating without cost to the State.

## Department of Corrections

## CORRECTIONAL INDUSTRIES REVOLVING FUND

## PROGRAM

1 The Correctional Industries Revolving Fund constitutes a permanent working revolving fund in the sum of not less than \$730,000 to be  
2 used for operating expenses (including equipment) in the work programs in the several prisons and institutions.  
3 The Correctional Industries Commission is empowered to recommend and authorize productive industrial and agricultural enterprises  
4 involving a gross annual production of more than \$25,000 value but less than \$225,000 value. Work programs are under way in all  
5 institutions except the Medical Facility.  
6 Activities range from farm and ranch operations to large industrial operations such as the license plate factory at Folsom.  
7 Approximately 2,100 inmates will be employed during the 1953-54 Fiscal Year by the Correctional Industries and the majority of the  
8 inmates employed are paid, in accordance with their experience and skills, on a sliding scale up to 10 cents per hour for productive  
9 work as provided by Chapter 940, Statutes of 1949.  
10 Correctional Industries at Chino, produced all of the individual room furniture units for the new institution for women at Corona.  
11 Capacity of the cannery was increased considerably and as a result a much larger pack of vegetables and fruit was processed during  
12 the 1952 canning season.  
13 The new cannery building at Folsom was completed by July 1, 1952 and the current pack of peaches and tomatoes was processed in the  
14 new unit. The furniture refinishing building is currently being completed, and this enterprise should begin operations by January  
15 1, 1953. The general manufacturing enterprise is working on a project to fabricate and assemble 52,870 littercots for the Office  
16 of Civil Defense. Plans are being prepared for a permanent industrial building which will house the heavy metals industries such as  
17 the license plate factory and the metal fabrication enterprise. Production on the new series 1956 license plates will begin in the  
18 1953-54 Fiscal Year.  
19 Preliminary engineering work on the proposed cotton textile mill for San Quentin has been completed. However, additional work is  
20 necessary before further action on this project can be taken. Legislative action is also required in order to amend existing laws before  
21 the proposed enterprise can be finally approved for activation. The clothing factory has been moved to the new industrial building  
22 in order to provide sufficient space for the furniture refinishing project.  
23 At Soledad two new enterprises were activated during the latter part of the 1951-52 Fiscal Year. These were a clothing factory produc-  
24 ing men's undershorts; and the juvenile specialties products enterprises making a wide variety of kindergarten floor blocks, work  
25 benches, teeter boards, easels, chart holders, and other items used by schools in the lower grades. These industries are now operating  
26 successfully while located in temporary quarters. Permanent structures to house these enterprises are under construction and should  
27 be completed by January 1, 1954.  
28 Plans are being made to establish the ranch operations at the Deuel Vocational Institution when the new plant at the Tracy site is  
29 completed and occupied. Sufficient good land is available at the new location to permit successful agricultural operations to be  
30 carried on. New industrial buildings are also being constructed to house the existing mattress and tubular steel upholstered furni-  
31 ture enterprises; as well as to provide space for other industries that it is planned will be established for this institution.  
32 Operations of the sewing enterprise at the California Institution for Women temporarily ceased due to the severe earthquake that  
33 occurred on July 21, 1952. The equipment has now been moved and installed in the new and larger industrial building on the  
34 grounds of the new institution at Corona, California. It is planned to diversify the production of this enterprise by making various  
35 kinds of articles of clothing that may be used by inmates of the mental and other institutions. This is now possible since the  
36 production of men's shorts has been largely transferred to the institution at Soledad.  
37 During the year ending June 30, 1952, Correctional Industries operated 23 shops and factories plus 20 ranching enterprises distributed  
38 among six institutions, and employed between 1,350 and 1,700 inmates at various times throughout the year. This was from 13 to 14  
39 percent of the total prison population. The fluctuation was caused by those industries that have seasonal peaks and low periods of  
40 employment such as the canneries and most of the ranching functions. The average number of inmates employed for the year was 1,488  
41 or 12.3 percent of the total average population of 12,055. This includes the California Medical Facility where there are no industries  
42 at present; and the Deuel Vocational Institution where industries are limited because of the youthfulness of the inmates confined.  
43 These figures clearly indicate that there is still a pressing need for additional industries in the penal institutions.

## Detail of Expenditures for Supervision

## CENTRAL OFFICE ADMINISTRATION

## Analysis

SALARIES AND WAGES: The increase of \$13,036 is primarily the result of the following proposed new positions:

1 Production engineer I	\$6,060
1 Correctional industries representative	5,232
These positions are necessary to handle the increased work load in the entire correctional industries program. Considerable engineering work will be required, especially at Soledad and Deuel in the activation of new or expanded industries, additional work is anticipated in the sales division to handle sales for the existing and new industries and to more thoroughly cover the available marketing possibilities.

a Extended to full time, effective October 1, 1952, to improve cost accounting records on expanding sewing industry.

# STATE EDUCATIONAL AGENCY FOR SURPLUS PROPERTY

Surplus property of all federal agencies as well as surplus foods is made available to schools through the Surplus Educational Property Revolving Fund. All expenses of procuring, handling and distributing such property are paid from this fund and recovered by nominal service charges to school districts based on a percentage of the fair value of the property distributed. Any excess service and handling charges are refunded to the participating school districts after the close of each fiscal year. Reserves are maintained in the fund sufficient to meet any unliquidated obligations, including the \$100,000 working capital advance from the General Fund.

## GENERAL ANALYSIS

Number of positions .. 76.4 74.5 74.5 —

The State Educational Agency for Surplus Property will continue operations in the budget year at the same level of activities as for 1952-53. It is anticipated that any decrease in surplus hardware received will be offset by increased surplus foods.

## Department of Education

## WORKSHOPS FOR THE BLIND MANUFACTURING FUND PROGRAM

The California Industries for the Blind operates three production centers, at Oakland, Los Angeles, and San Diego. The Workshops for the Blind Manufacturing Fund is the revolving fund utilized by the California Industries for the Blind in its program of employment of blind and physically handicapped workers. The fund was created by Chapter 943, Statutes of 1949, by consolidating the assets and liabilities of the then existing Home for the Adult Blind Manufacturing Fund, the Los Angeles Industrial Workshop Manufacturing Fund, and the San Diego Industrial Workshop Manufacturing Fund. This fund constitutes a permanent revolving fund used to meet the expenses necessary to purchase the materials and production equipment, payment of wages and salaries and other expenses incident to the program of the California Industries for the Blind, in the State Department of Education. Monies received from the sale of products manufactured in the production centers, are paid into the State Treasury for credit to the fund.

Activities in the production centers are many and varied and include such items as the manufacture of brooms, mops, pillowcases, surgical drapes and wrappers, aprons, rugs, brushes, rubber mats, leather goods, and the fabrication and assembly of many products on a sub-contract basis.

This program provides some training and work experience for persons who are placed in gainful employment outside the production centers, and there is coordination with the Bureau of Vocational Rehabilitation of the Department of Education for this purpose. The production center program is not considered, however, as one of the sequential steps for the placement of blind persons in private industry. Approximately 450 blind and handicapped individuals will be employed during the 1953-54 Fiscal Year by the production centers for the blind. The 1949 Legislature appointed a Joint Interim Committee on the State Program for the Adult Blind. That committee filed its report and recommendations on March 12, 1951, part of which recommendations were embodied in Chapter 1144, Statutes of 1951. The Department of Education, as well as other State departments, worked in cooperation with this committee in developing a long-range, well-rounded program to insure additional employment opportunities for the blind and handicapped residents of the State of California. The department is taking steps to effect better administrative control of these centers in accordance with the recommendations of the committee and is planning a research and development program which will increase the opportunities for diversification of employment and improve existing methods and procedures.

The proposed budget for 1953-54 reflects the positions felt necessary to approach the pattern desired to effectively coordinate and centralize to an economical degree the production, management, and control of the California Industries for the Blind. The justification for the request evolves from the necessity to change manufacturing emphasis from being dependent upon government orders to development of types of products readily saleable on the commercial market without hindering development of private enterprise.

4	Assembly department .....	2	7
5	<b>Totals, San Diego Center</b> .....	43	45
6	<b>TOTALS, ALL WORKERS</b> .....	377	393

## Department of Finance

## PRINTING DIVISION

The Printing Division operates the State Printing Plant. The division does all of the printing for the various state agencies. Two of the larger activities are the printing required by the Legislature and the publication of textbooks for free distribution to the schools. The division is supported by charges made for printing services.

Office at Sacramento

## Department of Finance

## PURCHASING REVOLVING FUND OPERATIONS

Budget provides for the overhead of Central Stores in Sacramento, San Francisco, and Los Angeles as well as the overhead of the state garages in Sacramento, San Francisco, and Los Angeles and the centralized radio maintenance program. These operations are financed by sales of materials and services to other agencies.

## GENERAL ANALYSIS

Number of positions ..... 80.5 100.5 102.5 2

The operations of Central Stores and radio maintenance are budgeted to continue at approximately the same level as in 1952-53. Expenditures for the State Garages show an increase due to the establishment of a preventive maintenance shop in San Francisco and the anticipated increase in motor vehicle pool activities.

## CENTRAL STORES

## Analysis

The total increase of \$392 in this budget represents minor price adjustments. Work load for 1953-54 Fiscal Year is projected at the 1952-53 Fiscal Year level.

14	<b>Accumulated surplus, June 30</b> .....	<b>\$747,806</b>	<b>\$747,806</b>	<b>\$747,806</b>	

a No money has yet been withdrawn from allocated funds. Therefore this amount together with the \$43,194 previously allocated, totaling the \$1,000,000 authorized, have not yet been transferred from the Postwar Unemployment and Construction Fund.

b Allocations from this fund are made to local governments upon approval of the State Water Pollution Control Board and the Director of Finance. No requests for allocations are known to be pending other than those shown.

## SOIL CONSERVATION EQUIPMENT REVOLVING FUND

The Soil Conservation Equipment Revolving Fund created by Chapter 1032, Statutes 1949, as amended by Chapter 1646, Statutes 1955 provides for the acquisition of soil conservation machinery, equipment, and buildings and rental thereof to soil conservation districts. The fund consists of \$1,000,000 appropriated thereto and all money received through rentals as amortization of loan made and as reimbursements for administrative expense. The fund is administered by the State Soil Conservation Commission

<sup>a</sup> In accordance with the provisions of Sections 400 to 404 of the Business and Professions Code, the Business and Professions Building was constructed and is being operated by the Department of Professional and Vocational Standards as a self-sustaining enterprise. Out of the rentals received from state agencies occupying space in the building and fees paid by users of its parking facilities, are defrayed the cost of operating and maintaining the building. The remaining receipts are apportioned back to the agencies contributing to the cost of the building in proportion to their respective investments. Since the major receipts of this fund have been included as expenditures for rent in the budgets of the respective agencies occupying the building, its transactions are not carried into the budget totals.

## Department of Public Works

## DIVISION OF ARCHITECTURE REVOLVING FUND

1 Authorized by Section 14030 of the Government Code, the Division of Architecture Revolving Fund provides the Division of  
 2 Architecture with a working revolving fund from which to pay the cost of architectural services and construction for state  
 3 agencies. The resources of such fund consist entirely of transfers, subject to the approval of the Director of Finance, from  
 4 appropriations for construction and improvements made to the several agencies. Expenditures are reported in the budgets  
 5 of the agencies to which the appropriations were made. Any unexpended balance remaining after completion of a project is  
 6 returned to the appropriation and fund of origin.

## EXPLANATION OF ESTIMATED ACTIVITIES

11 The activities of the Division of Architecture are expected to continue at the present maximum effort level to fulfill the State's most  
 12 urgent construction requirements as rapidly as possible.

### ANALYSIS OF CASH FLOW THROUGH THE DIVISION OF ARCHITECTURE REVOLVING FUND FOR THE PERIOD JULY 1, 1952 TO JUNE 30, 1954

17 Balance as of June 30, 1952 ----- \$111,564,241

19 Estimated Amounts to Be Transferred to Revolving Fund: a

Program	1952-53	1953-54
22 Agriculture -----	\$577,331	\$259,000
23 Corrections -----	11,300,000	11,200,000
24 District Fairs -----	3,000,000	1,800,000
25 Education -----	23,639,533	12,178,291
26 Employment -----	646,473	655,300
27 Finance -----	4,032,000	1,406,290
28 Fish and Game -----	1,853,464	2,725,560
29 Highway Patrol -----	70,000	263,000
30 Mental Hygiene -----	25,975,027	23,273,400
31 Military Affairs -----	3,198,048	1,178,850
32 Motor Vehicles -----	124,385	12,150
33 Natural Resources -----	521,672	1,156,809
34 Public Health -----	571,267	-
35 State Agricultural Society -----	2,255,000	205,000
36 Veterans Affairs -----	1,680,000	1,650,000
37 Youth Authority -----	7,050,000	3,750,000
	<hr/>	<hr/>
	\$86,494,200	\$61,713,650
		<hr/>
		\$86,494,200

\$148,207,850

42 Total program for 1952-53, 1953-54 period ----- \$259,772,091

43 Estimated Cash Balance June 30, 1954:

44 Estimate of cash carry over balance representing lag between con-	
45 tracts in force and actual cash payment which may not be	
46 made until the subsequent year on a project progress or com-	
47 pletion basis -----	\$129,772,091
48 Estimated cash disbursements for 1952-53 and 1953-54 period -----	130,000,000
49 1952-53 -----	65,000,000
50 1953-54 -----	65,000,000

51 SALARIES AND WAGES: To accomplish this program the Division of Architecture employs personnel in the technical and crafts-  
 52 man classes as needed. The salaries of these employees are paid from project funds and such expenditures are reported as a portion  
 53 of the project cost. The average number of persons employed during the 1951-52 Fiscal Year was 821 and it is estimated that approxi-  
 54 mately the same number will be employed during the current and subsequent fiscal periods.

## LEGAL CITATIONS

60 The functions of the Division of Architecture are defined by Part 5, Division 3 of the Government Code and the following are the more  
 61 significant provisions:

62 Section 14100. "The State Architect has general charge, under the department, of the erection of all state buildings \* \* \*"

63 Section 14255. "Whenever provision is made by law for any project the project shall be under the sole charge and direct control of the  
 64 Department of Public Works." A project is defined by Section 14254 as any construction or improvement of any state structure  
 65 or improvement which will exceed \$2,000 in cost.

66 Section 14256. If the total cost of the project will not exceed \$20,000 the State Architect may, with the approval of the Director of  
 67 Finance, authorize the agency concerned to carry out the project directly.

68 Sections 14270 to 14275 require full and complete plans and estimates prior to entering into any contract for a project; requires work  
 69 on all projects be done under contract awarded to the lowest, responsible bidder except in the event it is found that such procedure  
 70 is not in the best interest of the State; and prohibits awarding a contract in excess of the estimate.

71 Sections 14290 to 14402 prescribe in detail the contract procedure to be followed; including advertising for bids, qualification of bidders.  
 72 award of contracts, and payment.

73 a Represents amounts of capital outlay projects set forth in the 1953-54 Budget estimated to be constructed by the Division of Architec-  
 74 ture in accordance with the requirements of the State Contract Act. The amounts exclude most equipment, minor construction proj-  
 75 ects and repair work planned to be performed under supervision of the agency. Moneys in excess of the immediate requirements o-  
 76 the division are invested, the income accruing as revenue to the General Fund.

1	Flood Control Fund of 1946:						
2	Prior Year Balance Available:						
3	Survey of flood control projects for mountainous areas of State,						
4	Chapter 30, Statutes of 1947				\$2,521	\$2,460	-
5	Balance available subsequent year				-2,460	-	-
6							
7	Total Expenditures, Flood Control Fund of 1946				\$61	\$2,460	-
8							
9	Division of Water Resources Revolving Fund:						
10	Deposits by State Agencies for:						
11	Beach protection, City of Redondo Beach				-	\$20,000	-
12	Investigation of sites and preparation of plans and specifications						
13	for fish and game dams in Tahoe National Forest				\$3,500	-	-
14	Subimpoundment to increase warm water fishing, Owens						
15	Reservoir				1,000	-	-
16	Coachella Valley reservoirs, Department of Fish and Game				4,000	-	-
17	Services to State Water Pollution Control Board				-	51,660	\$25,000
18	Preliminary plans, maintenance of level of Biscar Reservoir,						
19	Department of Fish and Game				3,000	-	-
20	Charleton Dam site investigation, Department of Fish and						
21	Game				8,000	-	-
22	Chilao Creek Dam site investigation, Department of Fish and						
23	Game				2,000	-	-
24	Sand Creek Dam site investigation, Department of Fish and						
25	Game				3,000	-	-
26	Saulter Creek Dam site investigation, Department of Fish and						
27	Game				3,000	-	-
28	Chiquito Creek Dam site investigation, Department of Fish and						
29	Game				3,500	-	-
30	Santa Margarita investigation				5,000	150,000	60,000
31	Feather River Project, State Engineer's expenses				-	800,000	750,000
32	Channel work, gold discovery site, Division of Beaches and						
33	Parks				-	40,000	-
34	Kaweah River investigation				-	20,000	20,000
35	Stream improvement structure, Navaro River, Department of						
36	Fish and Game				-	40,000	-
37	Cooperative water supply investigations				27,750	2,750	30,500
38	Anticipated additional cooperative water supply investigations					25,500	15,000
39	Storm and flood damage rehabilitation				833,600	196,500	-
40	Estimated additional flood damage projects				-	500,000	1,000,000
41	Deposits by Local Governments for:						
42	Beach protection, City of Redondo Beach				-	20,000	-
43	Construction of roads into Mission Bay State Park				13,866	-	-
44	Kaweah River investigation				-	20,000	20,000
45	Cooperative water supply investigations				12,750	2,750	30,500
46	Anticipated additional water supply investigations				-	25,500	15,000
47	Storm and flood damage rehabilitation				825,400	176,500	-
48	Estimated additional flood damage projects				-	500,000	1,000,000
49	Prior Year Balances Available:						
50	Repair, restoration, and protection of ocean beach, City of Re-						
51	dondo Beach, Los Angeles County				4,560	-	-
52	Construction of Rector Canyon Dam and appurtenances for						
53	water supply of state institutions in Napa Valley				11,221	7,614	7,000
54	Repairs to Tule Lake Dam and diversion works for Department						
55	of Fish and Game				11,380	11,380	10,000
56	Construction of works for development and improvement of						
57	Mission Bay State Park, San Diego County				88,185	48,963	-
58	Repair, restoration, and maintenance of Jenner Jetty, Sonoma						
59	County				17,540	17,366	16,866
60	Investigation of the water resources of the Santa Ana River						
61	stream system				1,423	223	-
62	Construction of stream improvement structure, Navarro River				-	-	30,000
63	Investigation and construction of harbor improvements at						
64	Morro Bay State Park				1,871	-	-
65	Investigation of sites and supervision of construction of fish and						
66	game dam, El Dorado County				12,677	5,044	2,000
67	Investigation, planning, and construction of improvements at						
68	Doheny Beach State Park				17,461	-	-
69	Raising Sutterfield Dam, Sonoma State Home				51,290	16,284	-
70	Beach protection, City of Redondo Beach				4,947	39	-
71	Preparation of plans and specifications for fish and game on						
72	Holcomb Creek, San Bernardino County				690	657	-
73	Investigation of sites, and preparation of plans and specifica-						
74	tions for fish and game dam in Tahoe National Forest				2,306	2,254	-
75	Investigation of sites, and preparation of plans and specifica-						
76	tions for fish and game dam in Stanislaus National Forest				6,913	1,709	-
77	Investigation of a structure allowing the entrance of fish, Na-						
78	varro River, Mendocino County				2,227	2,222	2,222
79	Preliminary investigations and surveys, Department of Fish						
80	and Game projects				1,896	1,507	-
81	Preparation of interim report on Oroville Project				47	-	-
82	Hearing on petition for exclusion of lands from North Kern						
83	Water Storage District				730	-	-

Department of Corrections

INMATE WELFARE FUND

The Inmate Welfare Fund is a fund in the State Treasury and constitutes a trust held by the Director of Corrections for the benefit, education, and welfare of all inmates of institutions and prisons under the jurisdiction of the Department of Corrections. Included in the fund are the net proceeds from the operation of canteens and hobby shops, the money and property of prisoners who escape and are not apprehended or who die without leaving heirs.

24					
25	GENERAL ANALYSIS				
26					
27					
28	Changes in expenditures in most institutions are related to population changes. Increases are primarily the result of increased canteen				
29	purchases for resale, two additional positions for canteen management and accounting services, establishment of a new handicraft				
30	resale store at San Quentin and nominal increases in other operating expense items.				
31	A continuing decrease in fund balance is anticipated, the balance amounting to 2.4% of the estimated expenditures for the 1953-54				
32	Fiscal Year. This decrease is attributable in part to increased inventories for expanding institutions. The present trend toward				
33	a lower fund balance is anticipated to terminate with increased population and more adequate facilities currently being established.

		51-52 (Filled)	52-53 (Auth.)	53-54 (Auth.)			
1	<b>STATE PRISON AT SAN QUENTIN</b>						
2							
3	<b>Analysis</b>						
4							
5	The increase of \$69,141 is due primarily to increases in canteen purchases for resale resulting from a larger number of inmates participating in the handicraft program and the establishment of a new handicraft resale store; increased entertainment and recreational costs resulting from price increases for repair and maintenance of radio and television sets, athletic supplies, and miscellaneous operational costs increases. These increases are offset in some degree by decreases in salaries and wages and equipment.						
6

39							
40							
41	<b>STATE PRISON AT SOLEDAD</b>						
42							
43	<b>Analysis</b>						
44							
45	The increase of \$1,716 is due primarily to a proposed new position to provide accounting services for the expanded canteen activities resulting from an increase in population that has occurred during the past year. This service would be similar to that furnished in other large institutions.						
46							
47

		51-52 (Filled)	52-53 (Auth.)	53-54 (Auth.)			
1	DEUEL VOCATIONAL INSTITUTION						
2	Analysis						
3	A portion of the increase of \$24,562 is due to a new position of canteen manager required because of the increasing population. The cost						
4	of the position is partially offset by a \$1,000 decrease in overtime. The remainder of the increase is due primarily to increases in						
5	canteen purchases for resale, increased entertainment and recreational costs, and the inclusion of accounting services rendered						
6	on a reimbursable basis by the Correctional Industries Revolving Fund.						
7	SALARIES AND WAGES						
8	Overtime -----	(0.3)	(0.3)	(0.1)	\$1,304	\$1,200	\$200

## DEPARTMENT OF EMPLOYMENT

The Department of Employment administers the state employment service and the unemployment and disability insurance systems. The department performs a minimum operation as agent for the United States Veterans Administration in administering the final phases of Title V of the Servicemen's Readjustment Act of 1944. In addition, on October 15, 1952, the department will start performing functions in connection with the Veterans Readjustment Assistance Act of 1952, which provides for unemployment allowances to veterans of the Korean War. This latter program will be administered by the U. S. Department of Labor. The department also administers, on behalf of the Department of Finance, the program of old age and survivors insurance coverage for political subdivisions within the State. The cost of administering the employment service, the unemployment insurance system and the Veterans Administration programs is financed almost entirely from federal funds. The cost of administering the disability insurance system is paid out of the Unemployment Compensation Disability Fund, which is derived from contributions by covered employees. The administrative costs of the old age and survivors insurance program are derived from the subject subdivisions by assessment.

41					

## GENERAL ANALYSIS

42					
43					
44	<i>Number of positions</i> -----	4,116.5	4,254.1	4,352.5	98.4
45					
46	The expenditures from the Unemployment Administration Fund are those financed by federal grants, the amounts being allocated by the Bureau of Employment Security of the United States Department of Labor. The amounts allocated to a particular state are dependent upon work load and the over-all amount appropriated by Congress for grants to states for employment service and unemployment insurance operations. The amount estimated for 1953-54 represents the department's estimate of probable grants based upon estimated work loads multiplied by unit times approved by the Bureau of Employment Security for 1952-53.				
47	The Department of Employment has requested the Bureau of Employment Security for 32.5 new positions for the Auditing Section-Field Offices to provide for a more adequate program. This requested increase is not reflected in this budget as it appears unlikely that the national appropriation will permit the granting of additional funds for such purposes.				
48	The disability insurance program is financed out of the Unemployment Compensation Disability Fund in the State Treasury and is subject to state control as contrasted with other activities of the Department of Employment which are financed from federal grants and therefore subject to considerable federal control. Disability insurance provides benefit payments to covered employees who are out of work because of sickness or nonindustrial injuries. The expenditures proposed for Fiscal Year 1954 are based upon estimated work load, principally expressed in the number of claims filed and benefit payments.				
49	The amount requested for support from the Department of Employment Contingent Fund is to provide for one-half of the cost of operation of the Division of Development and Stabilization of Employment. This Division works with local communities in the promotion and development of employment programs. The other half of the amount required for support of this Division is paid from federal funds.				

<sup>a</sup> Composed of savings in salaries and wages, \$57,815; operating expenses, \$16,420; and equipment, \$4,455.

<sup>b</sup> Composed of savings in salaries and wages, \$57,170.

<sup>c</sup> Expenditures are included in the over-all State Operations Budget totals. Detail is shown here as expenditures are in integral part of total employment program.

6	<b>Analysis</b>						
7							
8	The three members of the California Unemployment Insurance Appeals Board constitute the final administrative body vested by law with the responsibility of reviewing and deciding appealed matters relating to disputed unemployment insurance and disability benefit determinations and employer tax liability. The Appeals Board also exercises general administrative direction over the operations of the entire Division of Appeals, including area offices of the Division of Appeals. The Appeals Board also hears appeals from rules and regulations proposed by the director.

47	<b>Analysis</b>						
48							
49	The Division of Appeals has area referee offices in San Francisco, Sacramento, and Los Angeles. These three offices are under the supervision of the chief referee and each office is supervised by a senior referee. In each area referee office there is a staff of referees who have the responsibility in the first instance of hearing and deciding appeals from determinations relating to unemployment insurance and disability benefits, overpayment determinations, and determinations involving eligibility for benefits under the Servicemen's Readjustment Act. The referees also hold hearings on behalf of the Appeals Board in disputed employer tax liability matters.

2	DIVISION OF ADMINISTRATIVE SERVICES—Continued						
3							
4	Administrative Analysis Section						
5							
6	Analysis						
7							
8	The Administrative Analysis Section has as its primary functions the assistance of management in coordinating intersectional opera-						
9	tions and in analyzing the efficiency and effectiveness of designated operations and organizational units. These functions are carried						
10	out through coordination and development of procedural plans affecting more than one section or division; control of the system of						
11	manuals, notices, and forms; and by the making of administrative analyses and recommendations concerning department						
12	methods, procedures, organizations, and administrative practices.						
13	The section also acts as consultants to management on methods of operation, form design, manual preparation, and principles of organ						
14	ization.

76							
77	Analysis						
78							
79							
80	The Department of Employment is administered by the Director of Employment. He is appointed by the Governor, subject to the ap						
81	proval of the Senate, from the membership of the California Employment Stabilization Commission. He is appointed for an in						
82	definite term and serves at the pleasure of the Governor. He is responsible for all phases of the administration of the Californi						
83	Unemployment Insurance Act, except certain quasi-judicial and quasi-legislative functions which are the responsibilities of the Californi						
84	mission and the Appeals Board respectively. He acts as chairman of the California Employment Stabilization Commission.

## GENERAL ANALYSIS

Under a stipulation approved by the United States Supreme Court all of the revenues derived from marginal sea areas are impounded pending final determination of the litigation. Funds impounded between June 23, 1947, and September 30, 1950, are deposited in the State Treasury. Funds impounded after September 30, 1950, are deposited in the United States Treasury.

The renewals of the stipulation of August 21, 1950, provided for the reimbursement of the State for its expenses in administration and supervision of leases involving the marginal sea areas from funds impounded prior to October 1, 1950, at the rate of \$12,000 per month. This amount was increased to \$14,000 per month by the renewal stipulation approved September 24, 1951.

It is estimated that on June 30, 1954, there will be \$27,626,361 impounded in the State Treasury and \$38,686,504 impounded in the United States Treasury. A more detailed analysis of the revenue and expenditures follows.

## BOARD OF ADMINISTRATION

## STATE EMPLOYEES' RETIREMENT SYSTEM—LEGISLATORS' RETIREMENT SYSTEM

The State Employees' Retirement Fund and the Legislators' Retirement Fund are trust funds maintained by the State for accumulation of contributions from the State and employee members to be used for payment of death and retirement benefits. In addition to state employees the system is available to other public agencies under a contractual arrangement.

## TEACHERS' RETIREMENT FUNDS

LINE	FUND CONDITION	ACTUAL 1951-52	ESTIMATED 1952-53	ESTIMATED 1953-54
1				
2	The State Teachers' Retirement System is composed of approximately 130,000 active accounts. Approximately 13,000 members will			
3	receive retirement benefits during 1952-53. The present system became operative July 1, 1944.			
4	Three major funds constitute the State Teachers' Retirement System. They are the Teachers' Permanent Fund, the Retirement Fund,			
5	and the Annuity Deposit Fund.			
6	The Teachers' Permanent Fund receives its revenues from members contributions, contributions from the local school district, interest			
7	from invested surplus, and yearly appropriations by the State from the General Fund. Retirement benefits from this fund are			
8	\$600 per year.			
9	The Retirement Annuity Fund receives its revenue from members' contributions, interest from invested surplus, and yearly appro-			
10	priations by the State from the General Fund. Retirement benefits from this fund are computed on the basis of the members' total			
11	contributions. Subventions are made to local retirement systems in lieu of State Teachers' Retirement System payments.			
12	The Annuity Deposit Fund consists of members' annuity deposits made between July 1, 1935, and July 1, 1944, together with the			
13	interest earned thereon. Members who have contributed to this fund receive an annuity at the time of their retirement based			
14	upon the amount deposited by the member to the Annuity Deposit Fund.

## JUDGES' RETIREMENT SYSTEM

The Judges' Retirement Fund receives contributions from the State in the amount of 2½ percent of the salaries of justices of the Supreme Court and of the district courts of appeal, and judges of the superior courts, and municipal courts. A like amount is deducted from the salaries of the justices and judges and deposited in the fund. There are now 392 members contributing to the retirement fund.

**EXPLANATION OF SUNDRY OTHER FUNDS FOR WHICH DETAIL  
TRANSACTIONS ARE NOT REPORTED IN THE BUDGET**

*(For fund balances see Schedule 6)*

**BALLOT PAPER REVOLVING FUND:** Created to provide funds for the purchase of paper stock for printing ballots for state elections. The fund is reimbursed from the sale of the stock to the several counties.

**OLD AGE AND SURVIVORS INSURANCE REVOLVING FUND:** A revolving fund for administration of public employees and employer's contributions to old age and survivors insurance programs.

**PAY ROLL REVOLVING FUND:** A revolving fund to provide for the central pay roll system.

**TOLL BRIDGE AUTHORITY REVOLVING FUND:** The fund was created to pay necessary expenses of the Toll Bridge Authority under the direction of the Department of Public Works in building, purchasing, or acquiring toll bridges and approaches thereto. The fund is replenished as specific toll bridges are acquired and construction funds or toll revenues become available. No activity contemplated.

**INDIA BASIN SINKING FUND:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.

**SAN FRANCISCO SEAWALL SINKING FUND NO. 2:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.

**SAN FRANCISCO SEAWALL SINKING FUND NO. 3:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.

**SAN FRANCISCO SEAWALL SINKING FUND NO. 4:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.

**CALIFORNIA STATE PARK FUND OF 1927:** No further expenditure to be made from this Bond Fund.

**SAN FRANCISCO SEAWALL NO. 4 (Bond Fund):** All the authorized bonds have not been sold to date. No estimate has been made of the probable future sale of these bonds nor the construction of the projects from the proceeds of the sale.

**AGRICULTURE BUILDING FUND, DEPARTMENT OF:** Moneys are transferred from the Department of Agriculture Fund to this fund on a loan basis to provide funds for construction of a building. Rentals will be paid into the fund and will be returned to the Department of Agriculture Fund.

**MONTAGUE WATER CONSERVATION DISTRICT CONDEMNATION FUND:** There remains a balance of \$48 from a deposit of \$29,054 under court order in 1932. The district condemned land in Siskiyou County and was required to make the deposit in order to obtain possession of the land.

**PUBLIC BUILDING RECONSTRUCTION FUND:** Contains the unexpended remainder of federal funds advanced to the State for replacement and reconstruction of public buildings destroyed by earthquakes since January, 1933. The fund is reimbursed for any amounts advanced and returned to the Federal Government. There is no current activity in this fund.

**SAN FRANCISCO-OAKLAND BAY BRIDGE CONSTRUCTION FUND:** Consists of the remainder of the proceeds received from the sale of the revenue bonds sold for the building of the San Francisco-Oakland Bay Bridge.

**SCHOOL LAND FUND:** A nonexpendable endowment fund for public school purposes. Revenues consist of payment of principal and purchase price on sale of school lands. The interest received on the investment of this fund is deposited in the School Fund.

**SCHOOL LAND DEPOSIT FUND:** Consists of deposits made by applicants for purchase of school lands. Balance consists of applications not yet acted upon. There is no current activity in this fund.

**SPECIAL DEPOSIT FUND:** Accumulation of numerous trust funds deposited by state and private agencies for a specific purpose. This fund also contains unclaimed checks and deposits pending either payment to the proper persons or transfer to the General Fund. There is impounded oil royalties held pending final decision of ownership of marginal sea lands. The transactions of this fund are so numerous and so indefinite that no attempt is made to estimate the volume that will flow through the fund.

**SPECIAL DEPOSIT FUND: SAN FRANCISCO WORLD TRADE CENTER AUTHORITY ACCOUNT:** This account within the Special Deposit Fund was authorized by Chapter 1189, Statutes of 1949, for expenses incidental to the acquisition, construction, financing, promotion and operation of a world trade center in San Francisco. Funds were authorized from the San Francisco Harbor Improvement Fund, subject to repayment from the sale of revenue bonds. The Authority is cooperating with the Board of State Harbor Commissioners.

**STATE PARK CONTINGENT FUND:** Receives moneys from gifts, bequests, from municipal or county appropriations, or donations, for improvements, additions or administration of the State park system. The amounts received are disbursed in accordance with the provisions of the donations.

**SURPLUS MONEY INVESTMENT FUND:** Moneys in the various special funds which are not currently needed are declared surplus and transferred to this fund where they are available for investment. The money is returned to the special funds when needed. The interest received is shown as revenue for the General Fund, Fish and Game Preservation Fund, Motor Vehicle Fund, and Motor Vehicle Fuel Fund.

As the transactions of this fund involve the purchase and sale of securities as well as receipts of surplus moneys and disbursement of interest earned, no estimate is made of the volume of such transactions.

**TAX DEED LAND RENTAL TRUST FUND:** Receipts are derived from leases made by the State Controller covering property deeded to the State for taxes. The rentals are paid semiannually to the county in which the property is located for distribution to the taxing agencies.

**TEACHERS' RETIREMENT DISBURSEMENT FUND:** This is a fund used for the convenience of accounting for disbursements for teachers' retirement benefit payments. Moneys are transferred to this fund from the Teachers' Permanent Fund and the Teachers' Retirement Annuity Fund

**TORRENS TITLE ASSURANCE FUND:** Fund contains unexpended balance of fees and investment income of  $\frac{1}{10}$  of 1 percent of assessed value of land and improvements insured under the Torrens Title Assurance Act. An outstanding judgment against the fund exceeds the assets of the fund. There is no current activity in the fund.

**TREASURY TRUST DEPOSITS:** Provides for the State Treasurer's central banking system.

**UNCLAIMED PROPERTY FUND:** This fund accounts for all unclaimed moneys held by the State.
